

Water Resources Policy Plan Advisory Group Meeting #2

WRPP Advisory Group Meeting December 10, 2021

Agenda

- **Welcome and Ice Breaker**
- **Update on Priority Waters Project**
- **Introduction to New Issues for WRPP**
- **Brainstorm ideas for New Issues**
- **Plus/Delta**
- **Next Steps**

Welcome and Housekeeping Information

Use Both Video and Microphones: When speaking turn on both; turn off when not.
* We know there might be internet problems and we can adjust *

Try to Limit External Distractions: Turn off email & phones. Be here now.
* We know there are always exceptions, please let us know by chat if you step away *

Problems May Occur: It happens... we'll get through this.
* Please email Tessa Wegenke if you can't get back to us *

Mentimeter Exercise

Go to www.menti.com and use the code 7343 5997

FUTURE VISIONING

Please provide adjectives to describe the waters of the metro in 2050.

Priority Waters Info Item

Draft New Policy Areas

1. Water Quality
2. Rural Water Concerns
3. Water Availability, Access, Use
4. Wastewater Issues
5. Source Water Protection & Vulnerable Areas

Developed through:

- Internal brainstorming
- Input from customers & external stakeholders – MAWSAC/TAC, communities, counties, watersheds

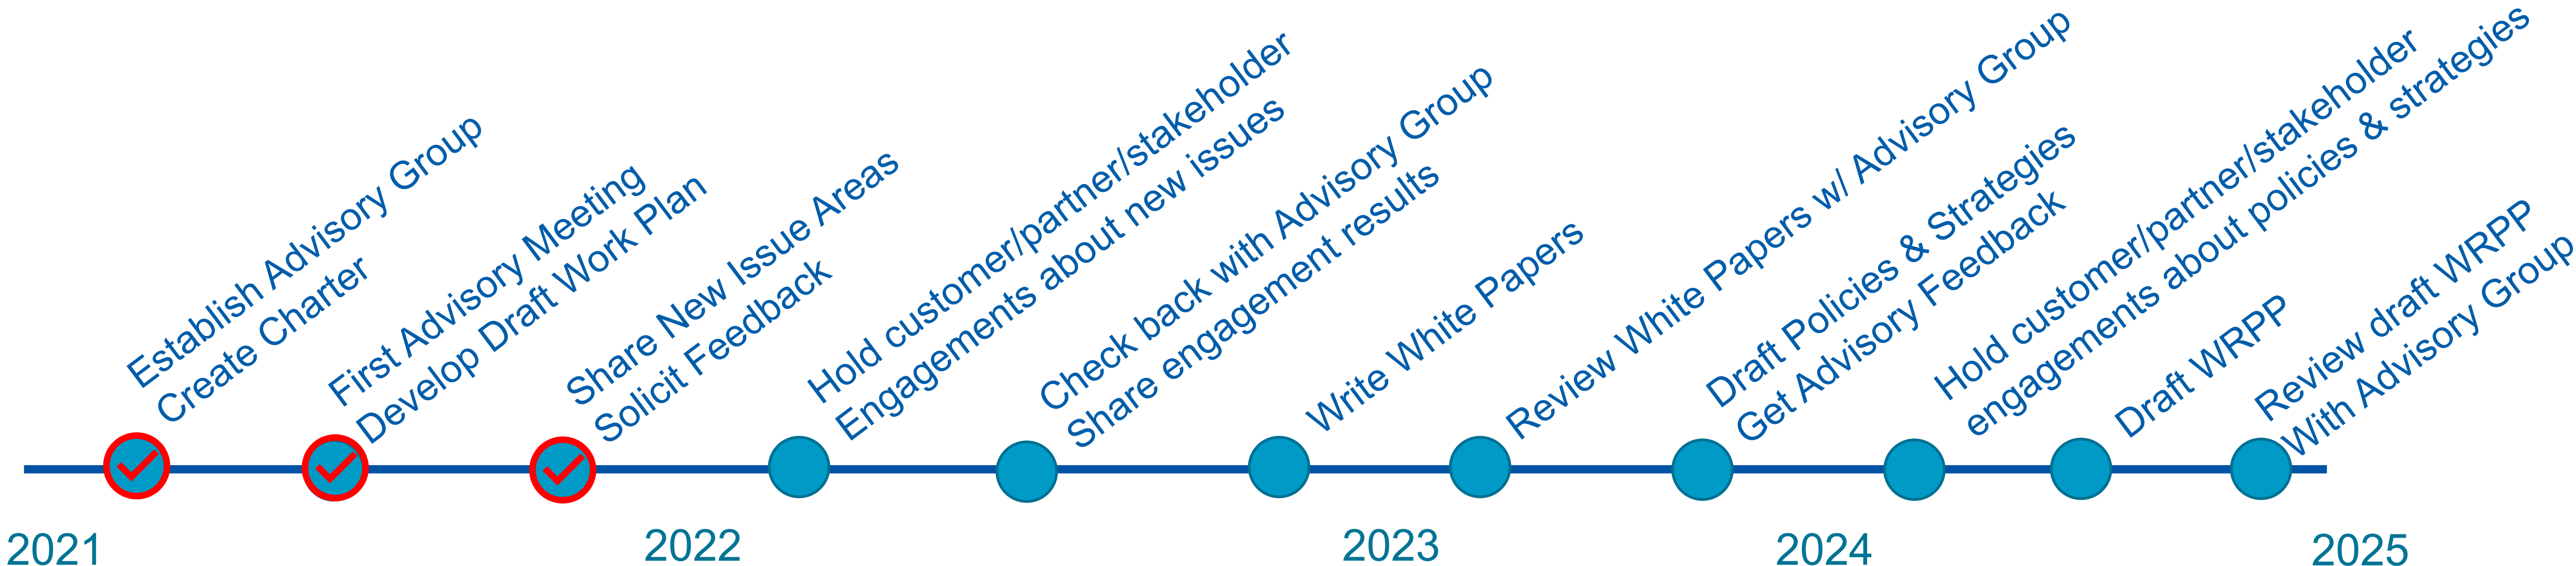

Need to check ideas against local perspectives

- Are we missing anything?
- Should we remove anything?
- Did we miss the mark?
- Who else should we talk to?

Mural Exercise

Next Steps: Process Timeline

Next Steps

Council Staff

- Incorporate brainstormed input into WRPP new issues framing for future engagements
- Get additional feedback from suggested stakeholder groups
- Draft a 2022 workplan & share it with advisory group
- Send out a meeting poll and/or meeting invite for next meeting
- Send out materials before next meeting for Members to review

Members

- Contact us if you think of any additional input about the WRPP new issues
- Try to access the Microsoft Teams site to access documents
- Review materials before next meeting
