ACTION TRANSMITTAL – 2021-50

DATE: November 5, 2021
TO: Transportation Advisory Board
FROM: Technical Advisory Committee
PREPARED BY: Joe Barbeau, Senior Planner (joe.barbeau@metc.state.mn.us)
SUBJECT: Streamlined 2022-2025 TIP amendment for MnDOT: Three Project Cost Changes
REQUESTED ACTION: MnDOT requests an amendment to the 2022-2025 TIP to adjust the funding and scope for its US 169 noise wall project (SP # 2772-121), adjust funding and termini for its I-94 maintenance project (SP # 8282-145), and increase funding for its MN 3 railroad bridge rehabilitation (SP # 6217-52).
RECOMMENDED MOTION: That the Transportation Advisory Board recommend adoption of an amendment the 2022-2025 Transportation Improvement Program adjust the funding and scope for MnDOT’s US 169 noise wall project (SP # 2772-121), adjust funding and termini for MnDOT’s I-94 maintenance project (SP # 8282-145), and increase funding for MnDOT’s MN 3 railroad bridge rehabilitation (SP # 6217-52)

BACKGROUND AND PURPOSE OF ACTION: MnDOT requests an amendment to the 2022-25 TIP to make the following changes to three projects:
1. Add transportation management system (TMS) and lighting to MnDOT’s noise wall project on US 169 in Edina. This would increase the state and local funding and increase the project length by 0.92 miles.
2. Increase the length from 6.49 miles to 10.53 miles of MnDOT’s bituminous shoulder, TMS, and drainage project on I-94 from Oakdale to Lakeland. This would increase the total cost from $4,500,000 to $9,161,000. Federal funding is from the National Highway Preservation Program (NHPP), which is not programmed by TAB.
3. Increase the cost of MnDOT’s MN 3/George St. rehabilitation of two bridges. Federal funding is Surface Transportation Block Grant (STPB) funding not programmed by TAB.

This amendment needs be reflected in the 2022-2025 TIP, which is yet to be approved. The Council will consider the amendment following federal approval of the 2022-2025 TIP.

RELATIONSHIP TO REGIONAL POLICY: Federal law requires that all TIP amendments meet the following four tests: fiscal constraint; consistency with the adopted regional transportation plan; air quality conformity; and opportunity for public input. It is the TAB’s responsibility to adopt and amend the TIP per these four requirements.

The streamlined TIP amendment process allows projects that meet certain conditions to be forgo the TAC Funding & Programming Committee review, resulting in saving a month of process time.
STAFF ANALYSIS: The TIP amendment meets fiscal constraint because the federal, state, and local funds are sufficient to fully fund the project. This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020. Public input opportunity for this amendment is provided through the TAB’s and the Council’s regular meetings. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the project is exempt from air quality conformity analysis.

COMMITTEE COMMENTS AND ACTION: At its November 3, 2021, meeting, the Technical Advisory Committee voted to recommend adoption of an amendment the 2022-2025 Transportation Improvement Program adjust the funding and scope for MnDOT’s US 169 noise wall project (SP # 2772-121), adjust funding and termini for MnDOT’s I-94 maintenance project (SP # 8282-145), and increase funding for MnDOT’s MN 3 railroad bridge rehabilitation (SP # 6217-52).

<td><strong>CHAP 3</strong>US 169, NB US169 from Valley View Rd to Bren Rd in Edina – TMS, lighting and noisewall</td>
<td>0.78 1.7</td>
</tr>
</tbody>
</table>

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).
   
   This amendment is needed to increase the total project cost and length.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
   
   - New Money
   - Anticipated Advance Construction
   - ATP or MPO or MnDOT Adjustment by deferral of other projects
   - Earmark or HPP not affecting fiscal constraint
   - Other X
   
   This is a 100% state funded project therefore, fiscal constraint is maintained.

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

**AIR QUALITY CONFORMITY:**

- Subject to conformity determination
- Exempt from regional level analysis
- N/A (not in a nonattainment or maintenance area)

*Exempt Project Category O-3. Noise attenuation per Section 93.126 of the Conformity Rules.
Please amend the 2022-2025 Transportation Improvement Program (TIP) to amend this project in program year 2022. This project is being submitted with the following information:

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment is needed to increase the total project cost and length.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
   - New Money
   - Anticipated Advance Construction
   - ATP or MPO or MnDOT Adjustment by deferral of other projects
   - Earmark or HPP not affecting fiscal constraint

The additional federal funds are coming from the main project SP 8282-132. Therefore, fiscal constraint is maintained. (A TIP/STIP modification will be processed for the reduction in SP 8282-132)

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

**AIR QUALITY CONFORMITY:**

- Subject to conformity determination
- Exempt from regional level analysis *
- N/A (not in a nonattainment or maintenance area)

*Exempt Project Category S-19. Widening narrow pavements or reconstructing bridges (no additional travel lanes) per Section 93.126 of the Conformity Rules.
Please amend the 2022-2025 Transportation Improvement Program (TIP) to amend this project in program year 2022. This project is being submitted with the following information:

**PROJECT IDENTIFICATION:**

</tr>
</tbody>
</table>

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment is needed to increase the total project cost. The scope remains the same.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
   - New Money
   - Anticipated Advance Construction
   - ATP or MPO or MnDOT Adjustment by deferral of other projects
   - Earmark or HPP not affecting fiscal constraint
   - Other X

The additional federal funds are coming from MnDOT under programming FY22 federal target by $31M. Therefore, fiscal constraint is maintained.

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

**AIR QUALITY CONFORMITY:**

- Subject to conformity determination
- Exempt from regional level analysis
- N/A (not in a nonattainment or maintenance area)

*Exempt Project Category S-19. Widening narrow pavements or reconstructing bridges (no additional travel lanes) per Section 93.126 of the Conformity Rules.
