# TPP Goals, Engagement & Review

## What's included in this study?

- The TPP Goals, Engagement, and Review study is a precursor to the TPP update.
- Study components include:
  - **Summary** of Existing Plans in the Region and Peer Region Plan Themes
  - Engagement **Listening Sessions and Workshops**—2 phases
  - **Coordination** with Equity Engagement Consultant for additional targeted engagement
  - **Evaluation** of the 2040 TPP, **Recommendations**, and **Summary** Report
- After the study is complete, the Council will use the recommendations to draft new goals and objectives for the 2050 TPP.
  - Anticipated to occur in May.
  - Council will lead additional engagement and review throughout as the 2050 plan is developed throughout 2023-2024.

# Plan Adoption and Updates

## When was the TPP adopted and updated?

- Originally adopted in 2014, the 2040 TPP was updated in 2018 and 2020.
- The 2050 TPP will be adopted in 2024 in conjunction with the 2050 Regional Development Guide.
- This work will help identify what goals and objectives should be emphasized and prioritized in the 2050 TPP.

# 2040 Plan Direction

## What's included in the 2040 TPP?

- **Six goals** make up the vision for the region's transportation system:
  - Transportation System Stewardship
  - Safety and Security
  - Access to Destinations
  - Competitive Economy
  - Healthy and Equitable Communities
  - Leveraging Transportation Investments to Guide Land Use
- These goals are supported by **20 objectives** and dozens of more specific strategies and actions.

# 2040 Plan Goals

## What is the 2040 TPP's strategic direction for the region's transportation system?

- **Transportation System Stewardship**—Sustainable investments in the transportation system are protected by strategically preserving, maintaining, and operating system assets.
- **Safety and Security**—The regional transportation system is safe and secure for all users.
- **Access to Destinations**—A reliable, affordable, and efficient multimodal transportation system supports the prosperity of people and businesses by connecting them to destinations throughout the region and beyond.

# 2040 Plan Goals (2)

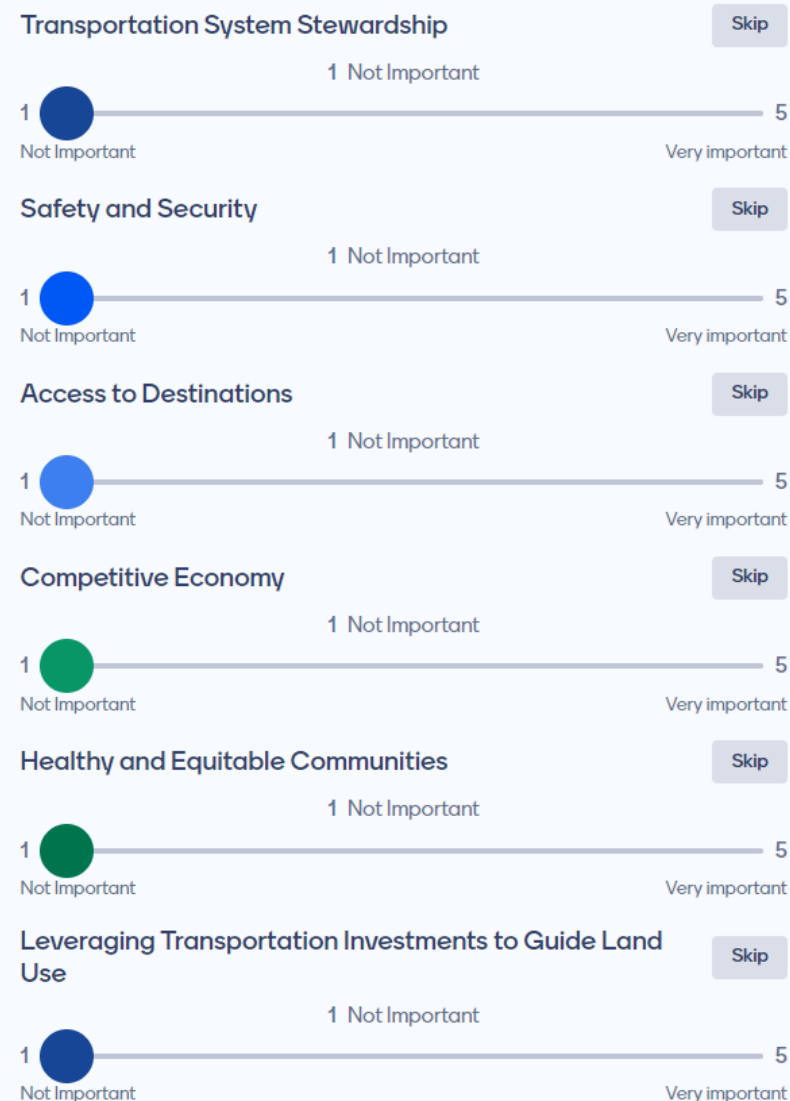

## What is the 2040 TPP's strategic direction for the region's transportation system?

- **Competitive Economy**—The regional transportation system supports the economic competitiveness, vitality, and prosperity of the region and state.
- **Healthy and Equitable Communities**—The regional transportation system advances equity and contributes to communities' livability and sustainability while protecting the natural, cultural, and developed environments.
- **Leveraging Transportation Investments to Guide Land Use**—The region leverages transportation investments to guide land use and development patterns that advance the regional vision of stewardship, prosperity, livability, equity, and sustainability.
