Subject: Parks Acquisition Opportunity Fund Grant for Robert Piram Regional Trail, Various Easements, City of Saint Paul

MPOSC District: G – Anthony Taylor

Policy/Legal Reference: Minn. Stat. § 85.53, Subd. 3(4) and Minn. Stat. 473.315; 2040 Regional Parks Policy Plan Planning Policy – Strategy 1; Siting and Acquisition Policy – Strategy 1; and Finance Strategy – Policy 7

Staff Prepared/Presented: Deb Streets Jensen, Senior Parks Finance Planner 651-602-1554

Division/Department: Community Development / Regional Planning

Proposed Action
That the Metropolitan Council:

1. Approve a grant of up to $134,303 to the City of Saint Paul to acquire eight trail easements comprising 54,902 square feet of permanent easements at the following locations in the City of Saint Paul for the Robert Piram Regional Trail:
   a. Parcels 1 and 2: Summit LLP, 345 Plato Boulevard East – 10,562 square-feet in two parcels;
   b. Parcel 3: RBP Realty LLC, 264 Lafayette Frontage Road East – 9,302 square feet;
   c. Parcel 4: Catholic Charities, 341 Chester Street – 5,181 square feet;
   d. Parcel 5: Riverview Triangle LLC, 380 Chester Street – 15,479 square feet; and
   e. Parcels 6, 7, and 8: Eaton Street LLC, 301 Eaton Street – 14,378 square feet in three parcels.
2. Authorize the Community Development Director to execute the grant agreement and restrictive covenants on behalf of the Council;
3. Consider reimbursing the City for up to $44,767 from its share of a future Regional Parks Bonding Program; and
4. Inform the City that the Council does not under any circumstances represent or guarantee that the Council will grant future reimbursement and that expenditure of local funds never entitles a park agency to reimbursement.

Background
Regional Park Implementing Agency (Agency) and Location
The City of Saint Paul requested this grant on October 22, 2018, and a copy of the Agency’s request is attached to this item as Exhibit 1. The City’s request bundles the acquisition of eight permanent easements from five willing sellers near Holman Field for the Robert Piram Regional Trail. Figure 1, below, shows the trail alignment in red, with the easements shown in green. More detailed images are included in the attached exhibits.
**Funding sources**
The Council’s Park Acquisition Opportunity Fund (PAOF) provides resources to purchase property and easements via two state sources: the Parks and Trails Legacy Fund (PTLF) and the Environment and Natural Resources Trust Fund (ENRTF). The Council contributes further by matching every $3 in state funds with $2 in Council bonds proceeds. Between them, state and Council funds contribute up to 75% of the purchase price and eligible costs; the Regional Park Implementing Agency (Agency) contributes the remaining 25% as local match. The Council will fund this grant through PTLF and Council match.

**Acquisition details**
This easement acquisition involves eight separate parcels owned by five title holders. Please see Table 1, below, for a listing of the parcels and addresses.

Property interests are often referred to as a “bundle of rights.” For the owner of the property, these refer to:

- Right of possession – generally, the rights given the title holder of the property
- Right of control – allows the title holder to manage the use of the property
- Right of exclusion – allows the title holder to limit who may or may not enter the property
- Right of enjoyment – allows the title holder to participate in any activities they find pleasurable while on the property, within the confines of the law
• Right of disposition – protects the title holder’s right to transfer ownership, either permanently or temporarily, to another qualified party at will; this right is subject to certain exclusions, such as if there is a mortgage on the property.

These easements were all appraised using the “before and after method,” in which the appraiser calculates the difference between the value of the property before and after the title holder sells part of its ownership “bundle.”

It is the Council’s practice to award no more than 110% of a parcel’s appraised value, plus other eligible costs associated with the acquisition. This practice mirrors rules set by the Legislative Citizens Commission on Minnesota Resources (LCCMR) for Environment and Natural Resources Trust Fund grants. Because the Parks and Trails Legacy Fund does not provide guidance for premium limits, the Council follows the LCCMR guidance for consistency. This eight-parcel PAOF request includes one parcel with an agreed price of 100% of appraised value, one at 138%, two at 139%, and four at 140%.

Except for Parcel 4, the current title holders have already sold utility easements across their properties. The trail easements at those locations will directly overlay the existing utility easements. Because of the pre-existing easements, the appraisers discounted the ‘damage’ that a trail easement would cause the title holders. The appraised value for the trail easement area on Parcels 1, 2, 5, 6, and 7 were discounted by 30% because of the pre-existing utility easements; Parcel 8 was discounted by 50%.

The title holders for the discounted properties disputed the amounts of the discounts, and the City began negotiating pricing. At the time negotiations began, the City had not planned on seeking PAOF funding through the Council, and they negotiated purchase prices that are above the Council’s standard 110% premium limit. The total difference between the 110% premium limit and the negotiated purchase prices for these seven easements is $37,671. The easement on Parcel 4 was purchased at 100% of the appraised value, as there was no pre-existing easement on that property.

*This amount is 100% of the appraised value

**Rationale**

This acquisition request is consistent with:

- The 2040 Regional Parks Policy Plan
  - Planning Policy Strategy 1 requires that before an Agency can receive a grant for acquisition, the proposed project must be consistent with a Council-approved master plan. The master plan for this regional trail was last amended and approved by the Council on January 24, 2018 (Business Item 2018-2).
  - Siting and Acquisition Strategy 1 requires that lands with natural resource features, access to water, and/or restoration potential will be a priority for the Regional Parks
System. The property over which these easements will run is in a developed, industrial area, but the trail will connect to areas adjacent to water.

Finance Strategy 7 authorizes the use of PAOF as the funding mechanism for the acquisition of Regional Park lands and matches every $3 in state funds with $2 in Council bonds.

- Appropriation requirements; and
- All requirements of the Parks and Trails Legacy Fund.

This acquisition request is inconsistent with the Council’s practice of paying no more than 110% of appraised price. The City requested a grant for the full purchase price of $192,241 plus the cost of the appraisals. Because seven of these easements exceed the Council’s standard premium limit of 110% of the appraised value, staff recommends that the grant be limited to $134,303. This represents 75% of the sum of:

- The cost of the appraisals ($24,500);
- 100% of the agreed purchase price for the Parcel 4 easement, and
- 110% of the appraised value for the other seven easements.

The City would be responsible for paying its standard 25% match of the $179,070 total approved project cost plus the $37,671 in premium pricing, for a total of $82,438.

**Thrive Lens Analysis**

This request is consistent with Thrive’s Livability outcome because the Council’s investment in the Regional Trail will increase access to nature and outdoor recreation, thereby enhancing the region’s quality of life.

**Grant structure**

- State FY 2019 PTLF / PAOF: $80,581
- Council bonds: $53,722

**Grant amount not to exceed**: $134,303

- Local match: $44,767
- Premiums above 110%: $37,671

**Saint Paul’s total share of project**: $82,438

**Total project cost**: $216,741

*Future reimbursement consideration*

The Agency is also requesting that the Council consider reimbursing its local match for this acquisition at some point in the future as a part of a regular Regional Parks Bonding request. A request for “future reimbursement consideration” is the first step in a process Agencies may use to request repayment of their match amount for this acquisition in a future bonding cycle. Because the Council issues bonds to cover exactly 40% of bonding costs for a given state bonding cycle, such reimbursements are limited. The Council is under no obligation to reimburse this amount.

*Known Support / Opposition*

There is no known opposition.

Dear Mr. Mullin:

Saint Paul Parks and Recreation would like to request funding from the Parks Acquisition Opportunity Fund for permanent trail easements for the Robert Piram Regional Trail. Negotiations have been underway with willing sellers for several months. We are nearing the final stages of that process and are prepared to begin purchasing the final easements.

We additionally would like to request consideration for future reimbursement for the local share of these acquisitions. We understand that reimbursement is not guaranteed, however we would like to begin planning for that item in future CIP requests.

Thank you for your consideration of these requests. We remain available to answer any questions as we work to get into the queue for this funding source.

Sincerely,

Michael Hahm

Negotiations with property owners have concluded in 2018. We are nearing the final stages of the right-of-way acquisition process and are prepared to begin purchasing the final easements. Contrary to the signed dedication of easement documents, no payments have been made to property owners. The City was awaiting City Council approval of the easement documents to initiate payment. Parcels 1-5 have dedication of easement documents that include both permanent easement for trail purposes and easements for temporary construction purposes. The document language "to have and hold the same forever," only pertains to the permanent easement. The temporary easements will be exercised concurrent with trail construction.

We additionally would like to request consideration for future reimbursement for the local share of these acquisitions. We understand that reimbursement is not guaranteed, however we would like to begin planning for that item in future CIP requests.

Thank you for your consideration of these requests. We remain available to answer any questions as we work to get into the queue for this funding source.

Sincerely,

Michael Hahn

**Eminent domain**
If eminent domain is being used:

(1) you must upload a copy of the notice that was provided to the Council BEFORE the date the petition to the Court was filed. If that notice was not provided to the Council before the petition was filed, the acquisition is not eligible for PACO funding.

(2) Include documentation of your governing body’s authorization (on the Other Acquisition Attachments web page).

**When was the Council notified of your intention to use eminent domain?**

**Date the petition was filed.**

**Public domain**
Note that ENRTT funding cannot be used for acquisitions of property already in the public domain unless a minimum of 12 LCCMR commissioners approve the transaction. If this is a public domain acquisition and if you propose using ENRTT, be sure your closing schedule accommodates planning to be included on a future LCCMR agenda.

**Is any portion of the property currently in the public domain?**
No

**If yes, describe/name the entity and the portion of the property it owns, as well as why this public-to-public transfer is necessary.**

**Closing date**
The Council will process all acquisition requests expeditiously, but we do not guarantee that the approval process will be completed to meet your requested closing date. This date will be considered an estimate only. However, the acquisition must be completed during the standard one-year grant term unless prior approval is obtained from the Council or the grant term is amended.

**Relocation costs**
Payment of relocation costs is required by both state and federal law, unless the sealer waives those rights. Please consult with Agency attorneys to determine applicability for this acquisition. If the sealer has waived relocation rights, you must upload an executed copy of the waiver.

**Does the requested grant amount include relocation costs?**
No

The closing date has been extended.
Appraisal

The appraisal must have an effective date within one year of the date the purchase agreement is signed. The appraisal MUST list the Metropolitan Council as an intended user, and the intended use must include "negotiation and grant reimbursement."

RE: Robert Piram Tail Project Project – Acquisition of permanent and temporary easement for trail purposes.

Dear Mr. Santoorjian:

By letter dated February 15, 2018, I conveyed the City of Saint Paul’s offer to acquire a permanent and temporary easement on a westerly portion of the Eaton Street LLC property at 301 Eaton Street (Parcel ID No. 052822432004 & 082822120113) for the sum of $32,200 and I provided a copy of the City’s appraisal and advised you of the right to obtain your own appraisal at the City’s expense (up to a cost of $5,000).

Through in-person direct negotiation, further email correspondence and phone communication, I am now writing to confirm the City’s purchase price of $42,428.00. A signature to this letter represents formal written agreement.

If you have any questions concerning this matter, please contact me directly.

Respectfully,

Robert Smith

DEDICATION OF EASEMENT FOR TRAIL PURPOSES

Eaton Street LLC, as Grantor, for good and valuable consideration, to them in hand paid and the receipt of which is hereby acknowledged, does hereby grant, bargain, sell and convey to the City of Saint Paul, a municipal corporation of the State of Minnesota, its successors, and assigns, as Grantee, a permanent easement for trail purposes on, over, under and across the following tract of land being in the County of Ramsey, State of Minnesota, described as follows:

Parcel 6
A permanent easement for trail purposes over, under and across the most southwesterly 18.50 feet of Lot 1, Block 1, Riverview Industrial Park No. 8, according to the recorded plat thereof, Ramsey County, Minnesota.

Parcel 7
A permanent easement for trail purposes over, under and across the southwesterly 13.00 feet of Lot 1, Block 3, Riverview Industrial Park No. 7, according to the recorded plat thereof, Ramsey County, Minnesota.

To have and to hold the same forever. Grantee accepts the Land as is, where is and with all faults with no representations and warranties of the Grantor.

It is intended and agreed that this agreement shall be a covenant running with the land and shall be binding to the fullest extent of the law and equity for the benefit of the public. It is accepted that the Grantee has the right, privilege, and authority to construct, install, mark, inspect, operate, repair, alter, replace, reconstruct, remove, and maintain over, across, under and upon said easement on the described land. It is further intended and agreed that this agreement shall remain in effect without limitation as to time.
IN TESTIMONY WHEREOF, Grantor(s), Eaton Street LLC, a limited liability company under the laws of Minnesota, has(ve) caused this deed to be executed in its corporate name by its duly authorized officers, and attested to this 22 day of August, 2018.

Rights & Interests Appraised: Fee Simple Market Value
Zoning: I1, Light Industrial District; RC4 Urban Diversified Overlay District

Guided by the 2030 Comprehensive Plan as Industrial

Property Description: The subject property is a generally open, mostly level and contains approximately 189,521 SF, or 4.35 acres, of land area (including land underneath Highway 52, which is subject to a permanent highway easement in favor of MnDOT). The site has frontage along Eaton Street to the north, and a railroad corridor to the south.

The site is utilized as a fenced storage facility, with areas for container rentals as well as outdoor storage of vehicles. Site improvements include chain link fencing with electric security gates, outdoor lighting, a bituminous-surfaced parking lot, and crushed recycled bituminous and gravel surfacing in the storage yards. The property is also improved with two double-sided billboards located along the east and west sides of Highway 52. Additionally, a mobile home serves as the business office and U-Haul rental center. The site is irregular in shape (see plat map on page xvi), and is generally level and above street grade with Eaton Street and Highway 52.

Since the subject property is an outdoor storage facility that is located on the south side of Eaton Street and is able to operate separately from the outdoor storage facility on the north side of Eaton Street, the subject is appraised separate from the larger ownership.
