

# Committee Administration: MAWSAC & TAC

Joint Meeting of the Metro Area Water Supply Policy & Technical Advisory Committees | January 9, 2024 | Judy Sventek

# Agenda

## Call to Order

- Approval of agenda and minutes

## Business Item

- 2024-2025 work plan

## Information Items and Committee Work

- Updated approach to 2050 water demand projection
- Update on subregional engagement
- Input on Updated Metro Area Water Supply Plan and Water Policy Plan
- Input on “3 Plans” Coordination
- Update on Water Efficiency Grant Program
- Water Resources Manager’s Update
- Chairs’ Updates

## Next Steps

# TAC meeting update: October 10, 2023

## TAC Questions and Discussions

- TAC provided input and recommendations for the proposed 2050 water demand projection method
- TAC provided input on ES draft Water Policy Plan objectives
- TAC provided input on Metro Area Water Supply Plan, particularly dashboard measures

# MAWSAC meeting update: November 14, 2023 - CANCELLED

## MAWSAC responses

- It is important to continue sharing emerging issues. For example: local news about a new elementary school being put on hold due to White Bear Lake court order water restrictions
- Input on updated Water Demand Projection Approach
  - Consider using different time period (2017-2021)
  - Consider using January data to reflect essential use
  - Projecting private well use is a challenge
  - Supports determining sustainable capacities of sources
- Input on objectives
  - Need to step up water advocacy and awareness

# Supplemental information items

## Efforts of interest

- Water Supply Planning Atlas
- Multi-community WHPP pilot project

## Request to MAWSAC and TAC

- Review these materials and contact staff with questions
