

# View of US Bank Events

Bus and Rail Operations during recent pre and  
post events

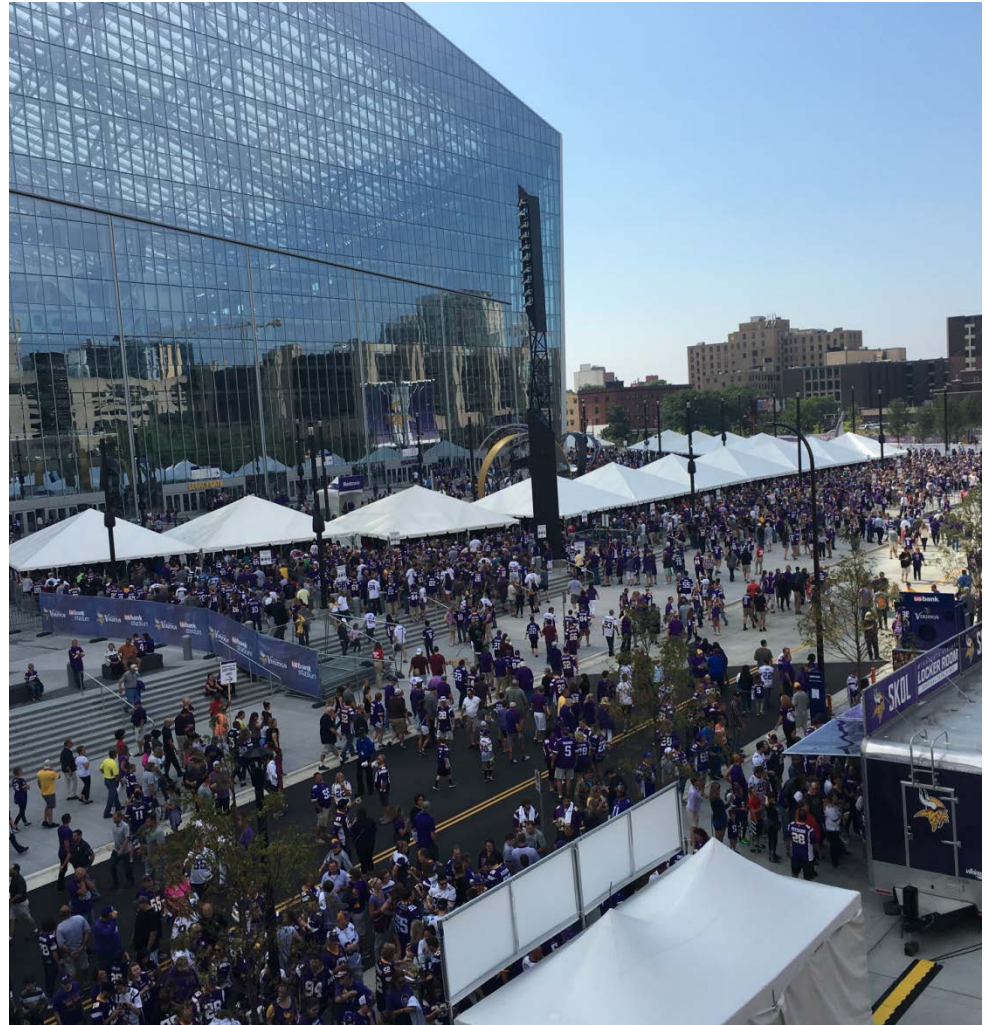

# Sunday 8/28 Vikings Preseason game

This picture was taken after getting on a northbound train at 46<sup>th</sup> St Station at 1030 in the morning. This is typical capacity of the trains starting three hours prior to most events.

## Sunday 8/28

This picture is from the pedestrian bridge looking at the queuing area for the west side of the stadium. The stadium states this entry point will be taking in over 60% of the attendance to all major events.

# Sunday 8/28

Post event Bus support is in position and was well used on Sunday. With regular service and State Fair service in full swing, Bus Operations was still able to support the event with 18 artics.

# The Stadium's “Crow’s Nest”

Rail Operations has been invited to the Stadium's “Crows Nest” to have a big picture over view of the crowd experience. This picture is from the Luke Bryant concert.
