Proposed Action

That the Metropolitan Council:

1. Approve a grant of up to \$431,250 to Three Rivers Park District to acquire a 1.98-acre parcel located at 16350 Dayton River Road in Dayton, MN, for the West Mississippi River Regional Trail.
2. Authorize the Community Development Director to execute the grant agreement and restrictive covenant on behalf of the Council.

Background

Regional Park Implementing Agency and Project Request

Three Rivers Park District requested a Park Acquisition Opportunity Fund (PAOF) grant on July 14, 2023, to fund the acquisition of a 1.98-acre parcel for the West Mississippi River Regional Trail. A copy of the Agency's request is attached to this item as Exhibit 2 with application details in Exhibit 3.

The West Mississippi River Regional Trail when completed will span 20 miles adjacent to or near the Mississippi River in northeast Hennepin County, connecting the communities of Dayton, Champlin, Brooklyn Park and Brooklyn Center. The regional trail is also part of the National Mississippi River Trail that spans the entire length of the Mississippi River from the headwaters at Itasca State Park to the mouth in Louisiana.

Subject Property

The subject 1.98-acre property is within the Council-approved boundary of the West Mississippi

River Regional Trail. The property contains an older home that has asbestos throughout and many broken windows. The home is not salvageable and will be removed. Half of the property remains undeveloped with mature trees and 136 linear feet of Mississippi River shoreline.

Park Acquisition Opportunity Fund (PAOF)

The Council’s Park Acquisition Opportunity Fund (PAOF) Program provides funding to purchase property and easements via two state sources: the Parks and Trails Legacy Fund (PTLF) and the Environment and Natural Resources Trust Fund (ENRTF). The Council contributes by matching every \$3 in state funds with \$2 in Council funds. The \$3 to \$2 match is required at the program level, not the individual project level.

State and Council funds contribute up to 75% of the purchase price and eligible costs; the Regional Park Implementing Agency (Agency) contributes the remaining 25% as local match.

Project Budget

The appraised value of the subject property is \$455,000, and the Seller has agreed to that amount. See Exhibit 4 for more information on the appraisal. The total project cost including legal fees, taxes, and appraisal is \$575,000, as shown in Table 1 below.

Table 1. Project Budget

Budget item	Requested amount
Purchase price	\$455,000
Appraisal, legal fees, taxes, closing costs	\$23,000
Environmental assessments, phases I and II	\$5,000
Site remediation and land stewardship	\$92,000
Total Costs	\$575,000
Grant structure	
Grant amount	\$431,250
Local match	\$143,750

Acquisition Details

This is a straightforward fee title acquisition.

Rationale

Council staff conduct the review of each PAOF request on a first-come-first-served basis under the following standards:

- the proposed acquisition complies with state statute and Council policy
- all necessary documentation for the acquisition is in place
- the appraisal is reasonable and appropriate

This acquisition is consistent with:

- The Parks and Trails Legacy Fund
- The *2040 Regional Parks Policy Plan*
 - Planning Policy Strategy 1 requires that before an Agency can receive a grant for acquisition, the proposed project must be consistent with a Council-approved long-range plan. The Council approved the West Mississippi River Regional Trail long-range plan in 2018 ([Business Item 2018-85](#)). The proposed acquisition is within the boundaries of the approved long-range plan.
 - Siting and Acquisition Strategy 1 prioritizes the acquisition of lands with natural resource features, access to water, and/or restoration potential for the Regional Parks System. The subject property is necessary to complete the West Mississippi River Regional Trail,

which will help protect the Mississippi River.

- Finance Strategy 7 authorizes the use of PAOF as the funding mechanism for the acquisition of Regional Park and Trail lands and matching every \$3 in state funds with \$2 in Council bonds.

Thrive Lens Analysis

This request is consistent with *Thrive MSP 2040's* Livability and Stewardship outcomes. The Council's investment in the West Mississippi River Regional Trail will provide additional access to nature and the outdoors and enhance quality of life.

Funding

The Council will fund the 75% share with Parks and Trails Legacy Fund and Council funds. The PAOF program has available funds in the Council's Authorized Capital Program.

Three Rivers Park District will provide a local match of \$143,750.

Background Summary

Three Rivers is pursuing acquisition of several properties along Dayton River Road in City of Dayton near Goodin Island and Goodin Park to create a river touchpoint for the future West Mississippi River Regional Trail. This regional trail is proposed to follow the Mississippi River/Dayton River Road and is also part of the National Mississippi River Trail and US Bikeway 45. The entire area is within the Mississippi National River Recreation Area (MNRRA) which the National Park Service works with partners to implement and operate. Acquisition of the property supports the long-term vision of the West Mississippi River Regional Trail corridor.

Regional Recreation Amenity

Acquisition of this parcel, as well as several others along the Mississippi River, are critical to the long-term West Mississippi River Regional Trail vision. When complete, the regional trail will span over 20 miles adjacent to, or near, the Mississippi River through northeastern Hennepin County. The regional trail connects the communities of Dayton, Champlin, Brooklyn Park and Brooklyn Center – with the confluence of the Crow/Mississippi Rivers and the Minneapolis Grand Rounds acting as bookends.

Natural Resource Summary

The property totals 1.98 acres including approximately 136 lineal feet of Mississippi River shoreline along the back half of the undeveloped portion of the property. The homestead area includes a home with attached garage, driveway, detached Quonset shed, and mowed lawn with partial tree coverage whereas the undeveloped portions of the portions of the property include smooth brome grass, mature non-native trees, river shoreline, and areas of mowed lawn.

Funding Request

Three Rivers requests FY2023 Parks and Trails Legacy Fund and Metropolitan Council acquisition funding consideration at the Council's earliest opportunity in preparation with a pending closing date of on or before February 1, 2024.

Thank you for your continued assistance through this process.
