

ACTION TRANSMITTAL No. 2015-47

DATE: November 24, 2015

TO: Technical Advisory Committee

FROM: TAC Funding and Programming Committee

PREPARED BY: Joe Barbeau, Senior Planner (651-602-1705)

SUBJECT: 2016-2019 TIP Amendment for Hennepin County: Defederalization

REQUESTED ACTION: Hennepin County requests an amendment to the 2016-2019 Transportation Improvement Program (TIP) to move \$1,792,000 in STP funds from its Godfrey Bride Replacement (SP# 027-646-007) to its CSAH 53 Reconstruction (SP# 027-653-021) in exchange for local funds.

RECOMMENDED MOTION: Recommend that the Transportation Advisory Board adopt the amendment into the 2016-2019 TIP to move \$1,792,000 in STP funds from the Godfrey Bride Replacement (SP# 027-646-007) to its CSAH 53 Reconstruction (SP# 027-653-021) in exchange for local funds.

BACKGROUND AND PURPOSE OF ACTION: Hennepin County wishes to re-allocate its federal Surface Transportation Program (STP) funding from the Godfrey Bridge replacement (SP# 027-646-007) to its CSAH 53 reconstruction (SP# 027-653-021) in exchange for local funds. This transfer of \$1,792,000 leaves the former with no federal funds and increases the proportion of federal funds in the latter from 19.6% to 24.0%, which is well below the STP program limit of 80%.

RELATIONSHIP TO REGIONAL POLICY: Federal law requires that all transportation projects that will be funded with federal funds must be in an approved TIP and meet the following four tests: fiscal constraint; consistency with the adopted regional transportation plan; air quality conformity; and opportunity for public input. It is the TAB's responsibility to adopt and amend the TIP according to these four requirements. This action would change the federal and local funding amounts for the CSAH 53 reconstruction and remove the Godfrey Bridge project from the TIP, as it would be without federal funds.

STAFF ANALYSIS: The TIP amendment meets fiscal constraint because the federal and local funds are sufficient to fully fund the project. This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on January 14, 2015 with FHWA/FTA conformity determination established on March 13, 2015. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the project is exempt from air quality conformity analysis. Public input opportunities for this amendment are provided through the TAB's and Council's regular meetings.

COMMITTEE COMMENTS AND ACTION: At its November 19, 2015, meeting, the TAC Funding and Programming Committee unanimously recommended approval of this TIP amendment.

Please amend the 2016-2019 Transportation Improvement Program (TIP) to adjust the funding sources for the below two projects:

PROJECT 2 IDENTIFICATION:

RD	Grade and Surface	STP	\$40,000,000	\$7,840,000	-	-	-	\$32,160,000
				\$9,632,000				\$30,368,000

PROJECT BACKGROUND:

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

An amendment is needed to adjust the federal funding for these two projects. Project 1 will be funded entirely with local funds. Project 2 will use the FHWA funds from Project 1 and use less local funding. The scopes of these projects are not changing.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
 - New Money
 - Anticipated Advance Construction
 - ATP or MPO or MnDOT Adjustment by deferral of other projects
 - Earmark or HPP not affecting fiscal constraint
 - Other X

Cumulative federal and local funds are not changing for these two projects. The \$1,792,000 in federal funding from Project 1 will be eliminated and the local funding will be increased by \$1,792,000. The federal funding for Project 2 will be increased by \$1,792,000 and the local funding will be reduced by \$1,792,000. These federal and local funds are sufficient to fully fund the projects; therefore, fiscal constraint is maintained. Because it will be devoid of federal funds, Project 1 will no longer be included in the TIP.

CONSISTENCY WITH MPO LONG RANGE PLAN:

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on January 14, 2015 with FHWA/FTA conformity determination established on March 13, 2015.

AIR QUALITY CONFORMITY:

- Subject to conformity determination
- Exempt from regional level analysis X
- N/A (not in a nonattainment or maintenance area)

Project 2 (SP 027-653-021) is subject to conformity determination - A20.

Because this is an exchange of funds involving no change to the projects, no conformity determination is needed.
