What is ‘Operations and Maintenance?’

- Minn. Statute 473.351 requires that by July 15th of each year, the Metropolitan Parks and Open Space Commission reports to Council “the funding requests from the implementing agencies based on the actual expenditures made” in the previous year.
- The State Legislature funds a portion of the expenses necessary to run the Regional Parks System because the System draws a significant percentage of its visits from outside the Metropolitan area and the State of Minnesota.
- The law requires the Council to review the operating expenses of each agency for eligibility on an annual basis.

Operations and Maintenance Formula

State Statute provides the following distribution formula for O&M:

- 40% based on previous year's O&M expenses
- 40% based on previous year's proportionate share of total system visits
- 20% based on previous year's proportionate share of total acreage
