2025-2028 Streamlined TIP Amendment Request – CFI Grant Program

To: Technical Advisory Committee

Prepared by: Joe Barbeau, Planning Analyst, 651-602-1705

Requested action

The Metropolitan Council requests an amendment to the 2025-2028 Transportation Improvement Program (TIP) to add charging and fueling infrastructure.

Recommended motion

That the Technical Advisory Committee recommend that TAB recommend approval of an amendment to the 2025-2028 Transportation Improvement Program to add charging and fueling infrastructure.

Background and purpose

The Metropolitan Council was awarded \$15,000,000 through the Federal Highway Administration's Charging and Fueling Infrastructure (CFI) grant program, round 2. In order to receive the funding the project must be added to the Transportation Improvement Program.

This project is not related to any funding provided through the Regional Solicitation.

Relationship to regional policy

Federal law requires that all TIP amendments meet the following tests: fiscal constraint; consistency with the adopted regional transportation plan; and opportunity for public input. It is the TAB's responsibility to recommend TIP amendments to the Council for adoption, provided these requirements are met.

Staff analysis

The TIP amendment meets fiscal constraint because the federal and local funds are sufficient to fully fund the project. This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on February 12, 2025. Public input opportunity for this amendment is provided through the TAB's and the Council's regular meetings.

Other \$	\$3,750,000

Background and TIP Amendment Need

This formal amendment is to add a new 2025 project into the 2025-2028 STIP. The project was awarded funding through the Federal Highway Administration (FHWA) Charging and Fueling Infrastructure (CFI) grant program. The federal CFI funds are from CFI Round 2 Grant Award Recipients list.

Fiscal Constraint (as Required by 23 CFR 450.216)

This grant, along with the local match, is sufficient to fully fund this project. Therefore, therefore, fiscal constraint is maintained.

Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on February 12, 2025.
