Proposed Action

That the Metropolitan Council pass Resolution 2022-21 declaring the METRO B Line Project as a public purpose, authorizing acquisition of all real estate interests necessary for the Project, and authorizing staff to initiate condemnation proceedings on behalf of the Council for parcels that cannot be acquired by negotiation.

Background

Metro Transit will lead construction of the METRO B Line project. The Council's Real Estate Office will lead acquisition efforts for the project.

The project requires the acquisition of approximately 12 temporary and 2 permanent easements from parcels along the METRO B Line corridor in the cities of Minneapolis and St. Paul. There are no anticipated fee acquisitions or relocations associated with the project.

All reasonable efforts will be made to acquire property through direct purchase; however, in some circumstances it may be necessary to use condemnation under Minnesota Statutes Chapter 117 to acquire property. Minnesota Statutes Section 117.12 requires that there be a public purpose for the use of condemnation. The attached resolution formally declares that the METRO B Line Project is a public purpose for the use of condemnation.

Rationale

Temporary and permanent easement acquisitions are necessary to implement the planned METRO B Line Project. This action resolves that the Project is a valid public purpose under Minnesota Statutes Sections 117.012 and 473.405.

Thrive Lens Analysis

The METRO B Line will upgrade and substantially replace Route 21, Metro Transit's second-highest ridership bus route. Investment in high-quality transportation options in the Route 21

corridor will advance the Thrive outcome of Prosperity, by making the region more economically competitive through increased workers' access to employment, and support to employers by increasing available workforce with affordable, convenient transportation.

The METRO B Line project advances the Thrive outcome of Equity by investing in a transit corridor serving communities of color. More than half of Route 21 riders identify as Black, Indigenous, or people of color (BIPOC). Investment in the METRO B Line will provide riders with faster service and a more comfortable waiting and riding experience.

The proposed action also advances the Thrive outcome of Stewardship by planning for METRO B Line corridor improvements efficiently with regional partnership from Hennepin County, Ramsey County, Minneapolis, and St. Paul.

Funding

Funding for right-of-way acquisition is available in the authorized Metro Transit capital program in Project 62802 (B Line).

Small Business Inclusion

There is no contracting, and therefore no small business inclusion, associated with this action.
