Where Metro Transit Bus Riders Board

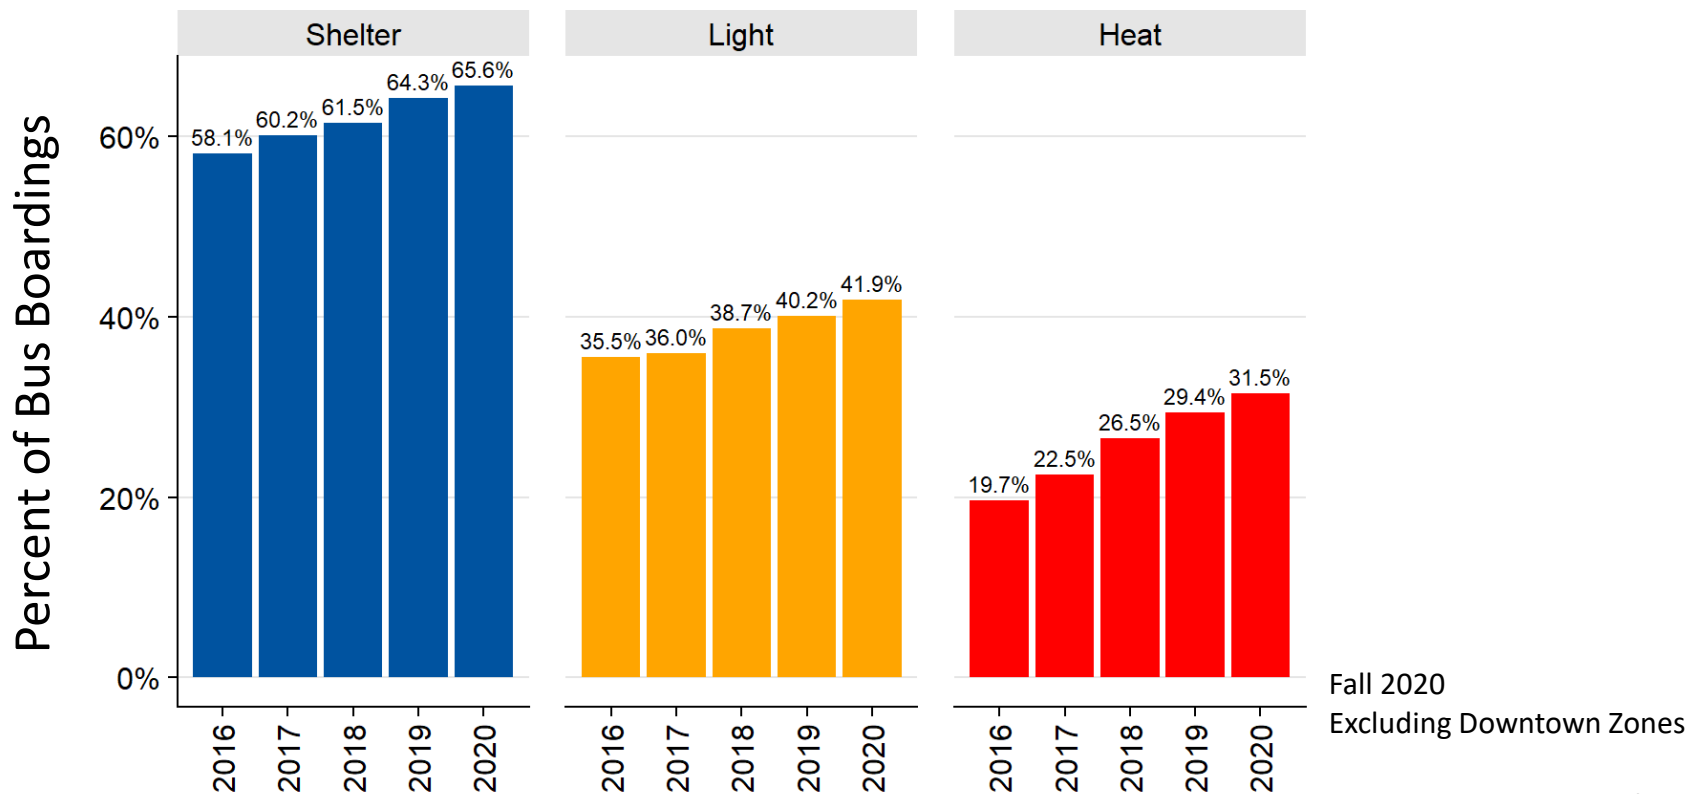

Shelters are where bus riders access the system the most.

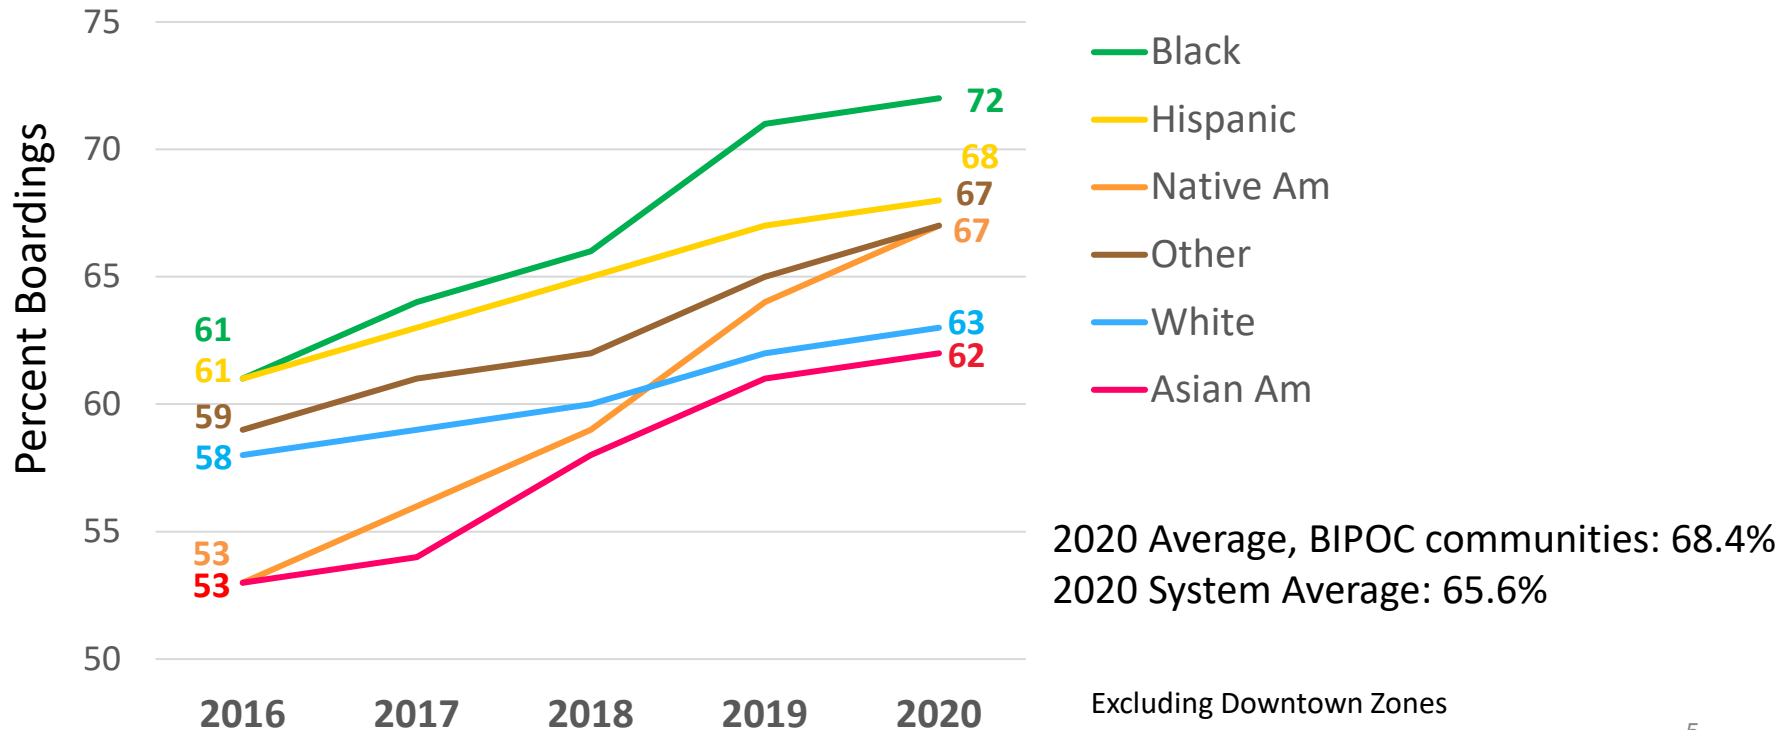

Key accomplishments 2014-2020

- ✓ Equity focus neighborhoods
- ✓ 150 new shelters
- ✓ 75 existing shelters improved with light or heat
- ✓ Update Metro Transit's shelter placement guidelines
- ✓ Shelters, light and heat are available at similar or higher rates in the equity focus area compared to the rest of Metro Transit's service area.

Availability of shelters, light and heat 2016-2020

Shelter availability by race & ethnicity: 2016-2020

2025 Goals

- ❑ People of color continue to have equitable access to transit shelters, lighting and heaters
- ❑ All bus stops with shelters have accessible boarding areas, pedestrian access, and clear spaces
- ❑ Increasing availability of accessible transit stops
- ❑ Construction projects result in accessible bus stops

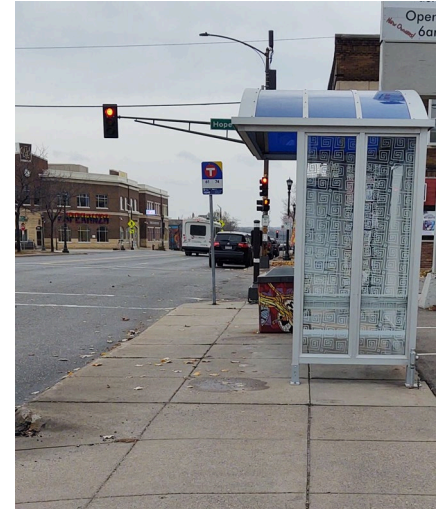

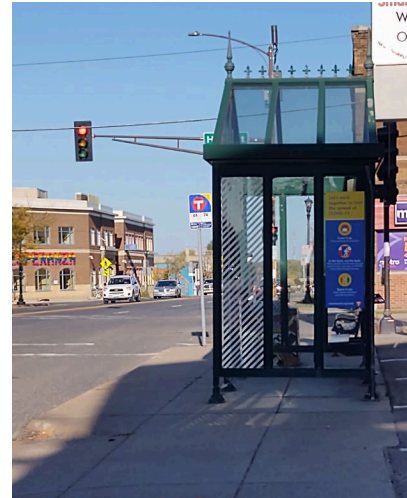

2020-2021 Capital Investments

- 2020
 - Added 15 shelters, replaced 22 aged shelters, and added 25 boarding pads
 - Achieved goal to add 150 new shelters within equity focus neighborhoods
- 2021
 - Focus on replacing aged shelters: 48 shelters
 - Added 11 shelters and 22 boarding pads

Capital project example

- Look at pedestrian accessibility as replace shelters
- MCUB contractors were prime contractors on 2 of 3 improvement contracts

Maintenance improvements

- Clear glass
- Art on shelter glass
- Increased staffing
- Adopt-A-Stop
