### Proposed Action

That the Metropolitan Council adopt an amendment to the 2022-2025 Transportation Improvement Program (TIP) to increase the cost and length of MnDOT's US 52 concrete surfacing project.

### Background

MnDOT is increasing the cost and length of its US 52 concrete surfacing project from Hampton Township to Rosemount. This is a 2023 project being changed to match the draft 2023-2026 TIP in case of project obligation prior to federal approval of that final TIP.

### Rationale

The Metropolitan Council approves formal amendments to the TIP. The project is consistent with the Transportation Policy Plan (TPP) and meets fiscal constraint because the federal and state funds are sufficient to fully fund the project. The Minnesota Interagency Air Quality and Transportation Planning Committee determined that the project is exempt from air quality conformity analysis.

### Thrive Lens Analysis

This action promotes *livability* by improving roadway conditions.

### Funding

The project is fully funded with federal and state funds.

Please amend the 2022-2025 Transportation Improvement Program (TIP) to change this project in program year 2023. This project is being submitted with the following information:

<u>15.5</u>				<u>\$65,000,000</u>	<u>\$52,000,000</u>	<u>\$13,000,000</u>	

**PROJECT BACKGROUND:**

- Briefly describe why amendment is needed (e.g., project in previous TIP but not completed; illustrative project and funds now available; discretionary funds received; inadvertently not included in TIP).

This amendment to increase the total project cost and length.

- How is Fiscal Constraint Maintained as required by 23 CFR 450.216 (check all that apply)?

- New Money
- Anticipated Advance Construction
- ATP or MPO or MnDOT Adjustment by deferral of other projects
- Earmark or HPP not affecting fiscal constraint
- Other X

Total project cost increase of \$3,254,000. Because this is a 2023 project, it will be included in the draft 2023-2026 TIP and with these updates. Metro District will align its program to meet MnDOT’s 2023-2026 STIP funding guidance. Therefore, fiscal constraint is maintained.

**CONSISTENCY WITH MPO LONG RANGE PLAN:**

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

**AIR QUALITY CONFORMITY:**

- Subject to conformity determination
- Exempt from regional level analysis
- N/A (not in a nonattainment or maintenance area)

\*Exempt Project Category S-10—Pavement resurfacing and/or rehabilitation per Section 93.126 of the Conformity Rules.
