# ACTION TRANSMITTAL No. 2021-57

| DATE:                  | November 24, 2021   |
|------------------------|---|
| TO:                    | Technical Advisory Committee  |
| PREPARED BY:           | Joe Barbeau, Senior Planner (651-602-1705)  |
| SUBJECT:               | Streamlined 2022-2025 TIP amendment for Woodbury: HSIP Project Expansion  |
| REQUESTED<br>ACTION:   | Woodbury requests an amendment to 2022-2025 TIP to extend the length of its Lake Road 4-lane-to-3-lane conversion and add mill and overlay, signals, and ADA improvements (SP # 192-108-028).   |
| RECOMMENDED<br>MOTION: | That the Technical Advisory Committee recommend that the<br>Transportation Advisory Board recommend adoption of an<br>amendment to the 2022-2025 TIP to extend the length of<br>Woodbury's Lake Road 4-lane-to-3-lane conversion and add mill<br>and overlay, signals, and ADA improvements (SP # 192-108-028). |

**BACKGROUND AND PURPOSE OF ACTION:** This request is to expand the project footprint and increase the project cost in adding adjacent locally funded mill and overlay, signals, and ADA improvements to the contract.

This project was funded through the Highway Safety Improvement Program (HSIP) Solicitation. The elements of that project will remain intact while additional elements added to the contract will not be eligible for the awarded HSIP funds. The purpose of adding this local work to the project is to create efficiency in letting the projects together.

Woodbury requested the addition of this new work to the project contract. Council staff and MnDOT determined that the request could be approved as an informal scope change.

**RELATIONSHIP TO REGIONAL POLICY:** Federal law requires that all TIP amendments meet the following four tests: fiscal constraint; consistency with the adopted regional transportation plan; air quality conformity; and opportunity for public input. It is the TAB's responsibility to recommend TIP amendments to the Council for adoption, provided these four requirements are met.

The streamlined TIP amendment process allows projects that meet certain conditions to be streamlined, which entails forgoing the TAC Funding & Programming Committee review and results in saving a month of process time.

**STAFF ANALYSIS:** The TIP amendment meets fiscal constraint because the state funds are sufficient to fully fund the project. This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020. Public input opportunity for this amendment is provided through the TAB's and the Council's regular meetings. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the project is exempt from air quality conformity analysis.

| <u>2.5</u>     |      |                   |            | <u>2,100,000</u>     |           | <u>480,000</u>      |

# **PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment is needed to revise the termini and project cost due to an Administrative Scope Change to add an adjacent locally funded mill and overlay project to the contract.

- 2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
  - New Money
  - Anticipated Advance Construction
  - ATP or MPO or MnDOT Adjustment by deferral of other projects
  - Earmark or HPP not affecting fiscal constraint
  - Other

No additional federal funds are being added to the project, therefore fiscal constraint is maintained.

Х

# CONSISTENCY WITH MPO LONG RANGE PLAN:

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

### **AIR QUALITY CONFORMITY:**

- Subject to conformity determination
- Exempt from regional level analysis
- N/A (not in a nonattainment or maintenance area)

\* The project is coded A-30; Regionally significant but is exempt from air quality review, as additional work does not create new, or impact existing, regionally significant project elements.

# ADMINISTRATIVE SCOPE CHANGE REQUEST FORM

SP # 192-108-028

Regional Solicitation Year: 2020

Funding Application ID # R26

Current Fiscal Year: 2022

Current STIP Description: \*\*AC\*\* LAKE RD, WOODLANE DR TO PIONEER DR IN WOODBURY -CONVERT 4-LANE SECTION TO 3-LANE SECTION (PAYBACK IN FY 2024)

STIP Federal Funding: \$1,620,000

STIP Total Cost: \$1,944,000

To be filled out by Project Sponsor

Proposed New STIP Description: \*\*AC\*\* LAKE RD, COURTLY RD TO PIONEER DR IN WOODBURY -CONVERT 4-LANE SECTION TO 3-LANE SECTION, MILL AND OVERLAY, ADA (PAYBACK IN FY 2024)

Federal Funding: \$1,620,000

New Total Cost:

Short write up with reason for scope change (i.e.; contractor coordination, better bids, etc.):

Intersection improvements at Lake Road and Courtly Avenue including improvements to pedestrian ramps, signals, and full pavement replacement. Drain tile added on north side of Lake Rd east of Courtly Ave due to drainage issue. Mill and overlay on Lake Road from east of Courtly Rd to Tahoe Rd. Curb improvements on north side of Lake Rd at Jordan Dr, Cornelia Tr, and Lake Terrace W for future trail project. Reason for adding work is due to pavement condition, safety issues, and future trail project.

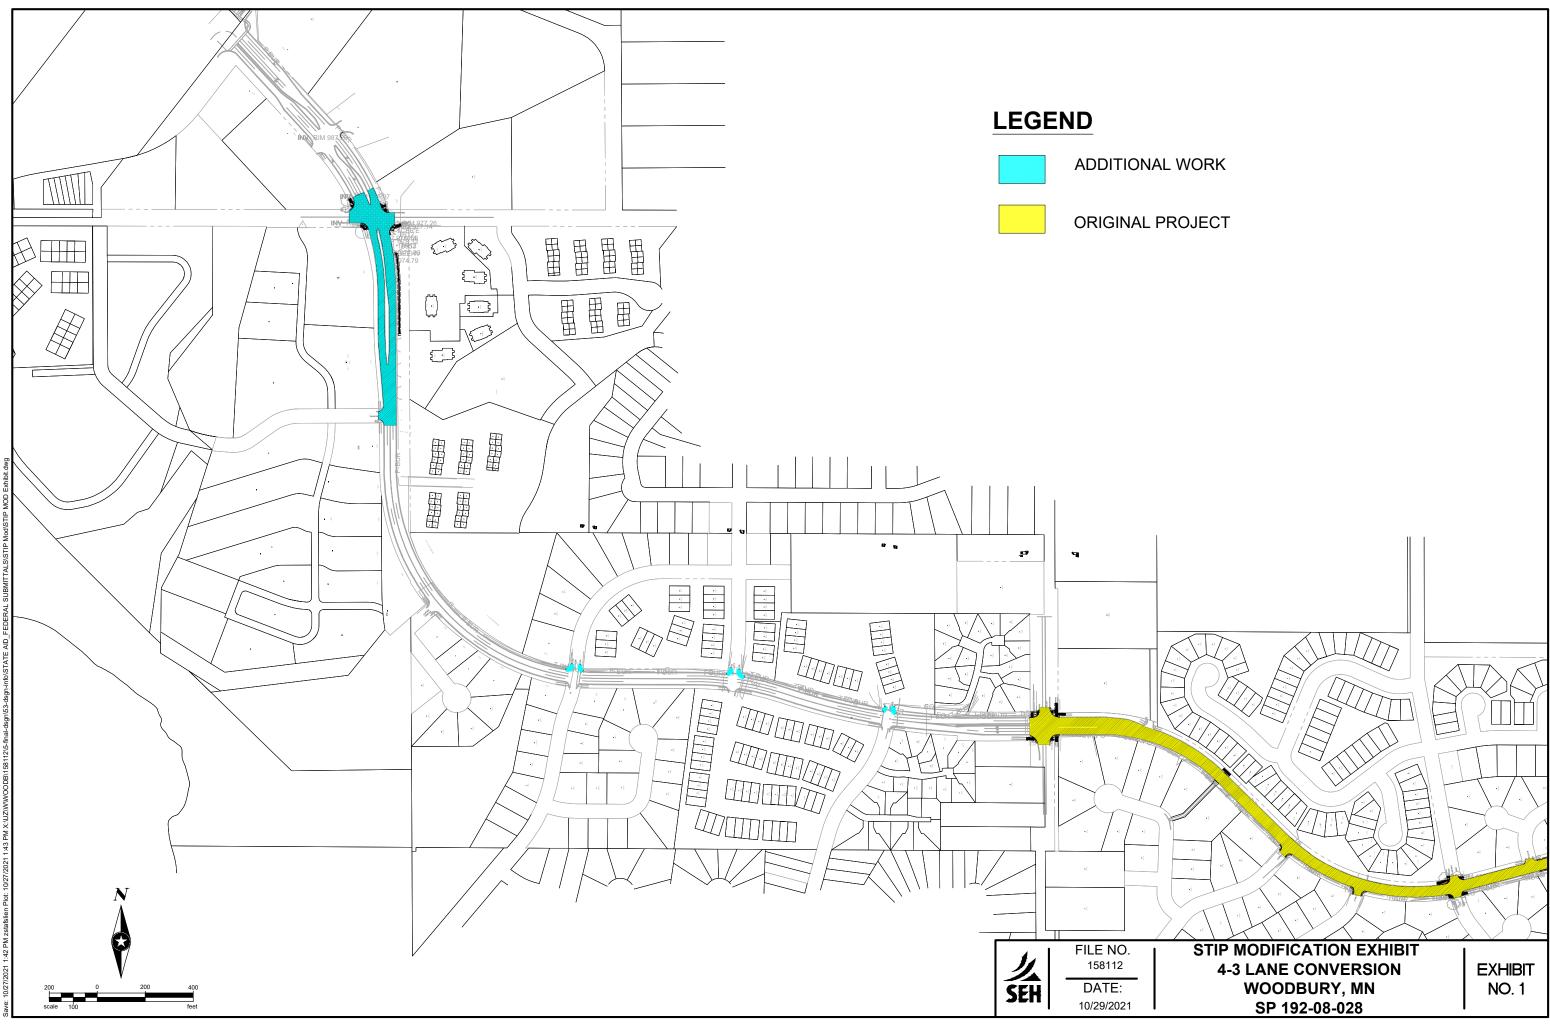

Work will be funded by Municipal State Aid Roadway Construction Fund.
