

**ACTION TRANSMITTAL No. 2014-65**

**DATE:** September 8, 2014

**TO:** TAC Funding and Programming Committee

**PREPARED BY:** Joe Barbeau, Senior Planner (651-602-1705)

**SUBJECT:** 2014-2017 TIP Amendment for Three Rivers Park District: Scope Change for Trail Realignment

**REQUESTED ACTION:** Three Rivers Park District requests an amendment to modify the 2014-2017 TIP to reflect a requested scope change to its CMAQ-funded project, Nine Mile Creek Trail East. The change would include a new alignment and project termini. Termini would be Doron Lane to the intersection of Xerxes Avenue South and 75th Street West (SP# 091-090-078 and 091-090-078AC)

**RECOMMENDED MOTION:** Contingent on approval of the scope change, recommend that the Transportation Advisory Board adopt the amendment into the 2014-2017 TIP to include adjust alignment and change project termini for Nine Mile Creek Trail East. (SP# 091-090-078 and 091-090-078AC).

**BACKGROUND AND PURPOSE OF ACTION:** Three Rivers Park District was awarded federal funding in the 2011 regional solicitation for this project. This amendment request is contingent on the approval of a separate request for scope change. The amendment modifies the project termini. The eastern terminus would now be Doron Lane. It would run to Parklawn Avenue and from Edina Promenade along Xerxes Avenue South to 75th Street West.

**RELATIONSHIP TO REGIONAL POLICY:** Federal law requires that all transportation projects that will be funded with federal funds must be in an approved TIP and meet the following four tests: fiscal constraint; consistency with the adopted regional transportation plan; air quality conformity; and opportunity for public input. It is the TAB's responsibility to adopt and amend the TIP according to these four requirements.

**STAFF ANALYSIS:** The TIP amendment meets fiscal constraint because the local and federal funds are sufficient to fully fund the project; the funding amount is staying consistent with that of the original scope.. The amendment is consistent with the Transportation Policy Plan, adopted by the Metropolitan Council on November 10, 2010, with FHWA/FTA conformity determination established on February 23, 2011. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the project is exempt from air quality conformity analysis. Public input opportunity for this amendment is provided through the TAB's and Council's regular meetings.
