

ACTION TRANSMITTAL No. 2016-53

DATE: October 21, 2016

TO: Technical Advisory Committee

FROM: TAC Funding and Programming Committee

PREPARED BY: Joe Barbeau, Senior Planner (651-602-1705)

SUBJECT: 2017-2020 TIP Amendment: Three Rivers Park District Regional Trail System Ramps

REQUESTED ACTION: The Three Rivers Park District requests an amendment to the 2017-2020 TIP to reduce the scope of its Regional Trail System Ramps Project (SP # 091-090-081).

RECOMMENDED MOTION: That the Technical Advisory Committee recommend to TAB adoption of an amendment into the 2017-2020 TIP to reduce the scope of the Three Rivers Park District's Regional Trail System Ramps Project (SP # 091-090-081).

BACKGROUND AND PURPOSE OF ACTION: This TIP amendment is needed due to a change in scope and cost. The project is programmed for state fiscal year 2017. This amendment would remove the Edina phase of the six-phase project and may, depending on the recommendation on the scope change, reduce funding.

RELATIONSHIP TO REGIONAL POLICY: Federal law requires that all transportation projects that will be funded with federal funds must be in an approved TIP and meet the following four tests: fiscal constraint; consistency with the adopted regional transportation plan; air quality conformity; and opportunity for public input. It is the TAB's responsibility to adopt and amend the TIP according to these four requirements.

STAFF ANALYSIS: The TIP amendment meets fiscal constraint because the federal and local funds are sufficient to fully fund the project. This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on January 14, 2015, with FHWA/FTA conformity determination established on March 13, 2015. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the project is exempt from air quality conformity analysis. The analysis has resulted in a conformity determination that the projects included in the 2017-2020 TIP meet all relevant regional emissions analysis and budget tests. The 2017-2020 TIP conforms to the relevant sections of the Federal Conformity Rule and to the applicable sections of Minnesota State Implementation Plan for air quality. Public input opportunities for this amendment are provided through the TAB's and Council's regular meetings.

COMMITTEE COMMENTS AND ACTION: At its October 20, 2016 meeting, the Funding & Programming Committee unanimously recommended approval of this TIP amendment request.

PROJECT BACKGROUND:

1. Briefly describe why amendment is needed (e.g., project in previous STIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This TIP amendment is required due to the removal of a project element: the ramp on Oaklawn Avenue connecting to Nine Mile Creek Regional Trail in Edina and to reflect a reduction in federal funding based on that removal.

2. How is fiscal constraint maintained as required by 23 CFR 450.216 (check all that apply)?

- New Money
- Anticipated Advance Construction
- ATP or MPO or MnDOT Adjustment by deferral of other projects
- Earmark or HPP not affecting fiscal constraint

- Other

No additional cost is needed for this proposed TIP amendment.

CONSISTENCY WITH MPO LONG RANGE PLAN:

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on January 14, 2015, with FHWA/FTA conformity determination established on March 13, 2015.

AIR QUALITY CONFORMITY:

- Subject to conformity determination
- Exempt from regional level analysis
- N/A (not in a nonattainment or maintenance area)
