- County Boundary
- 2040 Municipal Urban Service Area  
MPO Area

# MN Statutes

**MS 473.165 (1):** The Metropolitan Council shall review all long-term comprehensive plans of each independent commission, board, or agency prepared for its operation and development within the metropolitan area but only if such plan is determined by the council to have an areawide effect, a multicomunity effect, or to have a substantial effect on metropolitan development. Each plan shall be submitted to the council before any action is taken to place the plan or any part thereof, into effect.

**MS 473.611 (5):** Any long-term comprehensive plans adopted by the commission for the betterment and enlargement of existing airports, for the acquisition and construction of new airports, and for the categories of use of airports owned or controlled by the commission shall be consistent with the development guide of the Metropolitan Council.

# LTCP'S (LONG-TERM COMPREHENSIVE PLANS)

- **An LTCP Is:**

- required under the aviation planning process.
- a 20-Year planning document.
- periodically updated as scheduled in the TPP.
- used to identify needed projects, define operational parameters, and assess environmental and financial requirements.
- consistent with the Thrive MSP 2040
- a basic input to update of the aviation system plan and used in local plan reviews.

# CRYSTAL AIRPORT

- Classification = Minor
- Role = G.A. Reliever
- Primary Use = Recreational
- Size = 436 Acres
- Based Aircraft = 185
- Annual Operations = 40,000
- Main Runway = 3,267 ft.
- Instrument Landing Sys. (No)
- Air Traffic Tower (Yes)

Figure ES-1: Existing Airport Layout

# BASED AIRCRAFT/OPERATIONS

So. St. Paul                  218        51,000

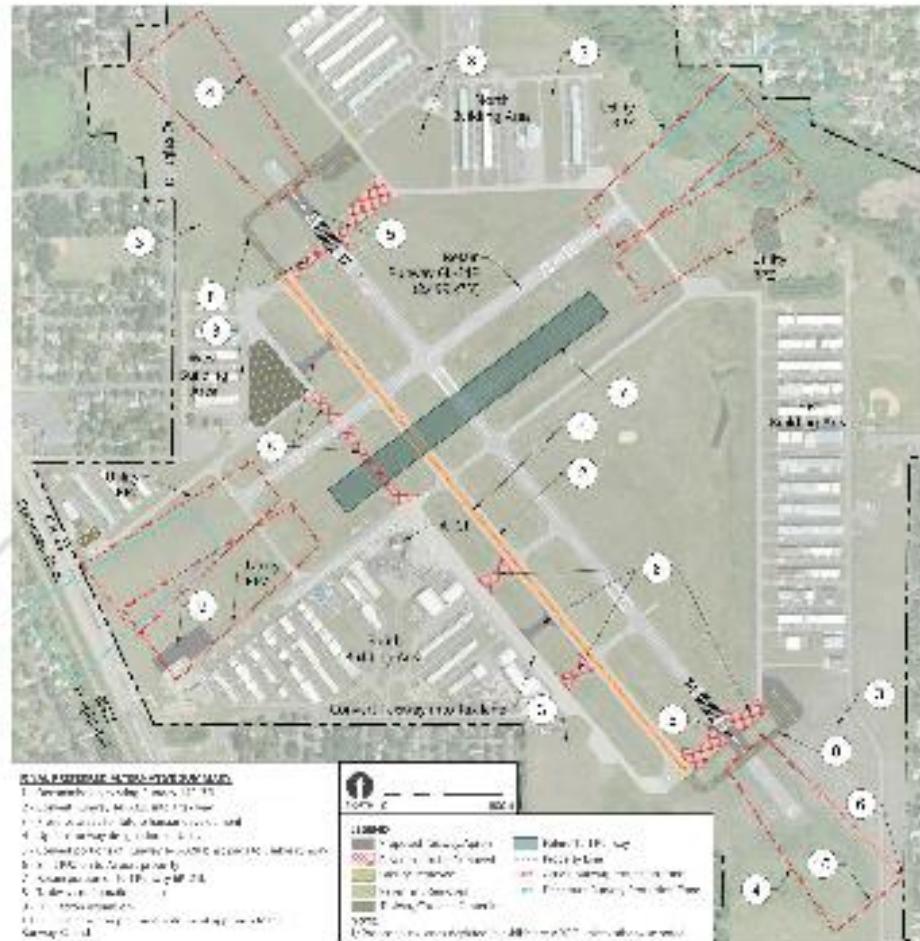

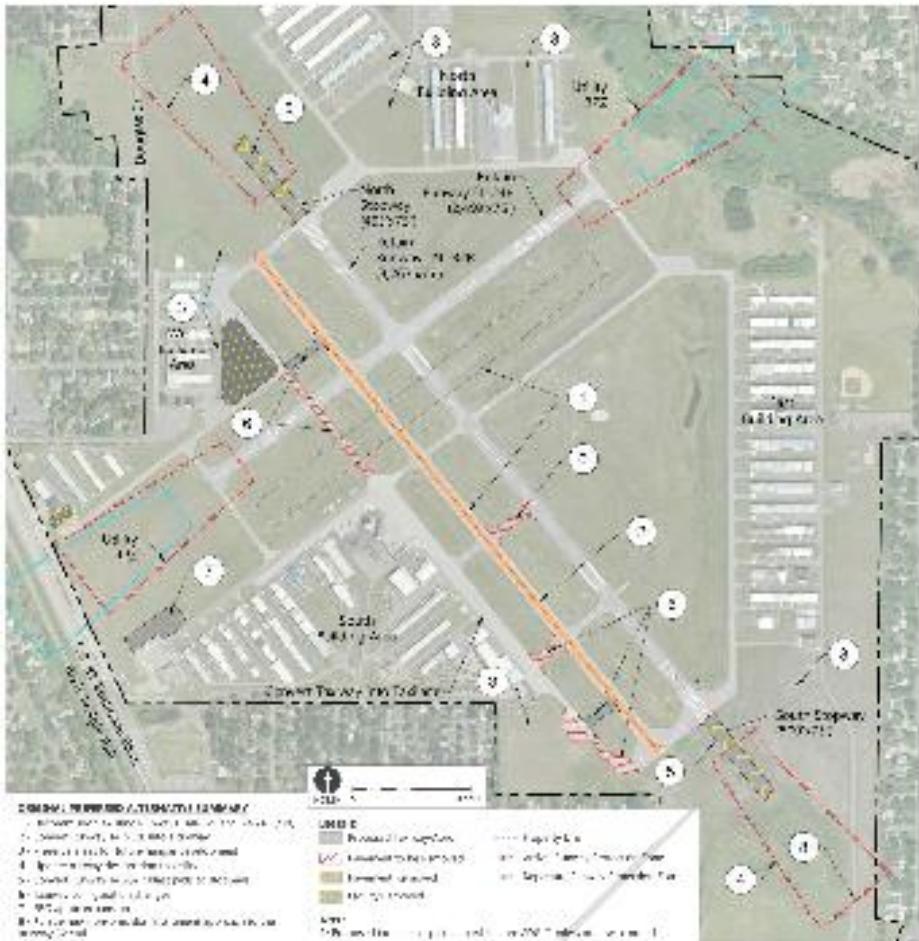

**Crystal Airport**              185        40,000

Lake Elmo Airport            203        26,000

Airlake Airport               147        42,000

Anoka-Blaine Airport       433        90,000

# ORIGINAL/REFINED PREFERRED ALTERNATIVES

# FINDINGS/NEXT STEPS

- Thrive MSP 2040 –
  - Policy Direction is to create consistent, compatible, and coordinated local comp plans
  - Prosperity Outcome - Advancing this outcome is to plan, invest in infrastructure and amenities, and quality of life for economic competitiveness.

# FINDINGS/NEXT STEPS

- Transportation Policy Plan
  - Crystal Airport is classified as a Minor Airport in the Regional Aviation System, and will continue in it's current role.
  - The plan recognizes that MAC will work with the city when it comes to non-aeronautical revenue generating property.
  - The Council will determine conformance and consistency in the LTCP's.

# Crystal Airport

## 2035 Long-Term Comprehensive Plan (LTCP)

28 August 2017 – Transportation Committee  
Overview of LTCP Process and Findings

# Briefing Agenda

- Overview of Airport Role and Plan Objectives
- Review of Planning Process & Alternatives
- Stakeholder Outreach Summary
- Next Steps

**Crystal Airport 2035 LTCP Purpose:**

- Update view of future facility needs
- Serve as the “road map” to guide our development strategy for Crystal Airport
- Shape the 7-Year Capital Improvement Program (CIP)

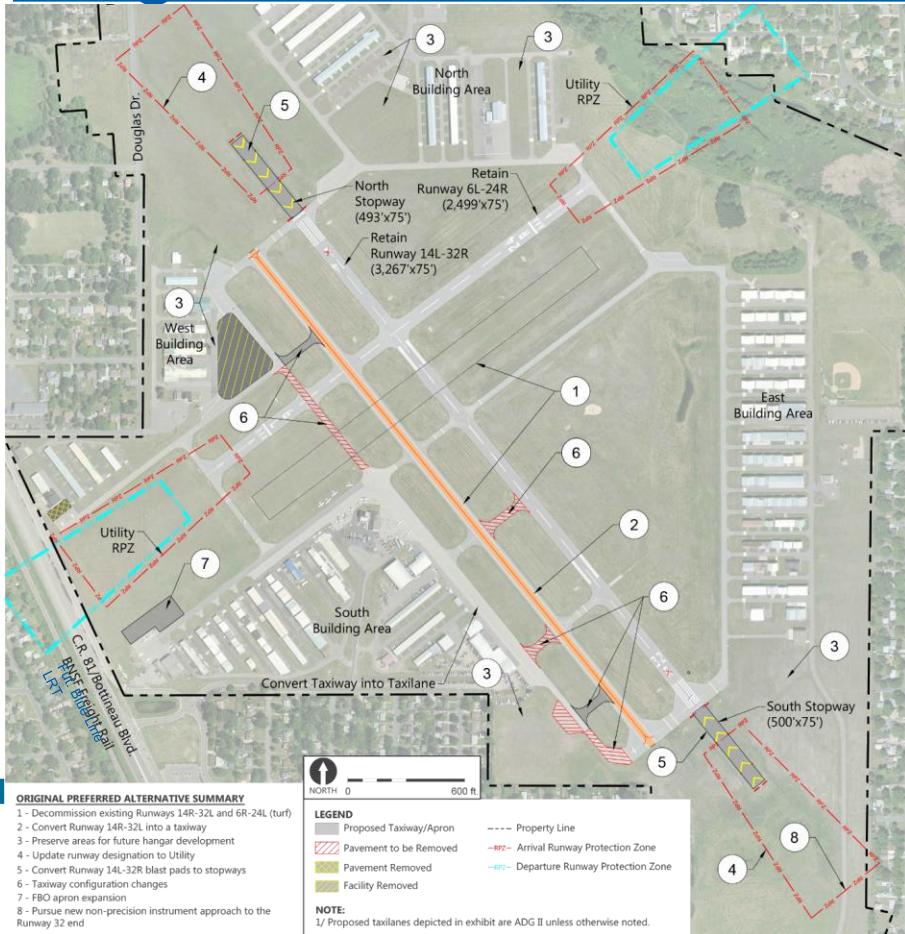

# Crystal Airport Role & Plan Objectives

- Primary Role of Crystal Airport
  - Integral part of the regional Reliever Airport system
  - Accommodates Personal, Recreational, and some Business Aviation users
  - Design Aircraft is and will continue to be small, propeller driven aircraft with < 10 passenger seats
  - Role not expected to change
- Primary LTCP Objectives
  - Better align airfield infrastructure with demand levels
  - Preserve and, if possible, improve operational capabilities for the current family of aircraft using the facility
  - Enhance safety by simplifying the runway and taxiway layout

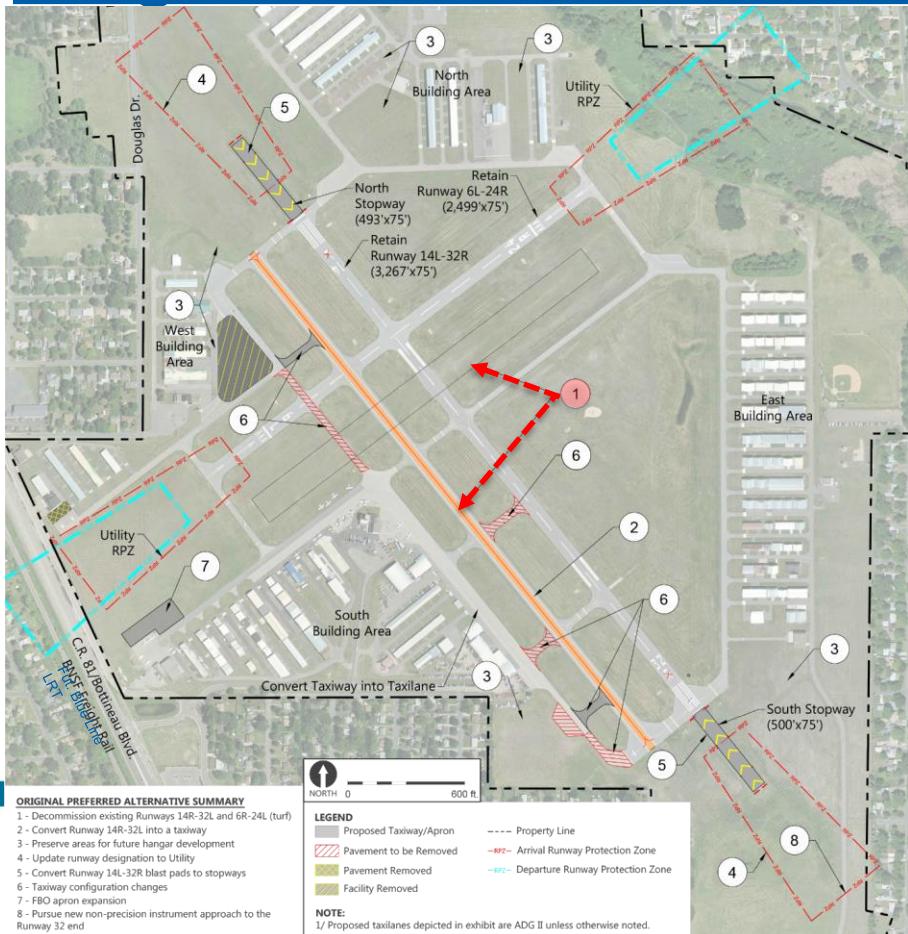

# Original 2035 LTCP Preferred Alternative

- Two-runway system from 2025 LTCP to better align infrastructure with demand
- Convert RWY 14L-32R paved blast pads to stopways
- Utility Runway designations
- Taxiway configuration changes
- FBO Apron expansion
- Additional non-precision instrument approach if feasible

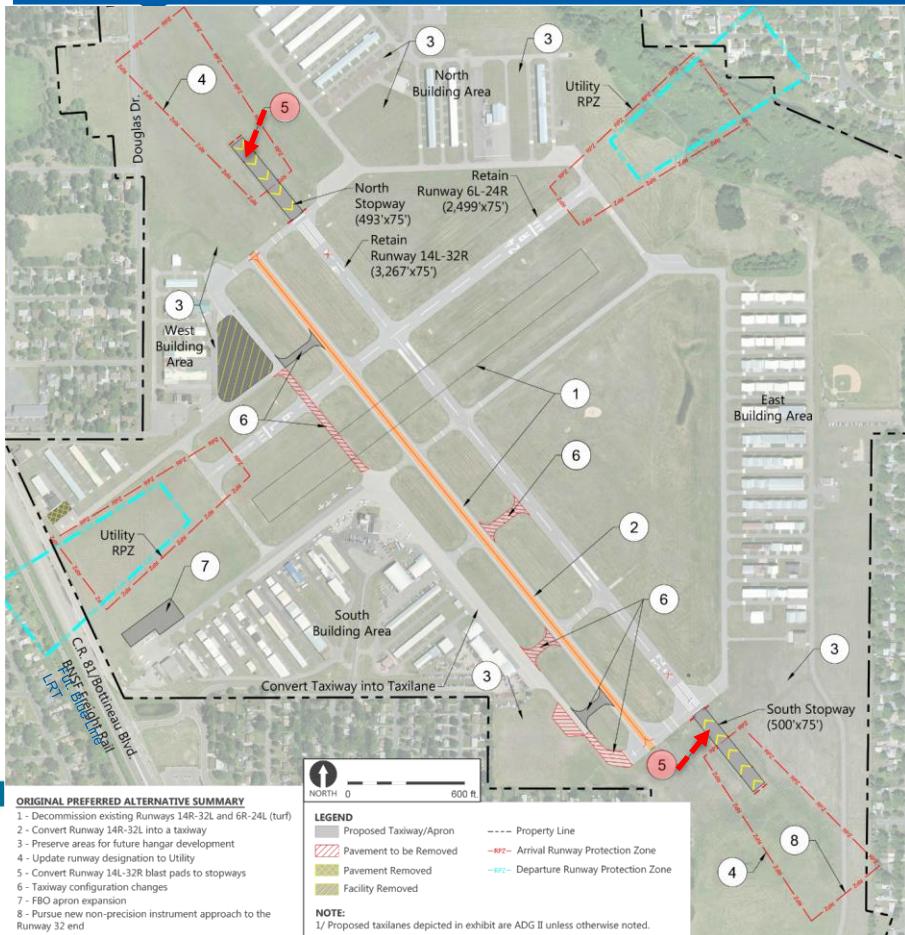

# Original 2035 LTCP Preferred Alternative

- Two-runway system from 2025 LTCP to better align infrastructure with demand
- Convert RWY 14L-32R paved blast pads to stopways
- Utility Runway designations
- Taxiway configuration changes
- FBO Apron expansion
- Additional non-precision instrument approach if feasible

# Original 2035 LTCP Preferred Alternative

- Two-runway system from 2025 LTCP to better align infrastructure with demand
- Convert RWY 14L-32R paved blast pads to stopways
- Utility Runway designations
- Taxiway configuration changes
- FBO Apron expansion
- Additional non-precision instrument approach if feasible

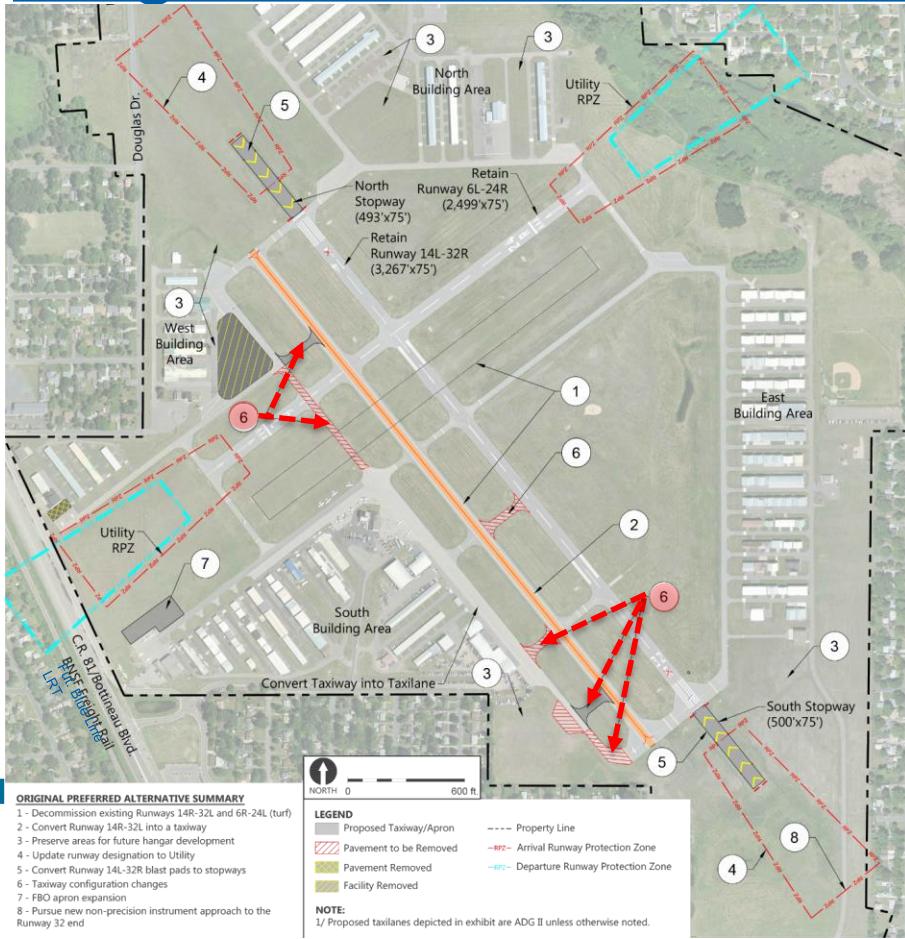

# Original 2035 LTCP Preferred Alternative

- Two-runway system from 2025 LTCP to better align infrastructure with demand
- Convert RWY 14L-32R paved blast pads to stopways
- Utility Runway designations
- Taxiway configuration changes
- FBO Apron expansion
- Additional non-precision instrument approach if feasible

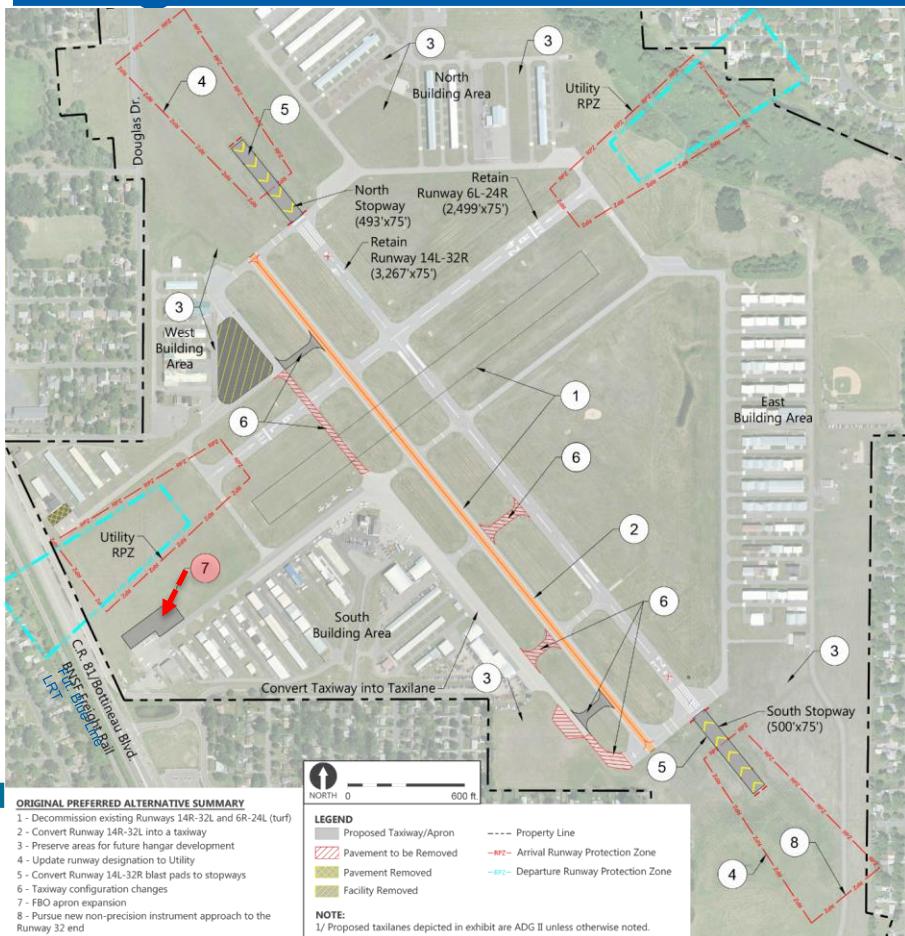

# Original 2035 LTCP Preferred Alternative

- Two-runway system from 2025 LTCP to better align infrastructure with demand
- Convert RWY 14L-32R paved blast pads to stopways
- Utility Runway designations
- Taxiway configuration changes
- FBO Apron expansion
- Additional non-precision instrument approach if feasible

# Original 2035 LTCP Preferred Alternative

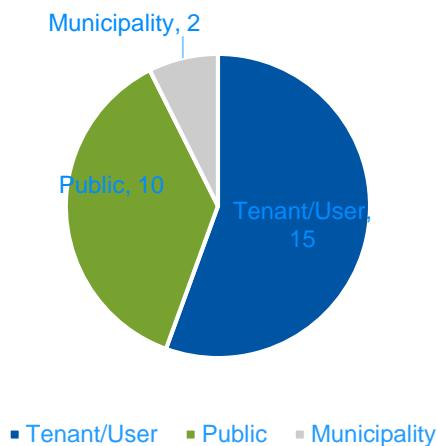

- Two-runway system from 2025 LTCP to better align infrastructure with demand
- Convert RWY 14L-32R paved blast pads to stopways
- Utility Runway designations
- Taxiway configuration changes
- FBO Apron expansion
- Additional non-precision instrument approach if feasible

# Summary of First-Round Comments Received

- 27 total comments
  - 15 from Tenants/Users
  - 10 from citizens/public
  - 2 from municipal representatives
- Most Common Themes
  - Closing the turf runway
  - Closing the south parallel runway
  - Primary runway length

First Round LTCP Comments Received

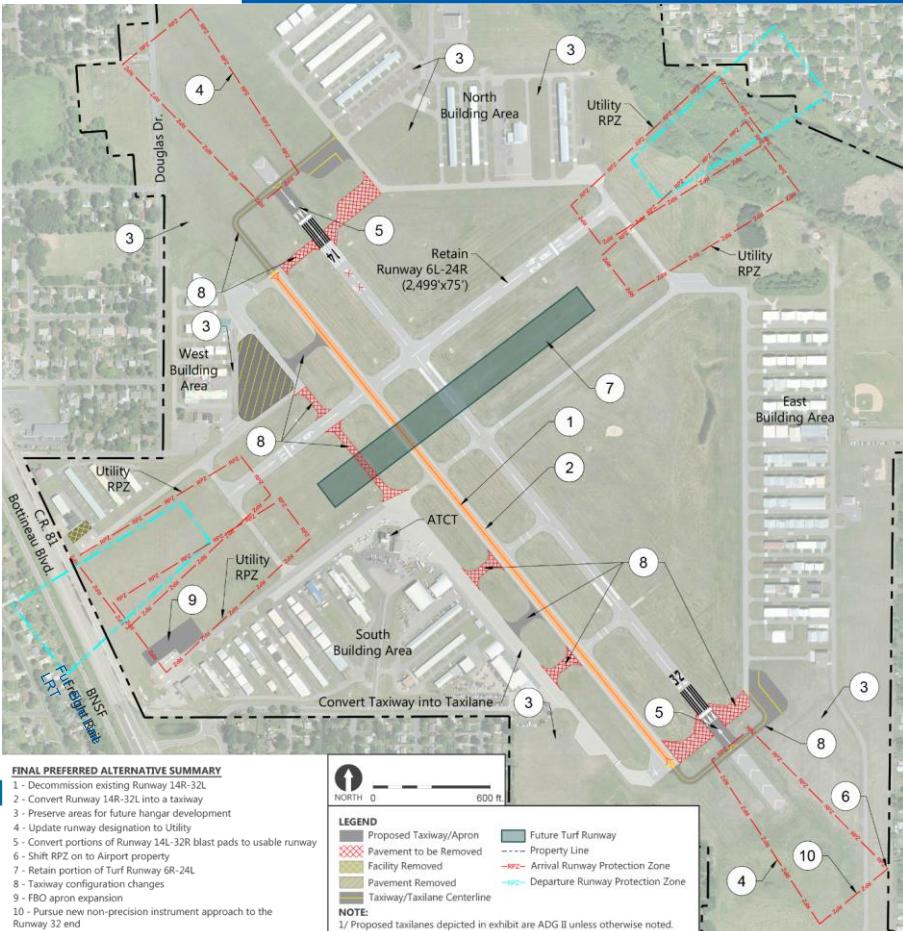

Common Themes Based on Comments Received

	Improved Instrument Approach	Flight Pattern/Noise	Land Use	Support Expanding FBO Apron	Forecasts Not Optimistic Enough	Supporting Keeping South Parallel	Supporting Extending Runway	Supporting Keeping Turf Runway
Tenant/User	2	0	0	4	4	6	5	9
Public	0	3	2	0	0	0	3	1
Municipality	0	0	1	0	0	0	0	0

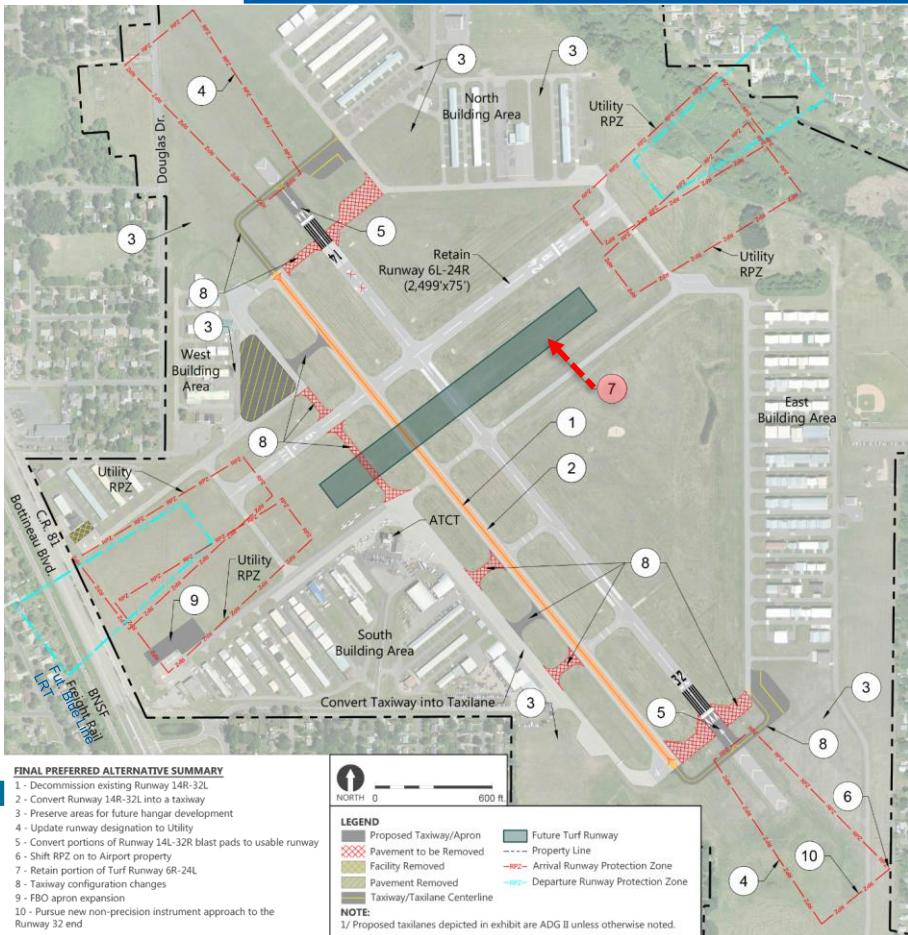

# Refined Preferred Alternative

- Retain portion of existing Turf Runway 6R-24L
- Convert portion of paved blast pads to useable runway and runway shift
- Additional taxiway configuration changes

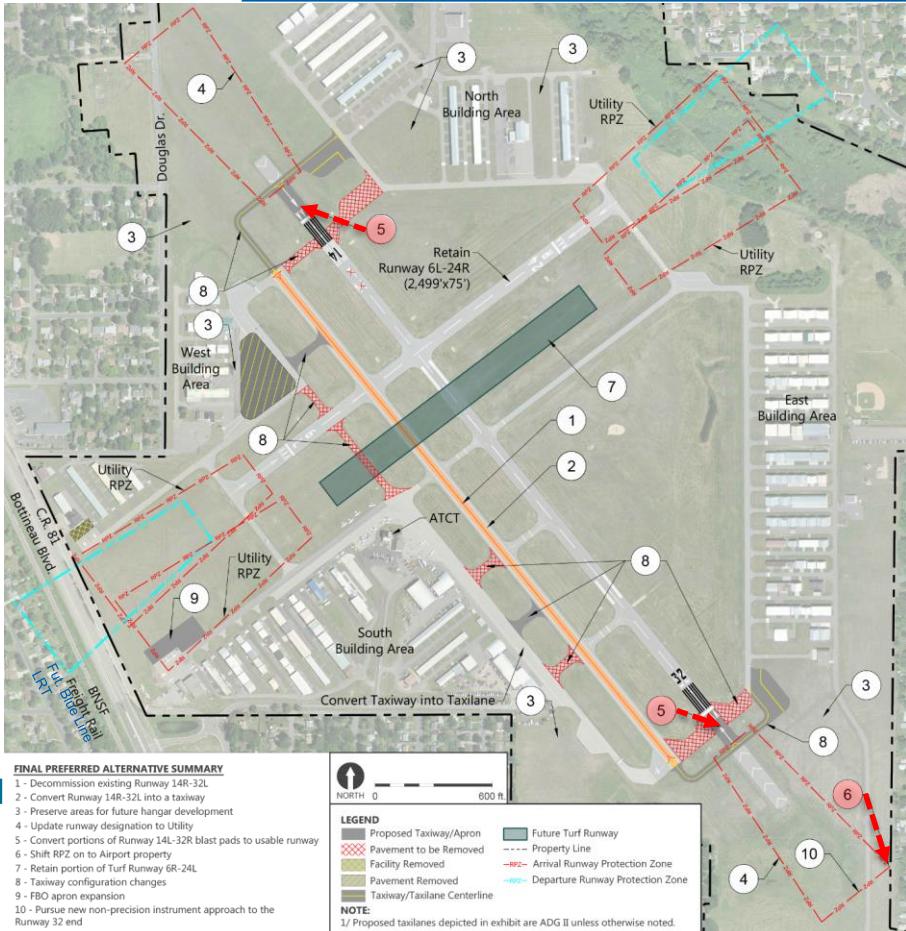

# Refined Preferred Alternative

- Retain portion of existing Turf Runway 6R-24L
- Convert portion of paved blast pads to useable runway and runway shift
- Additional taxiway configuration changes

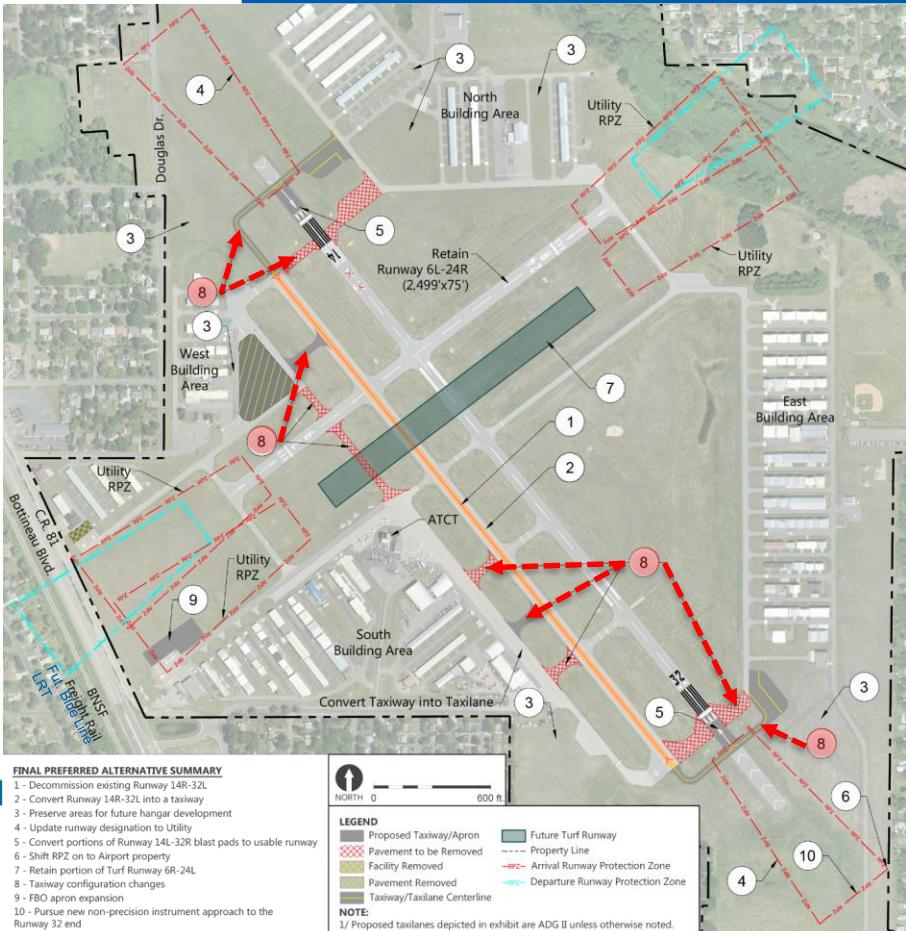

# Refined Preferred Alternative

- Retain portion of existing Turf Runway 6R-24L
- Convert portion of paved blast pads to useable runway and runway shift
- Additional taxiway configuration changes

# Refined Preferred Alternative

- Retain portion of existing Turf Runway 6R-24L
- Convert portion of paved blast pads to useable runway and runway shift
- Additional taxiway configuration changes

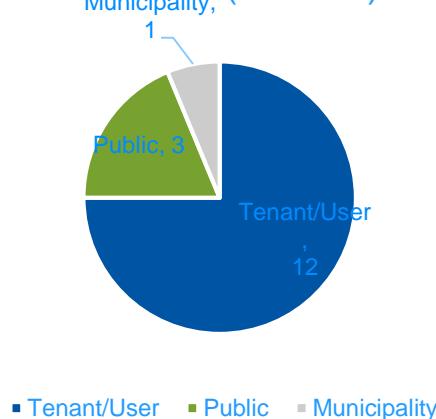

# Summary of Second-Round Comments Received

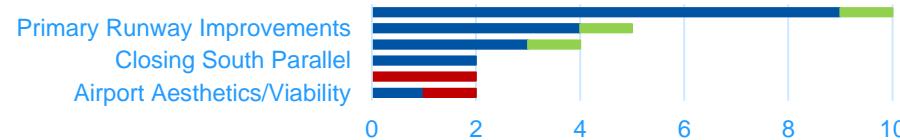

- 16 total comments
  - 12 from Tenants/Users
  - 3 from citizens/public
  - 1 from a municipal representative
- Most Common Themes
  - Support keeping turf runway
  - Support primary runway extension
  - Greater level of support for revised plan

Second Round LTCP Comments

Received (16 Total)

Second Round Public Comment Period:  
Common Themes

	Airport Aesthetics /Viability	Tree Removals	Closing South Parallel	Taxiway Configuration Changes	Primary Runway Improvements	Preserving Turf Runway
Tenant/User	1	0	2	3	4	9
Public	1	2	0	0	0	0
Municipality	0	0	0	1	1	1

- Stakeholder & Public Outreach Program
  - Started in May 2016
  - 23 meetings over the past 12 months
  - 3 Public Informational Meetings
  - 2 Public Comment Periods
  - 43 Written Comments received

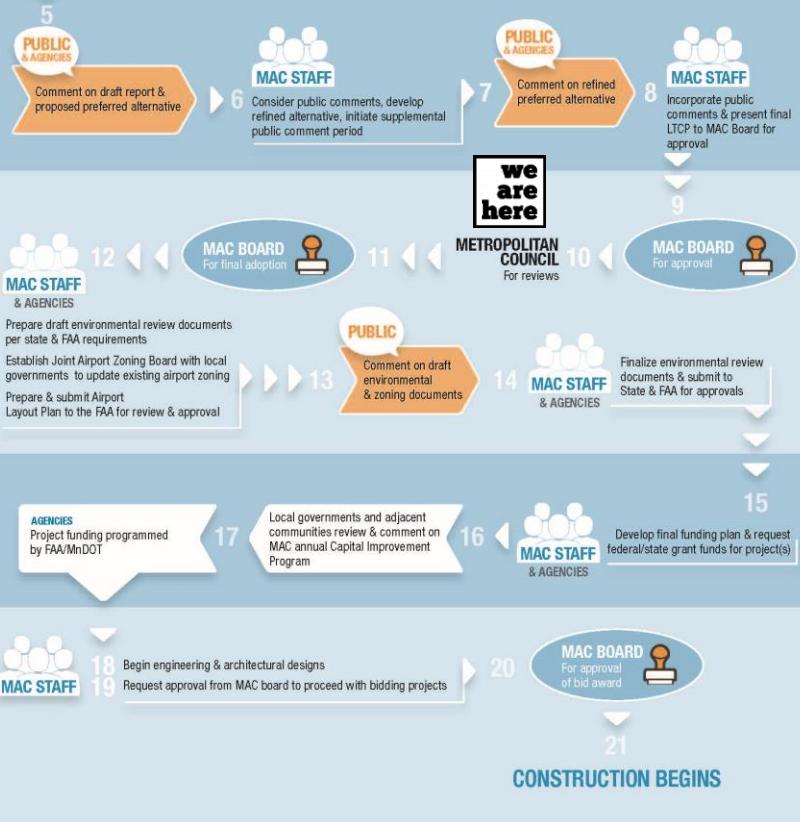

# CRYSTAL AIRPORT PLANNING AND DEVELOPMENT PROCESS

## STEP-BY-STEP

- 1 Research & study refinements to previous plan recommendations
- 2 Engage MAC board, municipal staff & other key stakeholders
- 3 Draft report with alternatives including a proposed alternative
- 4 Request formal MAC board approval to publish draft report for public comment

## Next Steps

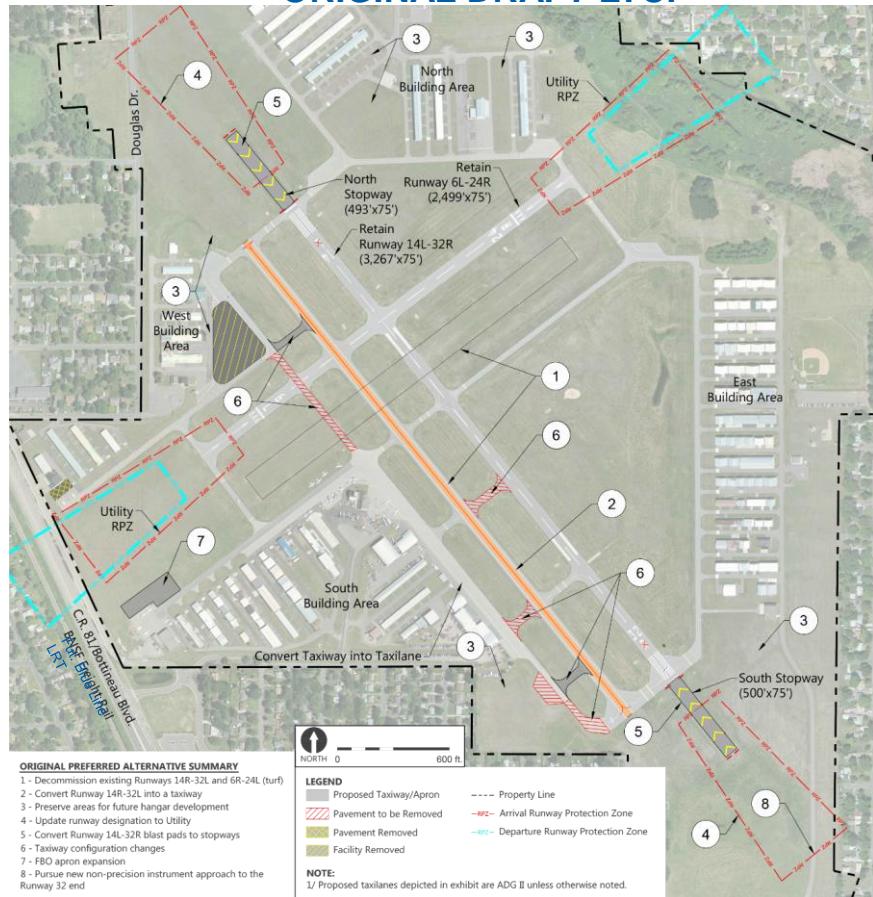

- Metropolitan Council Formal Review\*
- MAC Board Final Adoption of LTCP\*
- Environmental Review\*
- Airport Layout Plan (ALP)
  - Reviewed/Approved by FAA
- Joint Airport Zoning Board\*
- Grant Programming/Funding
- Project Engineering/Design
- MAC Board approval of Bid Awards\*

\* Denotes processes that provide additional opportunities for public input
