

Amendment to the 2019 Pilot Year Regional Parks System Equity Grant Program Fund Distribution Plan

2022-141

Metropolitan Parks and Open Space Commission

June 2, 2022

2019 Fund Distribution Plan Extension Rationale

- Three equity grants were awarded from the 2019 Pilot Program
- The 2019 Fund Distribution Plan stipulated a two-year grant period with a possible one-year extension
- All three projects have amended their grant agreements for the additional year
- Because of the pandemic, supply chain issues, and increased construction costs, these projects require additional time to be completed

Proposed Action

- That the Metropolitan Council amend the Regional Parks System Competitive Equity Grant Program 2019 Fund Distribution Plan to allow for an additional one-year extension for the awarded grants.
