

ACTION TRANSMITTAL – 2019-64

DATE: November 27, 2019
TO: Technical Advisory Committee
FROM: TAC Planning Committee
PREPARED BY: Russell Owen (651) 602-1724
SUBJECT: Review of Metropolitan Airports Commission 2020-2026 CIP Capital Improvement Program (CIP)
REQUESTED ACTION: MAC requests that the Metropolitan Council review the 2020-2026 MAC CIP as required by MN Statutes 473.181 and 473.621
RECOMMENDED MOTION: Recommend acceptance of the staff analysis of the MAC 2020-2026 Capital Improvement Program (CIP) and forward these comments to the Metropolitan Council for its consideration.

BACKGROUND AND PURPOSE OF ACTION: The MAC annually prepares a CIP for projects at MSP International Airport and their six General Aviation reliever airports. Under state statutes 473.181 and 473.621 the Council must:

- Determine adequacy of public participation in the CIP process,
- Approve CIP projects meeting certain dollar thresholds, \$5 Million at MSP and \$2 Million at all reliever airports and “significant effects” criteria (referenced in Table 4, A-H),
- Review and comment on all projects for consistency with the Transportation Policy Plan (TPP), including planning and environmental concerns.

In order to allow letting of projects early enough for construction to start in the spring, the Council has agreed to utilize the draft CIP document released in September to expedite the review. The MAC will take action on December 16th to adopt the final 2020-2026 CIP; any changes from the draft will be incorporated into the 2020 CIP review report that goes forward to the Met Council in January. Any changes identified after the MAC Commission action will be reported to TAB. Any comments provided by TAC/TAB will be included for consideration with the final review report submitted by staff for Council action. MAC staff has reported that there might be a few projects that will be moving in the final draft between 2020 and the out years. If any projects shift, they will be reported to TAC/TAB.

RELATIONSHIP TO REGIONAL POLICY: The Metropolitan Council is required by state law to annually review the MAC CIP to ensure consistency of proposed projects with regional plans. Although state law doesn’t require TAC/TAB to review the MAC CIP, staff traditionally has sought TAC/TAB comments in the review process.

STAFF ANALYSIS: Analysis confirms that an Assessment of Environmental Effects (AOEE) has been prepared for 2020 projects with potential environmental effects, and MAC has in place an adequate public participation process for development and review of its AOEE and CIP. MAC held a public hearing on the AOEE on November 4th, at 10:30 AM at the Planning, Development and Environment Committee meeting at the MSP Conference Room.

The following 2020 projects meet the dollar threshold levels but do not meet the other “significant effects” criteria to trigger project approval:

- MSP – Terminal 1, TSA Design and Construction for new Technology – \$12M
- MSP – Terminal 1, IT Miscellaneous Modifications – \$5.5M
- MSP – Terminal 1, Baggage Claim/Ticket Lobby Improvements - \$ 85.5M
- MSP – Terminal 1, Emergency Management Center Roof Replacement - \$8.3M
- MSP – Terminal 1, Safety/Ops Center - \$77.5M
- MSP – Terminal 1, Concourse G Infill/Delta Sky Club \$70.5M
- MSP – Airfield, Taxiway D Pavement Reconstruction \$15M
- MSP – Noise Mitigation - \$10.3M
- MIC – Runway 14R/32L Taxiway Modifications - \$5M
- 21D – Runway 14R/32 Runway Replacement - \$2M
- 21D – Runway 14R/32 Airfield Modifications - \$3M

Federal, state and MAC funding has been identified by the MAC for most projects in the 2020 CIP.

All projects in the 2020 CIP appear consistent with the Transportation Policy Plan (TPP). Many of the 2020 MSP projects were evaluated in the 2020 EA for MSP that received a Finding of No Significant Impact (FONSI) in March of 2013 from the Federal Aviation Administration. Initial analysis of the future years (2021-2026) of the CIP shows that many projects will meet the dollar threshold of review but do not appear to meet the significant effects criteria. These projects will be re-evaluated on an annual basis.

The runway replacement project at Crystal Airport (MIC) and Lake Elmo Airport (21D) are projects that meets the financial threshold and significant effects criteria to where the Met Council will need to approve the project. The Lake Elmo Airport project was reviewed and approved by the Metropolitan Council last year, therefore it does not need to be approved this year. The updated long-term comprehensive plan for Crystal Airport proposes decommissioning a runway and reconstruct it as a parallel taxiway. This project will “right size” the airport infrastructure. The FAA issued a Finding of No Significant Impact (FONSI) on July 31, 2019. The project is consistent with the TPP.

COMMITTEE COMMENTS AND ACTION: At its November 14, 2019, meeting, the TAC Planning Committee voted unanimously to recommend acceptance of staff analysis of the MAC 2020-2026 Capital Improvement Program and forward these comments for further consideration.

MAC 2020 – 2026 CAPITAL IMPROVEMENT PROGRAM

The MAC 2020 – 2026 Capital Improvement Program material included in this memorandum reflects the actions of the Commission's PD&E Committee on Sep. 3, 2019. Final action by the Commission is expected at their December 16, 2019, meeting. Any changes made on December 2nd PDE Committee Meeting that may affect the CIP review would be reported at the December 18th Transportation Advisory Board.

The overall review schedule for the CIP is listed below. Materials for the TAC - Planning review are included in the following summaries:

- **MAC 2020 CIP Public Review Schedule**
(See Attachment 1)

- **2020 Projects Requiring an Assessment of Environmental Effects (AOEE)**
(See Attachment 2)
No projects meet criteria for environmental review.

- **Projects Meeting \$5M and \$2M Thresholds 2020-2026**
(See Attachment 3)
A number of projects potentially meet the threshold dollar levels.

- **Projects Meeting Statutory Review Criteria & Requiring Approval**
(See Attachment 4)
One project meets the criteria and requires approval from the Met Council. The project is the Crystal Runway project. A few projects other projects in 2020 meet the dollar threshold levels, but do not meet the criteria requiring project "approval".
