Proposed Action

That the Metropolitan Council adopt the Facility Plan for the Coon Rapids Interceptor Rehabilitation, Project Number 808609, per the attached Resolution Number 2025-1.

Background

The Facility Plan recommends the following project restore the integrity, minimize wastewater spill potential, and maintain public health, safety, and welfare. Three types of improvements that will take place include cleaning the existing interceptor, rehabilitation through trenchless methods, and replacement or rehabilitation of several existing structures.

Rationale

Public Facilities Authority (PFA) loan funding eligibility requires formal adoption of the Facility Plan by resolution (attached) following a public hearing on the draft Facility Plan.

Thrive Lens Analysis

This action advances the Thrive outcome of stewardship and the Thrive principle of collaboration. Public financial resources will be invested efficiently and effectively to maintain and restore wastewater infrastructure, which protects the region's natural resources.

Funding

Project 808609 is included in the 8086 family of project in the 2025 MCES Authorized Capital Program.

Small Business Inclusion

There are no direct impacts to small businesses with the proposed action.
