Proposed Action

That the Metropolitan Council authorize the Regional Administrator to:

- Enter into an Agreement with the State of Minnesota Department of Transportation for Calendar Years 2020 and 2021 to provide funding for public commuter rail service in Sherburne County, Minnesota for an amount up to \$1.6 million per year.
- Execute the Attached Resolution of the Governing Body (Metropolitan Council) to enter into an Agreement with the State of Minnesota Department of Transportation for Calendar Years 2020 and 2021.

Background

- The Council and the Sherburne County Regional Railroad Authority (SCRRRA) are parties to a Northstar Corridor Commuter Rail Master Operations Funding Agreement to establish a mechanism for transferring funds for the operations of a commuter rail transit system along the Northstar Corridor from downtown Minneapolis to Big Lake, Minnesota. The parties to the Master Operations Funding Agreement provided in that agreement that the local funding for the annual operations of the Commuter Rail Line would be determined in subsequent Subordinate Funding Agreements. These Subordinate Funding Agreements are the mechanism where Sherburne County provides its annual 8.05% contribution for public commuter rail service in Sherburne County, Minnesota.
- For the period of July 1, 2009 to December 31, 2013, the Sherburne County Regional Railroad Authority has entered into annual Agreements with the State of Minnesota Department of Transportation to provide its 8.05% funding for public commuter rail service in Sherburne County. For these same years, the Metropolitan Council entered into Supplemental Subordinate Funding Agreements with the Sherburne County Regional Railroad Authority to provide the mechanism to make available the MnDOT 8.05% Funds for Commuter Rail Operating Costs in Sherburne County.
- Under Minnesota Session Laws 2013 Chapter 117, H.F. No. 1444, Sec. 40, financial assistance for Northstar Commuter Rail expenses in greater Minnesota can now be provided between the State of Minnesota Department of Transportation and the Metropolitan Council beginning in Calendar Year 2014.

- Both the Metropolitan Council and the SCRRA acknowledge that the MnDOT 8.05% grant funds are in addition to the SCRRA 8.05% proportionate share of authorized funding set forth in separate and subsequent Subordinate Funding Agreements that will be paid by the SCRRA.
- Council Policy 3-2-2 requires Council approval on income agreements exceeding \$500,000.

Rationale

This agreement with the State of Minnesota Department of Transportation for Calendar Years 2020 and 2021 will provide MnDOT 8.05% funding for public commuter rail service in Sherburne County, Minnesota for Calendar Years 2020 and 2021.

Thrive Lens Analysis

Stewardship – Operating funding is within the parameters of the Minnesota Session Laws 2013 Chapter 117, H.F. No. 1444, Sec. 40 to provide subsidy financial assistance for Northstar Commuter Rail between the State of Minnesota Department of Transportation and the Metropolitan Council. This demonstrates efficient and effective management of public financial resources of both the Council and MnDOT.

Funding

MnDOT will provide to the Metropolitan Council grant funds to fund 8.05% of Commuter Rail Net Operating Costs up to \$1.6 million per year for calendar years 2020 and 2021 Northstar Commuter Rail Operations. Metropolitan Council will bill MnDOT on a monthly basis according to the terms of the grant agreement.

Known Support / Opposition

The State of Minnesota Department of Transportation (MnDOT) and the Sherburne County Regional Railroad Authority (SCRRA) support this funding agreement for calendar year 2019. No known opposition.
