

TAB Federal Funds Management Process

Regionally selected projects (i.e. those projects selected by TAB through the regional solicitation process) in the Twin Cities TIP can be advanced or deferred based on TAB policy, project deliverability and funding availability, provided fiscal balance is maintained. The process assumes some projects will be deferred, withdrawn, or advanced. This process establishes policy and priority in assigning alternative uses for federal transportation funds when TAB-selected projects in the TIP are deferred, withdrawn, or advanced. This process also addresses the distribution of the limited amount of federal funds available to the region at the end of the fiscal year, known as “August Redistribution.” This process does **not** address how to distribute new federal dollars available through larger, specific programs (i.e., ARRA). TAB will make separate decisions specific to those kinds of programs and timing.

Current Program Year Funds

For funding that is available due to project deferrals or withdrawals, the funds shall be reallocated as shown in the below priority order. When there is insufficient time to go through the TAB committee process, TAB authorizes staff (Minnesota Department of Transportation (MnDOT) Metro District State Aid or Metropolitan Council Grants Department, as appropriate), working with the TAB Coordinator, to reallocate funds to projects that have been selected through the regional solicitation per the below priorities on TAB’s behalf.

Reallocation priorities for available funding programmed for the current fiscal year:

1. Regionally selected projects in the same mode slated for advanced construction/advanced construction authority (AC/ACA)¹ payback that have already advanced because sponsors were able to complete them sooner. If more than one project is slated for AC/ACA payback, the projects using the smallest amount of federal funding will be funded first. Partial AC/ACA payback can be paid on a project up to available levels of funds.
2. Projects in the same mode slated for AC/ACA payback that have been moved due to previous deferrals. If more than one project is slated for AC/ACA payback, the projects using the smallest amount of federal funding will be funded first. Partial AC/ACA payback can be paid on a project up to available levels of funds.
3. Regionally selected projects in the same mode that are able to be advanced.
4. Pro-rate remaining federal funds to regional solicitation current program year projects in the same mode in the original program year up to the federally allowed maximum.
5. Select a regionally-selected project(s) from another mode to pay back or advance using steps 1-4 above. Should this action be used, TAB shall consider the amount when addressing modal distribution in programming the next regional solicitation.

Future Program Year Funds

While history shows that most deferrals and withdrawals will be in the current program year, even current year withdrawals can affect future year funding by advancing a project from a future year into the current year. For future-year funds, the TAB Coordinator will work with MnDOT Metro State Aid and/or Metro Transit Grants staff, Metropolitan Council staff and

¹ Note: Advanced construction (AC) is used for Federal Highway Administration-funded projects. Federal Transit Administration-funded projects use advanced construction authority (ACA).

project sponsors to provide a set of options to be considered by the TAC Funding & Programming Committee, TAC, and TAB.

The first priority for use of future-year funds will be to include the funds in a future TAB solicitation process if at all possible. When not possible, TAB should first consider items 1-3 and 5 from the above list. It can also consider other options such as selecting an unfunded project from the most recent regional solicitation² that could be delivered within the required timeframe. Other options could include setting up a special solicitation, depending on the amount of funds and time available, or other measures as TAB deems appropriate to address unique opportunities. TAB will consider the established “Guiding Principles” in making its decisions.

² Note that projects must be selected prior to December 1 of the program year.
