Proposed Action

That the Metropolitan Council adopt an amendment to the 2025-2028 Transportation Improvement Program (TIP) to reduce the cost and combine the scopes of MnDOT’s I-94 and I-35E bridge improvements project.

Background

MnDOT requests an amendment to the 2025-2028 Transportation Improvement Program (TIP) to reduce the cost and combine scopes for its I-94 and I-35E bridge improvements projects. MnDOT requests that one project (SP# 6282-224) to rehabilitate the Marion Street (CSAH 56) bridge over I-94 and the eastbound ramp to be merged into an existing project (SP# 6282-216) to improve several bridges over I-94 and I-35E. This includes a minor change in scope to change signal replacement to repair. The following improvements are included in the amendment request:

- Repair nine bridges
- Replace superstructure on two bridges
- Reconstruct pavement near two bridges
- Rehabilitate Marion Street (CSAH 56) bridge, improve signals on eastbound ramp, and ADA improvements

Rationale

The Metropolitan Council approves formal amendments to the TIP. The project is consistent with the Transportation Policy Plan (TPP) and meets fiscal constraint because the federal and state funds are sufficient to fully fund the project.

Thrive Lens Analysis

This action promotes livability by distributing federal funds a transportation projects.

Funding

This project is fully funded with federal and state funds.

Small Business Inclusion

Each of the projects included in this request is federally funded. The Minnesota Department of Transportation will oversee the federal requirements, including the DBE requirement.

2025-2028 TIP AMENDMENT REQUEST

Please amend the 2025-2028 Transportation Improvement Program (TIP) to adjust the below projects.

State \$	2,536,500 2,375,800	190,700
Other \$	NA	397,000

Background and TIP Amendment Need

This amendment is needed to drop tied SP 6282-224, combine the scope with a slight scope change into SP 6282-216, remove the local funds and reduce the total project cost.

Fiscal Constraint (as required by 23 CFR 450.216)

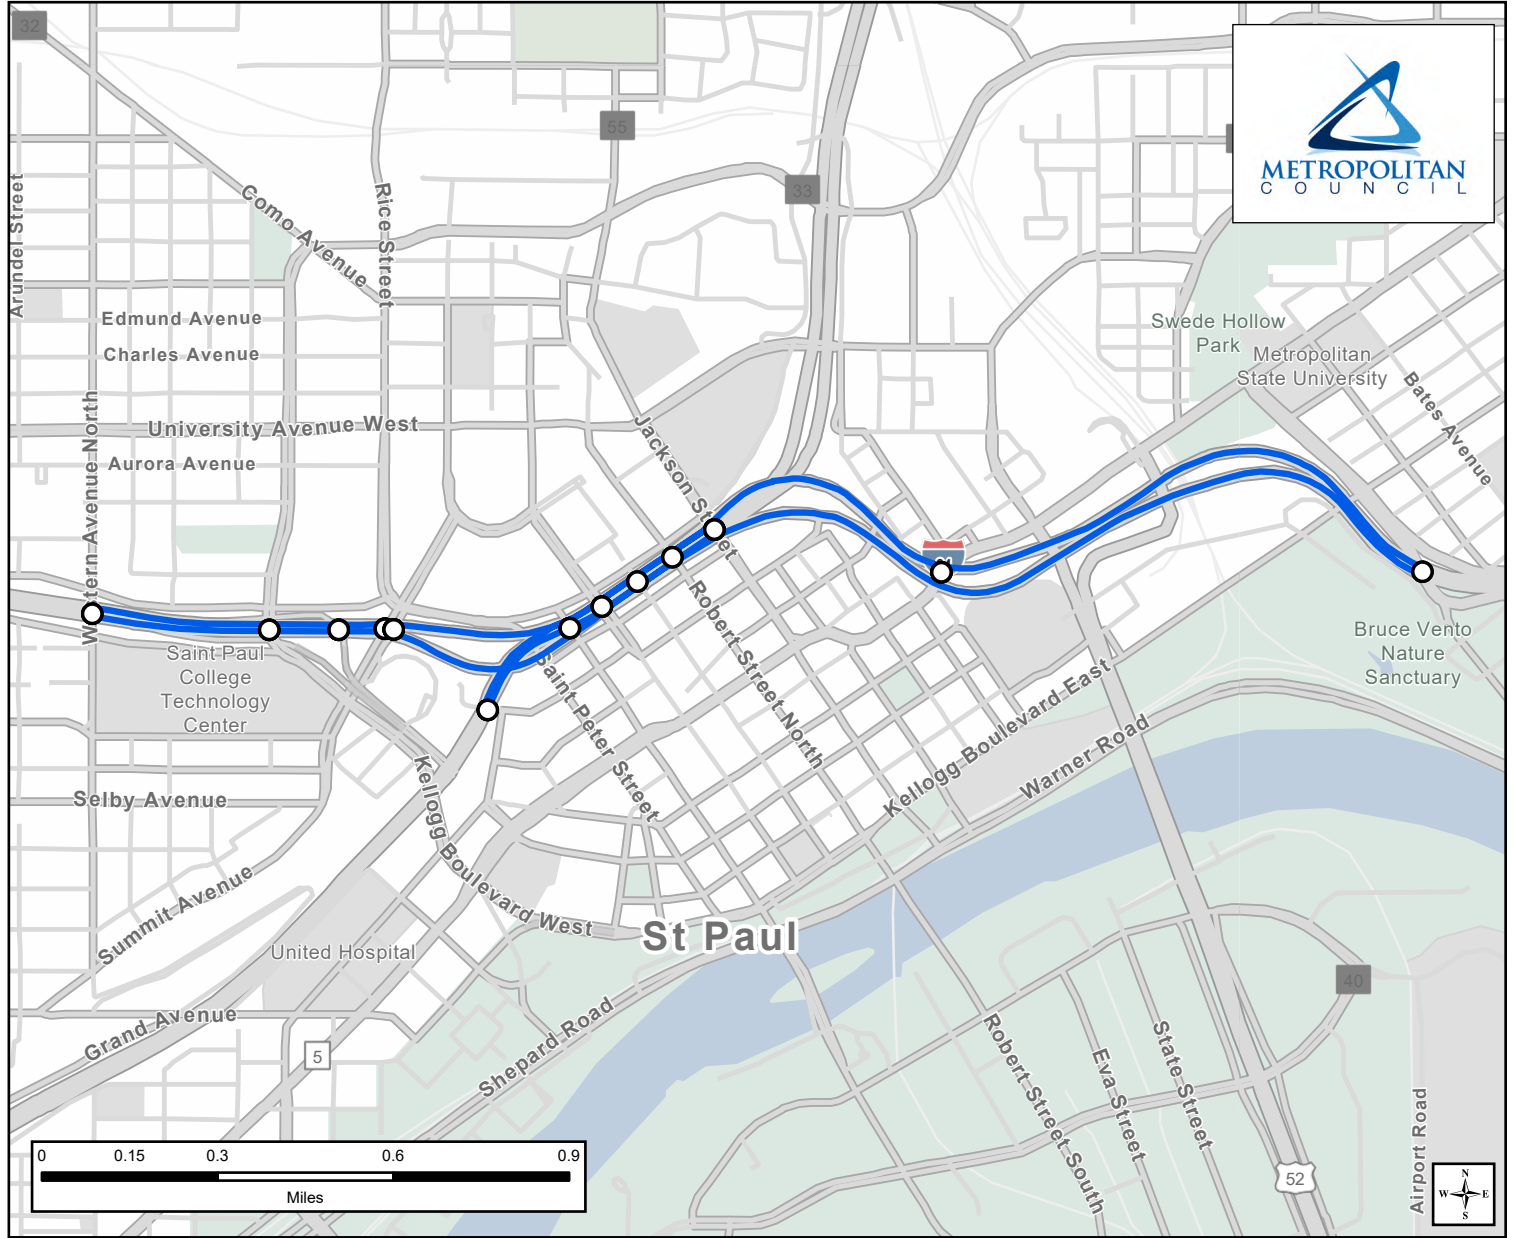

The total project cost decreased by \$3,911,000 from \$27,669,000 to \$23,758,000. No additional federal funds are needed therefore fiscal constraint is maintained.

Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020, with FHWA/FTA conformity determination established on December 4, 2020.
