## **ACTION TRANSMITTAL 2014-51**

**DATE:** July 21, 2014

TO: TAC

FROM: TAC-Planning Committee

PREPARED BY: Bob Paddock / Heidi Schallberg, MTS Staff

- **SUBJECT:** Roadway Functional Classification Map for the Seven-County Twin Cities Region
- **REQUESTED**Recommend adoption of the Roadway Functional Classification**ACTION:**Map for the Seven-County Region
- **RECOMMENDED** That the Transportation Advisory Board adopt the Roadway **MOTION:** Functional Classification Map for the Seven-County Twin Cities Region.

**BACKGROUND AND PURPOSE OF ACTION**: The regional solicitation process is conducted biennially to allocate federal transportation funds from three programs: Surface Transportation Program (STP), Congestion Mitigation Air Quality Program (CMAQ), and Transportation Alternatives Program (TAP). Federal rules allow recipients of these funds to focus or target them to meet defined regional needs. Roadway improvement projects must be on roadways functionally classified as "A" Minor Arterials or Non-Freeway Principal Arterials to be eligible for federal funds in the regional solicitation.

The TAC has approved a number of roadway functional classification changes since the 2011 regional solicitation, and these changes have been recorded in the official map. The TAB will adopt the roadway functional classification amp to provide an official map for applicants and project reviewers to use as a resource in determining project eligibility in the next regional solicitation.

The map will be made available on the Metropolitan Council's website and will be referenced in the next regional solicitation package, which is scheduled to be released in the Fall 2014.

**COMMITTEE COMMENTS AND ACTION:** TAC-Planning recommended approval.

ТО	ACTION REQUESTED	DATE COMPLETED
TAC Planning Committee	Review & Recommend	July 10, 2014
Technical Advisory Committee	Review & Recommend	
Transportation Advisory Board	Review and Adopt	

ROUTING

## Functional Classification Changes Made to the Regional TAB-Adopted Map since 2011
