**Date:** August 10, 2022

## Action Transmittal: 2022-29

Public Comment Report and Recommend Adoption of the 2023-2026 TIP

**To:** Transportation Advisory Board  
**From:** Technical Advisory Committee  
**Prepared By:** Joe Barbeau, Senior Planner, phone 651-602-1705

### Requested Action

The Metropolitan Council requests that the Transportation Advisory Board (TAB) recommend adoption of the draft 2023-2026 Transportation Improvement Program (TIP).

### Recommended Motion

That the Transportation Advisory Board Council adoption of the draft 2023-2026 Transportation Improvement Program (TIP).

### Summary

The draft 2023-2026 Transportation Improvement Program was released for public comment on May 18, 2022. 30 comments were received and are summarized below. Technical changes are recommended to the draft in response to comments received from MnDOT and Hennepin County. The TAB is being asked to recommend that the Council adopt the final TIP and forward it to MnDOT, FHWA, and FTA for approval.

### Background and Purpose of Action

Federal regulations require that a Transportation Improvement Program (TIP) be developed at least every four years. The Metropolitan Council revises its TIP every year in conjunction with the Minnesota Department of Transportation's State Transportation Improvement Program (STIP). The final 2023-2026 TIP is attached.

Public comments were collected over a 45-day public comment period that started on May 22, 2022, and ended on July 5, 2022. The 2022 TIP Public Comment Report, including responses to comments received, is attached.

### Relationship to Regional Policy

Federal law requires that all transportation projects that will be partially- or fully funded with federal funds must be in an approved Transportation Improvement Program and meet the following four tests: fiscal constraint; consistency with the adopted regional transportation plan; air quality conformity; and opportunity for public input. It is the Metropolitan Council's responsibility to adopt and amend the TIP according to these four requirements.

James Hovland, Chair  
Transportation Advisory Board  
Metropolitan Council  
390 North Robert Street  
Saint Paul, MN 55101

Dear Mr. Hovland:

The Minnesota Department of Transportation (MnDOT) – Metro District has worked closely with the Metropolitan Council, the Transportation Advisory Board (TAB), and its Technical Advisory Committee (TAC) to develop the 2023-2026 Transportation Improvement Program (TIP) for the Minneapolis/St. Paul metropolitan transportation planning area.

After submittal of the draft 2023-2026 TIP, some changes have occurred to the list of MnDOT and federally funded local agency projects. These changes are the result of financial balancing within the TIP years, program adjustments to accommodate project additions or deletions, as well as the opportunity to accelerate and enhance some projects. We have also worked with the Metropolitan Council and local project sponsors to make needed corrections to project information.

The attached table identifies changes due to project deferrals, deletions, or advancement as well as new projects added since the draft TIP was prepared. These proposed changes do not affect the air quality conformity analysis of the TIP.

Thank you for the opportunity to comment.

Sincerely,

Molly McCartney  
Metro District Program Management Director
