Public Engagement

Goals

- Work directly with the public throughout the process to ensure there is transparency and consistent communication of project information.
- Use an equity lens in amplifying the voices of communities traditionally left out of planning processes, including immigrants, people of color, LGBTQ communities, Native American communities, youth, and the elderly.
- Connect with a broad cross section of community stakeholders to provide ideas, guidance, and feedback.
- Deploy a defined communications and messaging strategy.

Recommendations

- Balance recreation with natural passive uses.
- Improve bike and pedestrian connectivity.
- Play area improvements.
- Realize the goal of connecting people and youth to the park.
- Improve wayfinding.
- Protect the bluffs and acquire more bluff land for the park.
- Identify areas for water fountains and restrooms.
- Better narrative of the site and its history.
- Preserve natural areas and strategically locate new development within developed park areas.
