Proposed Action

That the Metropolitan Council (“Council”) authorize the Regional Administrator to negotiate and execute Subordinate Funding Agreement #16 (12I021P) with the Minnesota Department of Transportation (“MnDOT”) in an amount not to exceed \$1,410,545.

Background

In 2015, the Council entered into a Master Funding Agreement (MFA) with MnDOT for the development of the METRO Green Line Extension Light Rail Transit Project (“the Project”). Each Subordinate Funding Agreement (SFA) under the MFA provides a method for the transfer of funds and defines the specific purpose of the expenditures.

This SFA will allow the Council to reimburse MnDOT for eligible professional services costs incurred during calendar year 2023 that are related to the Project. In 2023, MnDOT will assist the Project in design support, construction support, environmental oversight, utility coordination, and right-of-way management activities.

Rationale

Use of MnDOT staff is a cost-effective way to provide expertise in areas such as engineering and design, construction oversight, permitting, and right-of-way coordination.

Council Policy requires Interagency Agreements valued at greater than \$500,000 be approved by the Council.

Costs associated with this SFA are incorporated into the Council's Authorized Capital Budget under Project #61001.
