TAC REPORT
TAC Bylaws Revised

DATE: February 3, 2022
TO: Transportation Advisory Board
FROM: Technical Advisory Committee
SUBJECT: Revision of TAC Bylaws

SUMMARY: An update to the TAC Bylaws was undertaken primarily to incorporate technical working groups. Along with this, TAC made several other changes, including adding two members, reducing the term lengths for TAC and standing committee chairs from three years to two, and clarifying opportunity for public input at meetings. Both the tracked (pages 3-12) and final (pages 13-21) are attached.

BACKGROUND AND PURPOSE OF ACTION: The bylaws update was started as an effort to formalize the role of technical working groups. Article V, Part D (pages 10-11 and 20-21) enables a more direct relationship between TAC and specialized working groups that will provide recommendations on matters that require technical expertise that is requested by TAC and/or not adequately or comprehensively represented on TAC or its standing committees. While reviewing the bylaws, the TAC Executive Committee addressed several other pieces. These are summarized below.

I. Article I: Name and Purpose (Pages 4 and 14)
   • Part B. Update and clarification of the TAC’s purpose.

II. Article II: Membership of the TAC (Pages 5-6 and 15-16)
   • Part A. Change TAC from 32 to 34 members:
     o Split “non-motorized” member into “bicycle” member and “pedestrian” member, adding one member total. This part also tasks the Bicycle/Pedestrian Planning Technical Working Group with recommending these members for approval by the TAC Executive Committee.
     o Addition of Minnesota Department of Natural Resources (DNR) member.

III. Article III: Officers of the TAC (Pages 5-6 and 15-16)
   • Part A. Change of chairperson terms from three years to two years. This is meant to create interest in serving in chair roles. Due to more frequent turnover, chairperson can now serve multiple terms but not consecutively (current language allows for only one term altogether).

IV. Article IV: Meetings of the TAC (Pages 6-8 and 16-18)
   • Parts E and F: Changes to better show an opportunity for public input into committee business. In Part F, addition of an agenda item to call for public comment on committee business is meant to provide a clear option for those with comments on action items. When a non-member has a comment, the
chair can use discretion on whether to take the comment at that time or defer it to the appropriate action item.

V. Article V: Committees (Pages 8-12 and 18-21)

- Part C. Establishment of vice chairs for the Funding & Programming and Planning Committees.
- Part C. Clarification of how to assign new members to standing committees, when needed.
- Part C. #1 and #2 show several updated objectives added to the Funding & Programming (F&P) and Planning Committees. These include:
  - Evaluate the Regional Solicitation (F&P)
  - Make HSIP funding recommendations (F&P)
  - Assist in development, review, and recommendation of performance measures (Planning)
  - Review and provide input on planning studies (Planning)
- Part D. Mostly new language on technical working groups. Membership, process, and purpose of the groups are addressed.

VI. Article VI: Amendment (Pages 12 and 21)

(No changes)

RELATIONSHIP TO REGIONAL POLICY: Article VI of the Technical Committee Bylaws prescribes the process for amendment. A motion must pass with a two-thirds majority to be approved. The TAB bylaws explain the TAC’s purpose, membership composition, election of officers, structure and schedule of meetings, conduct of business, and standing committee responsibilities and structure.

COMMITTEE COMMENTS AND ACTION: The TAC Planning and TAC Funding & Planning Committees reviewed the proposed changes as an information item at their January 13, 2022, and January 20, 2022, meetings, respectively. While no action was intended to be taken, a comment at the Planning Committee cautioned that increasing membership could lead to a difficult-to-manage membership size. This comment was repeated at the Funding & Programming Committee along with concerns about the diminishing proportion of local agencies vote relative to the entire committee. At its February 2, 2022, meeting, the Technical Advisory Committee unanimously approved the updated TAC bylaws.

D. Technical Working Groups

The TAC may establish standing technical working groups and develop their charge subject to approval by the Executive Committee. Activities shall be reported to the TAC or its standing committees at regular meetings and the results are subject to approval by the TAC membership. The membership, purpose statement, and any specific advisory roles (e.g., input on action items) of each technical working group shall be approved by the TAC Executive Committee. The primary function of the technical working groups shall be to provide recommendations to the TAC or TAC standing committees when they consider matters that require specialized technical expertise that is requested by TAC and/or not adequately or comprehensively represented on TAC or its standing committees. These working groups are not expected to take formal actions or votes; rather they shall provide qualitative advisory feedback to the TAC or its standing committees at their discretion. These working groups do not necessarily replace the role of project- or study-specific technical groups that have a narrow scope and time-limited focus.

The following are specific technical working groups:
- Bicycle and Pedestrian Planning
- Transit Planning

The membership of the technical working groups will be specific to the expertise needed, but should at least include county and city governments, Met Council, TAB Coordinator, and agency-specific staff (e.g., MnDOT or transit providers). TAC will approve a membership list when any group is formed. The technical working groups shall self-select a chair and vice chair, subject to approval from the TAC Executive Committee, to report activities to TAC and its standing committees. Additional technical working groups may be formed in the future but should follow the requirements listed in here.

E. TAC Membership on MnDOT’s Capital Improvements Committee (CIC)

Eight representatives from the TAC or its standing committees, a Metropolitan Council representative, and the TAB Coordinator, shall be appointed by the TAC Chair to the MnDOT Metro District Capital Improvements Committee. TAC’s CIC membership should include the TAC Chair, the Funding and Programming Committee Chair, and the Planning Committee chair. TAC’s CIC membership should strive to achieve geographic balance through the appointment of city and county representatives. CIC Meetings are open to agencies and regional partners.

F. Voting

Only established members, or alternates, of a given committee may vote on matters or introduce or second a motion before that group. Technical working groups are not expected to vote on items but may consider providing options as advisory comments to TAC or its standing committees, if consensus is not reached.

In situations when a TAC Standing Committee meeting has been canceled but an item requires TAC Committee action, the Committee Chair may offer the members the opportunity to vote electronically. The electronic votes must be received from a quorum of the members for the vote to be valid. The TAC Standing Committee Secretary will record the electronic vote and forward the action to the TAC, if necessary. The results of the electronic vote, the action transmittal and all appropriate materials pertaining to the item will be sent to the TAC Standing Committee members and posted on the website. The item will be on the TAC Standing Committee agenda the following month for information.

ARTICLE VI: AMENDMENT

These bylaws may be amended by a two-thirds vote of the TAC members present, provided that written notice setting forth in detail the content of the proposed amendment(s) has been given to the TAC at the preceding regular TAC meeting. Upon adoption by the TAC, these bylaws and any amendments thereto shall be forwarded to the TAB for its information.
