# Downtown East / Stadium Transit Planning

**Transportation Committee April 13, 2015** 

Jim Harwood, Lead Project Manager Engineering & Facilities

### **Key Transit Issues**

- Pedestrian safety especially at Chicago Ave & 4th Street
- Queuing capacity
  - 40% transit mode split target
  - 26,000+ customers w/ Southwest & Bottineau LRT

### **Event Operations**

#### **Operations and Queuing**

- Downtown East Ramp block required for queuing post event to accommodate projected ridership
- Northwest corner of the block to be developed by MSFA as open plaza for LRT operations and non event day functions
- Southeast corner of block may undergo minimal renovations to improve LRT queuing operation and platform access

#### **Event Operations**

Ð

#### **LRT Operations**

- Regular Revenue Service = 5 minute combined headways
  - A train will pass through the intersections of 4th and Chicago Avenue and 5th Street and Park Avenue every 2.5 minutes on average
- Game Day "special" trains
  - Increased frequency = train passing intersection every 2 minutes on average

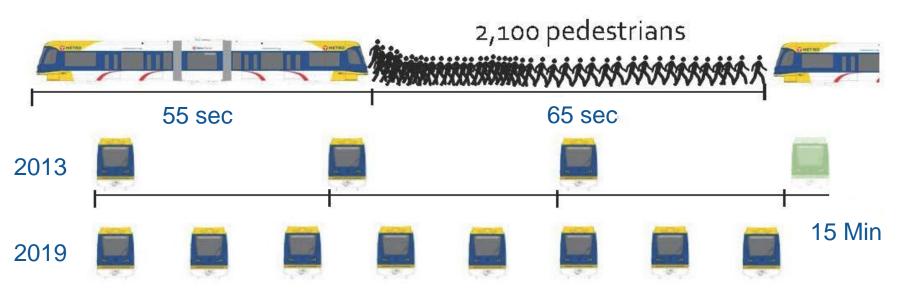

## **Pedestrian LRT Crossing**

12 trains per hour per direction

+5 special event trains

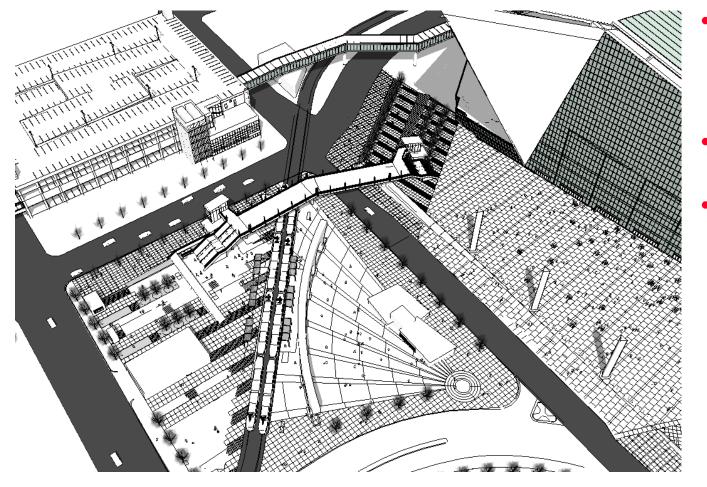

=Average 120 seconds headway (two-way)

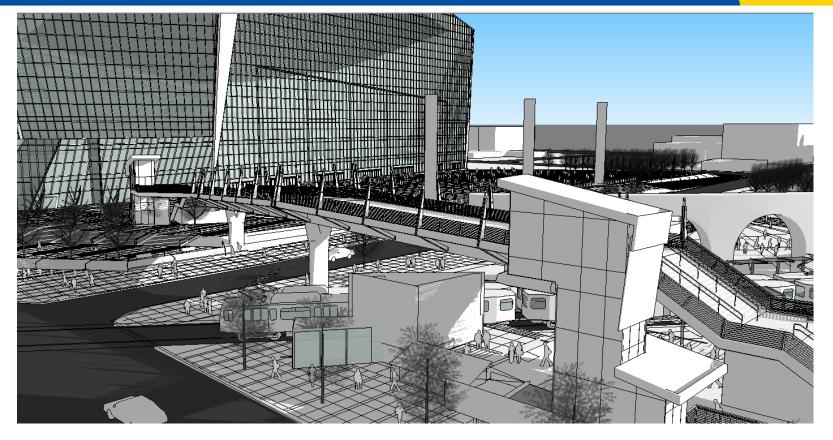

## **Pedestrian Bridge Design**

- Issued contract to
  EVS to commence
  design in January
  of 2015
- Currently at 50% design level
- Design to include:
  - Wood, steel, and concrete finishes
  - Elevators for ADA access
  - Snow melt system for ease of maintenance

### Schedule

- April Council Action on Agreement
- May TAAC committee presentation, finalize and issue documents for bid
- July Council Action on Construction Contract
- April, 2016 Construction substantial completion

#### CONSTRUCTION AND TRANSIT OPERATIONS AND MAINTENANCE INTERFACE AGREEMENT

- Provides for use of MSFA property for queuing areas, platform access, and pedestrian bridge to accommodate transit needs.
- Provides for \$300,000 in annual promotional support from Vikings and the MSFA in exchange for LRT station naming rights and certain restrictions on station advertising
  - \$250,000 from Vikings
  - \$50,000 from MSFA
- All construction, operation and maintenance costs of the pedestrian bridge are the responsibility of Met Council.
  - Construction cost estimated at \$5.5M \$6M

# **Business Item 2015-76**

#### **Authorize Regional Administrator to:**

• Execute a Construction and Transit Operations and Maintenance Interface Agreement with the Minnesota Sports Facilities Authority and the Minnesota Vikings related to the Downtown East Light Rail Station and proposed pedestrian bridge.
