Transportation Committee

Committee Meeting Date: January 09, 2023

For the Metropolitan Council: January 25, 2023

Business Item: 2023-12

Review of Metropolitan Airports Commission's 2023-2029 Capital Improvement Program (CIP)

| | |
|----------------------------------|---|
| District(s), Member(s): | All Districts and Members |
| Policy/Legal Reference: | MN Statutes 473.145, 473.165, 473.181 and 473.621 Sd 6&7 |
| Staff Prepared/Presented: | Cole Hiniker, Senior Manager Multimodal Planning, (651) 602-1748 Amy Vennewitz, Deputy Director, (651) 602-1058 Charles Carlson, Director, (651) 602-1754 |
| Division/Department: | Metropolitan Transportation Services (MTS) |

Proposed Action

That the Metropolitan Council, pending a recommendation from the Transportation Advisory Board on January 18, 2023:

1. Find the Metropolitan Airports Commission (MAC) had an adequate public participation process for the development and review of its 2023-2029 Capital Improvement Program (CIP), including preparation of an assessment of environmental effects (AOEE) for 2023 projects with potential environmental effects.
2. Find that the 2023 CIP projects are in conformance with the region's Aviation System Plan in the 2040 Transportation Policy Plan and consistent with Council policy.

Background

The Metropolitan Airports Commission (MAC) annually prepares a Capital Improvement Program (CIP) for projects at Minneapolis-St. Paul International Airport (MSP) and their six General Aviation reliever airports. Under state statutes 473.181 and 473.621 the Council must:

- Determine adequacy of public participation in the CIP process,
- Approve CIP projects meeting certain dollar thresholds, \$5 Million at MSP and \$2 Million at all reliever airports and "significant effects" criteria (referenced in Attachment 2, A-H),
- Review and comment on all projects for consistency with the Transportation Policy Plan (TPP), including planning and environmental concerns.

The Transportation Advisory Board's Technical Advisory Committee (TAC) reviewed the draft CIP and recommended approval of the Council's review at their December meeting. The Transportation Advisory Board (TAB) was planning to consider this item at their December 21st meeting, but it was cancelled due to inclement weather. The MAC took action on December 19th to adopt the final 2023-2029 CIP and changes from the public comment drafts have been incorporated into this action. Any comments provided by TAB will also be included for consideration with the final Council action in January.

Analysis confirms that an Assessment of Environmental Effects (AOEE) has been prepared for

2023 projects with potential environmental effects, and MAC has in place an adequate public participation process for development and review of its AOEE and CIP. MAC held a public hearing on the AOEE on November 7th, at 10:30 AM at the Planning, Development and Environment Committee meeting at the MSP Conference Room.

The following 2023 projects meet the dollar threshold levels but do not meet the other “significant effects” criteria to trigger project approval:

| Airport | Category | Project | Cost |
|---------|---------------------------------------|--|--------------|
| MSP | End of Life/ Replacement Projects | Terminal 1 – Passenger Boarding Bridge Replacements | \$10,000,000 |
| MSP | End of Life/ Replacement Projects | 30L Deicing Pad Reconstruction | \$10,000,000 |
| MSP | End of Life/ Replacement Projects | Bituminous Shoulder Reconstruction | \$7,000,000 |
| MSP | End of Life/ Replacement Projects | Concourse G Apron Pavement Reconstruction | \$7,500,000 |
| MSP | End of Life/ Replacement Projects | Runway 12L-30R and 4-22 Intersection Reconstruction | \$15,000,000 |
| MSP | End of Life/ Replacement Projects | Taxiway P Pavement Reconstruction | \$11,000,000 |
| MSP | End of Life/ Replacement Projects | MSP Liquid Deicer Storage Facility | \$11,200,000 |
| MSP | End of Life/ Replacement Projects | MAC Technology Upgrades | \$10,000,000 |
| MSP | Maintenance/Facility Upgrade Projects | Terminal 1 – Mechanical Room C-1043 | \$9,800,000 |
| MSP | Long-term Comp Plan Projects | Terminal 1 – Baggage Claim/Ticket Lobby Operational Improvements | \$47,675,000 |
| MSP | Long-term Comp Plan Projects | Terminal 1 – Concourse G Infill Pod 2-3 | \$23,500,000 |
| MSP | Ongoing Maintenance Programs | Air Handling Unit Replacement | \$13,000,000 |
| MSP | Ongoing Maintenance Programs | Electrical Substation Replacement | \$7,500,000 |
| MSP | Ongoing Maintenance Programs | Emergency Power Upgrades | \$6,600,000 |
| MSP | Ongoing Maintenance Programs | Campus Building Roof Replacements | \$8,300,000 |
| MSP | MSP Tenant Projects | Concourse and Gatehold Modernization | \$23,800,000 |

All projects in the 2023 CIP are consistent with the Transportation Policy Plan (TPP). Many of the MSP projects were evaluated in the 2020 environmental assessment for MSP that received a Finding of No Significant Impact (FONSI) in March of 2013 from the Federal Aviation Administration. Initial analysis of the future years (2024-2029) of the CIP shows that many projects will meet the dollar threshold of review but only one project will meet the significant effects criteria, the Airlake LVN Runway 12-30 Improvements, which is a runway extension project that is currently scheduled for 2024 implementation. This project will be formally approved during next year’s CIP review. All potential projects will be re-evaluated on an annual basis.

There is a large dollar project included in the 2023 CIP that does not meet the significant effects criteria. The Concourse G Infill Pod 2-3 project is \$375,000,000 over two years and will expand waiting areas and make other passenger improvements in the G Concourse but does substantially increase the enplanements capacity of Terminal 1. The Council reviewed an Environmental Action Worksheet for this project and had no comments.

Rationale

Annual oversight review is needed to meet statutory requirements and to ensure that proposed project scopes and costs are responsive to system needs and conditions. Seven “significant effects” criteria (see criteria A-H in Attachment 3) determine projects that effect the orderly and economic development of the metropolitan area.

Thrive Lens Analysis

The MAC CIP has a focus on stewardship of important regional assets and promoting prosperity as an economic driver in the region. The MAP CIP also furthers livability by providing a high-quality experience for residents, businesses, and visitors traveling through the MAC airports. The environmental review process includes an analysis of environmental effects that addresses sustainability and equity as part of the analysis.

Funding

No funding implications for the Council. Federal, state, and MAC funding has been identified by the MAC for most projects in the 2023-2029 CIP.

MAC 2023 – 2029 Capital Improvement Program

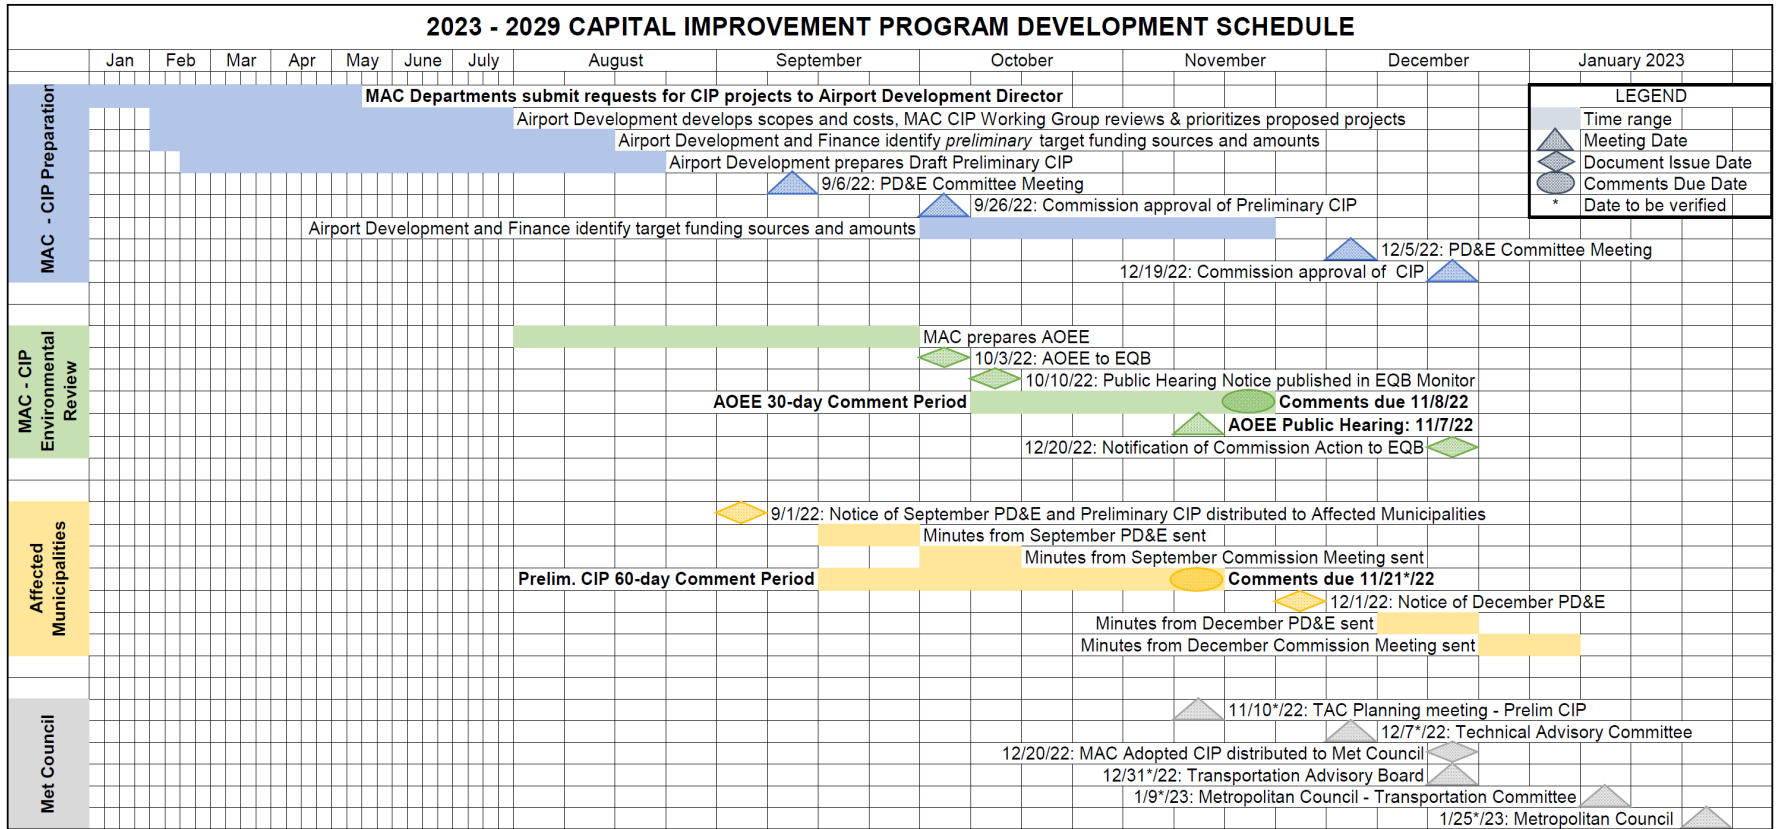

The MAC 2023 – 2029 Capital Improvement Program material included in this memorandum reflects final action by the Metropolitan Airports Commission at their December 19, 2022 meeting.

The overall review schedule for the CIP is listed below. Materials for the Met Council/TAB review are included in the following summaries:

- Attachment 1 – MAC 2023-2029 CIP Development and Public Review Schedule
- Attachment 2 – Projects Meeting Statutory Review Criteria & Requiring Approval. There are no projects that meet the criteria and requires approval from the Met Council this year.
- Attachment 3 – 2023 Projects Requiring an Assessment of Environmental Effects (AOEE). No 2023 CIP projects meet criteria for environmental review.
- Attachment 4 – Projects Meeting \$5M and \$2M Thresholds 2023-2029. A number of projects potentially meet the threshold dollar levels.

Attachment 1 - Metropolitan Airports Commission (MAC) Public Participation Process:

Notes:

- The Transportation Advisory Board meeting was rescheduled to January 19 because of inclement weather in December
- Affected Communities are defined in Minnesota Statutes § 473.621, Subd. 6, as amended.

Attachment 2 – 2023 Projects Meeting Statutory Review Criteria and Requiring Approval:

| 2023 CIP Projects, by Airport | Long-Term Comp Plan Reviews/ Actions | AOEE Actions | Capital Review Criteria (A) | Capital Review Criteria (B) | Capital Review Criteria (C) | Capital Review Criteria (D) | Capital Review Criteria (E) | Capital Review Criteria (F) | Capital Review Criteria (G) | Capital Review Criteria (H) |
|---|--------------------------------------|---|--|-----------------------------|-----------------------------------|---|---|---|---|---|
| Details | Review Action | <ul style="list-style-type: none"> EA-EAW Prepared EIS Reviewed NPDES Approved Legislative Requirement Regulatory Requirement Legal Requirement | Project meets Dollar threshold at: MSP = \$5M Relievers = \$2M | Location of a New Airport | New Runway at an Existing Airport | A Runway Extension at an Existing Airport | Runway Strengthening other than Routine Maintenance | New or Expanded Passenger Handling or Parking Facilities for 25% or more capacity Increase. | Land Acquisition associated with the other criteria, or that would cause relocation of residential or business activities | Project information made available by the MAC to affected cities for review |
| MSP International Airport 20223 Program | 2030 LTCP Update Approved in 2010 | | Several projects, see business item | N/A | N/A | N/A | N/A | N/A | N/A | N/A |
| St. Paul Downtown Airport | 2025 LTCP Approved in 2010 | | None | | | | | | | |
| Flying Cloud Airport | 2025 LTCP Approved in 2010 | MAC-City Agreement concluded; FAA review of Agreement & R.O.D. on FEIS completed as part of MAC/Airline Agreement. 2010 Plan being implemented. | None | | | | | | | |
| Crystal Airport | 2035 LTCP Approved in 2017 | FAA Issues FONSI in July 2019 | None | | | | | | | |
| Anoka County-Blaine Airport | 2025 LTCP Approved in 2010 | | None | | | | | | | |
| Lake Elmo Airport | 2035 LTCP Approved 2016 | FAA issues Finding of No Significant Impact in Aug 2018 | None | | | | | | | |
| Airlake Airport | 2035 LTCP Approval in 2018 | Negotiations on sewer & water service | None | | | | | | | |

Attachment 3 – 2023 Projects Requiring an Assessment of Environmental Effects (AOEEs):

Environmental Categories Affected by the Project, MSP Airport

| Project Description | Are the Effects of the project Addressed in an Approved EAW, EA or EIS? | Air Quality | Compatible Land Use | Fish Wildlife and Plants | Floodplains and Floodways | Hazardous Materials, Pollution Prevention and Solid Waste | Historical, Architectural, Archaeological and Cultural Resources | Light Emissions and Visual Effects | Parks & Rec. Areas and Trails | Noise | Water Quality (Storm, Waste and Ground Water) | Wetlands | Infra-structure and Public Services | Farmland | Erosion and Sedimentation |
|---|--|-------------|---------------------|--------------------------|---------------------------|---|--|------------------------------------|-------------------------------|-------|---|----------|-------------------------------------|----------|---------------------------|
| No EA or EIS Required for 2023 Projects | MSP 2020 Environmental Assessment findings MSP – Concourse G Infill – Pod 2-3 EAW | None | None | None | None | None | None | None | None | None | None | None | None | None | None |

Environmental Categories Affected by the Project, Reliever Airports

| Project Description | Are the Effects of the project Addressed in an Approved EAW, EA or EIS? | Air Quality | Compatible Land Use | Fish Wildlife and Plants | Floodplains and Floodways | Hazardous Materials, Pollution Prevention and Solid Waste | Historical, Architectural, Archaeological and Cultural Resources | Light Emissions and Visual Effects | Parks & Rec. Areas and Trails | Noise | Water Quality (Storm, Waste and Ground Water) | Wetlands | Infra-structure and Public Services | Farmland | Erosion and Sedimentation |
|----------------------|---|-------------|---------------------|--------------------------|---------------------------|---|--|------------------------------------|-------------------------------|-------|---|----------|-------------------------------------|----------|---------------------------|
| No projects for 2023 | | | | | | | | | | | | | | | |

Attachment 4 – MAC Projects Anticipated to Meet the \$5 million and \$2 million Thresholds from 2023 – 2029:

| | =Projects that meet the \$5 million threshold at MSP or the \$2 million threshold at reliever airports but DO NOT meet “significant effects” criteria. | | | | | | | |
|-------|--|--------------|--------------|--------------|---------------|---------------|---------------|--------------|
| | =Projects that meet the \$5 million threshold at MSP or the \$2 million threshold at reliever airports and meet the “significant effects” criteria requiring Council approval prior to implementation. | | | | | | | |
| NOTES | MSP End of Life/Replacement Projects | 2023 | 2024 | 2025 | 2026 | 2027 | 2028 | 2029 |
| | 10 - Terminal 1 | | | | | | | |
| 2 | Concourse and Hub Tram Replacement | \$500,000 | | | \$300,000,000 | \$300,000,000 | | |

| 5 | Telecom Room Equipment Continuity (TREC) | | \$1,510,000 | | | | | |
| | 63 - Police | | | | | | | |
| 5 | Card Access Modifications | | \$2,500,000 | | \$2,800,000 | | \$2,500,000 | |
| | MSP IT Projects Subtotal | \$10,850,000 | \$14,210,000 | \$10,000,000 | \$13,800,000 | \$11,000,000 | \$14,500,000 | \$11,000,000 |

MAC Environmental Notes:

- 1) A project that has the potential for substantial environmental effects.
- 2) A reconstruction, rehabilitation, repair or replacement that does not physically alter the original size (an EAW or EIS is not required).
- 3) An electrical or mechanical device that monitors, indicates or controls existing conditions (an EAW or EIS is not required).
- 4) An electrical, mechanical or structural device and/or modification of an existing structure that does not significantly increase size or passenger capacity (an EAW or EIS is not required).
- 5) A project that consists of safety or security enhancements, facility maintenance, or facility upgrades (an EAW or EIS is not required).
- 6) A new, replacement or expansion project that does not have substantial effect (an EAW or EIS is not required).
- 7) Consultant fees only for planning, design, or environmental work.
- 8) Residential noise mitigation efforts that are designed to alleviate the impact of aircraft noise (an EAW or EIS is not required).
- 9) Projects associated with the Airport Foundation art program (an EAW or EIS is not required).
- 10) Projects involving the demolition of existing buildings (an EAW or EIS is not required).

MAC Environmental Notes:

- 1) A project that has the potential for substantial environmental effects.
- 2) A reconstruction, rehabilitation, repair or replacement that does not physically alter the original size (an EAW or EIS is not required).
- 3) An electrical or mechanical device that monitors, indicates or controls existing conditions (an EAW or EIS is not required).
- 4) An electrical, mechanical or structural device and/or modification of an existing structure that does not significantly increase size or passenger capacity (an EAW or EIS is not required).
- 5) A project that consists of safety or security enhancements, facility maintenance, or facility upgrades (an EAW or EIS is not required).
- 6) A new, replacement or expansion project that does not have substantial effect (an EAW or EIS is not required).
- 7) Consultant fees only for planning, design, or environmental work.
- 8) Residential noise mitigation efforts that are designed to alleviate the impact of aircraft noise (an EAW or EIS is not required).
- 9) Projects associated with the Airport Foundation art program (an EAW or EIS is not required).
- 10) Projects involving the demolition of existing buildings (an EAW or EIS is not required).

| Total | | \$321,165,000 | \$1,074,840,000 | \$438,670,000 | \$490,320,000 | \$594,805,000 | \$412,200,000 | \$175,800,000 |

MAC Environmental Notes:

- 1) A project that has the potential for substantial environmental effects.
- 2) A reconstruction, rehabilitation, repair or replacement that does not physically alter the original size (an EAW or EIS is not required).
- 3) An electrical or mechanical device that monitors, indicates or controls existing conditions (an EAW or EIS is not required).
- 4) An electrical, mechanical or structural device and/or modification of an existing structure that does not significantly increase size or passenger capacity (an EAW or EIS is not required).
- 5) A project that consists of safety or security enhancements, facility maintenance, or facility upgrades (an EAW or EIS is not required).
- 6) A new, replacement or expansion project that does not have substantial effect (an EAW or EIS is not required).
- 7) Consultant fees only for planning, design, or environmental work.
- 8) Residential noise mitigation efforts that are designed to alleviate the impact of aircraft noise (an EAW or EIS is not required).
- 9) Projects associated with the Airport Foundation art program (an EAW or EIS is not required).
- 10) Projects involving the demolition of existing buildings (an EAW or EIS is not required).
