Welcome to Mural!

We may use this tool for group brainstorming or organization at future meetings. Follow the instructions below to explore how to use this tool. Have fun!

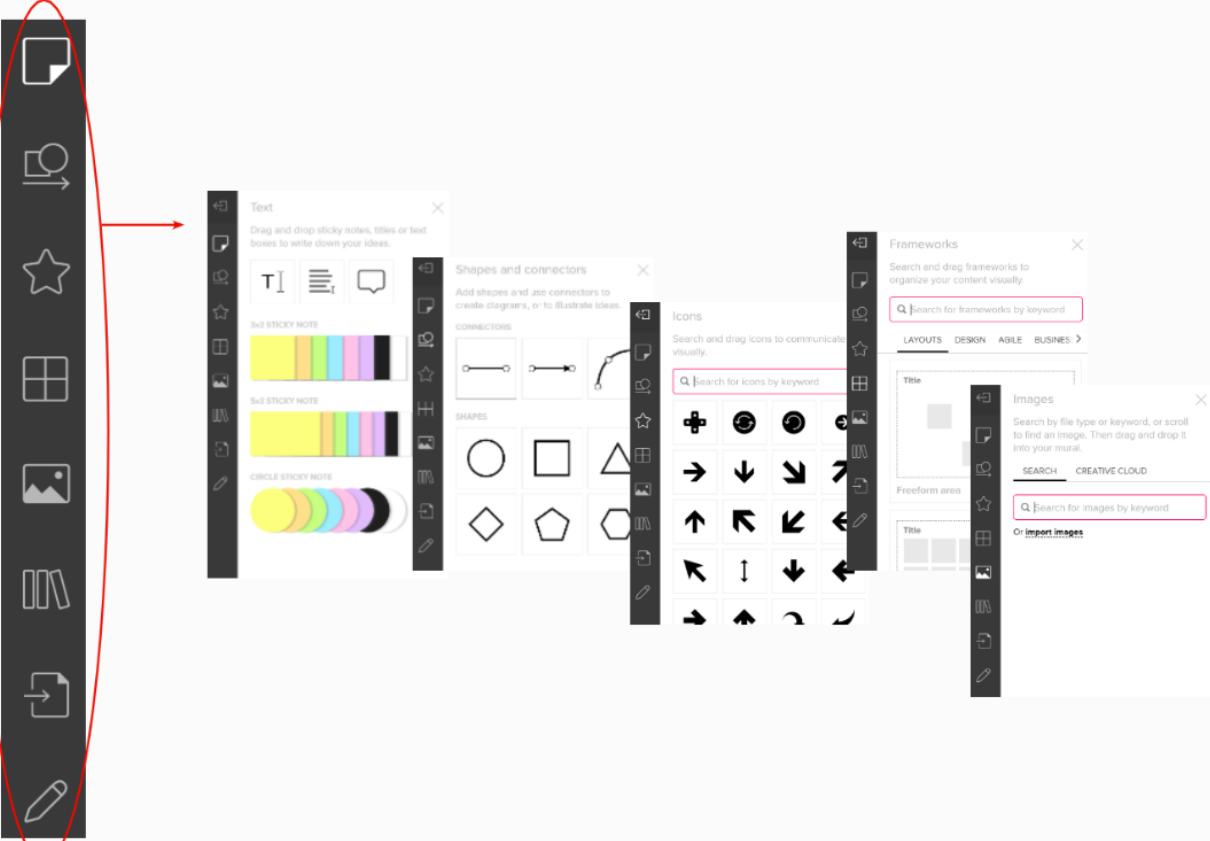

1. Open the Outline icon in the upper right to help navigate to different content.

In the upper right, click on the outline icon to open a panel on the right side of the window.

2. Open the Element panel to the left to explore different elements you can add to the board.

On the left, click on the different element icons to open panels on the left side of the window. Once open, add post-its, shapes, and/or text to the Mural board.

LR Smiley LR +

Break-out #1
Add text or a post-it here with a book recommendation.

Break-out #2
Add an icon here that represents something you love about your community.

Break-out #3
Add an image here to illustrate something you look forward to when the pandemic is over.
