## Action Transmittal: 2023-13

Streamlined 2023-2026 TIP Amendment: Three Project Additions

**To:** Technical Advisory Committee

**Prepared By:** Joe Barbeau, Senior Planner, 651-602-1705

### Requested Action

The Metropolitan Council, the City of Burnsville and MnDOT request an amendment to the 2023-2026 TIP to add three new projects.

### Recommended Motion

That the Transportation Advisory Board recommend adoption of an amendment to the 2023-2026 TIP to add three projects.

### Summary

This requested action involves adding three new projects to the TIP: The Travel Behavior Inventory (moving from 2022 to 2023), preliminary engineering for a Regional Solicitation Project, and a project enabling early development of an existing project.

### Background and Purpose

The following projects are proposed for addition to the 2023-2026 TIP:

1. The Metropolitan Council's Travel Behavior Inventory (TBI) funds were originally in the 2022-2026 TIP in 2022 as Surface Transportation Block Grant (STBG) Program funds but were transferred to FTA prior to the end of state fiscal year 2022 (SP # 090-595-016). (Page 3)
2. The City of Burnsville requests the addition of funding for preliminary engineering on its TH 13 / Nicollet Avenue intersection grade separation project recently awarded funding through the Regional Solicitation (SP # 179-121-025). The funding for this effort is federal funding not connected to the Regional Solicitation. (Page 4)
3. MnDOT requests addition of a new project line to accommodate early development of crossover construction and drainage for its MN 65 pavement rehabilitation project. Funding, is through the National Highway Performance Program, which is not programmed through the Regional Solicitation (SP # 0208-173). Funding would be commented by an equal reduction in the primary project (SP # 0208-165). No new funds are needed; funds are being shifted from the primary project (Pages 5-6)

### Relationship to Regional Policy

Federal law requires that all TIP amendments meet the following tests: fiscal constraint; consistency with the adopted regional transportation plan; and opportunity for public input. It is the TAB's responsibility to recommend TIP amendments to the Council for adoption, provided these

requirements are met.

The streamlined TIP amendment process allows projects that meet certain conditions to be streamlined, which entails forgoing the TAC Funding & Programming Committee review and results in saving a month of process time.

### Staff Analysis

The three TIP amendment requests meet fiscal constraint because the funds are sufficient to fully fund the projects. This amendment and the three projects contained herein are consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020, with FHWA/FTA conformity determination established on December 4, 2020. Public input opportunity for this amendment is provided through the TAB's and the Council's regular meetings.

### Routing

To	Action Requested	Date Completed / (Scheduled)
Technical Advisory Committee	Review & Recommend	<i>February 1, 2023</i>
Transportation Advisory Board	Review & Recommend	<i>February 15, 2023</i>
Metropolitan Council Transportation Committee	Review & Recommend	<i>February 27, 2023</i>

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment is needed to bring these funds into state fiscal year 2023. They were originally in the 2022-2026 TIP in 2022 as STBGP>200K funds but were transferred to FTA prior to the end of state fiscal year 2022.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?

- New Money \*
- Anticipated Advance Construction
- ATP or MPO or MnDOT Adjustment by deferral of other projects
- Earmark or HPP not affecting fiscal constraint
- Other

\*On June 29, 2022, the transfer request from STBGP>200K to FTA funds was submitted. Therefore, fiscal constraint is maintained.

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council November 18, 2020, with FHWA/FTA conformity determination established on December 4, 2020.

Please amend the 2023-2026 Transportation Improvement Program (TIP) to include this project in program year 2023. This project is being submitted with the following information:

**PROJECT BACKGROUND:**

1. Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment is needed to add a new 2024 project (0208-73) into the 23-26 TIP/STIP for early work to 0208-165.

2. How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?
