May Breakout Groups

“Whatever needs the most change is what needs the most attention to advance.”

“Technology is not the vision. Use technology to get to the vision.”

What We Heard From You ⁽¹⁾

Values

- Equity
- Respect

- Belonging
- Engagement
- Inclusion
- Participation

- Accountability
- Transparency

- Innovation

- Choice
- Comfort
- Convenience
- Flexibility
- Mobility
- Safety
- Stewardship

What We Heard From You ⁽²⁾

Vision - Regional

- High quality of life
- Healthy and livable

- Environmentally sustainable growth

- Economically competitive
- Shared prosperity

- Technology helps solve problems

- Connected / convenient communities
- Mixed-use suburbs
- Higher density mixed use corridors
- Places for people
- Vibrant street life

- Racial equity
- Acknowledgment of history and contributions of Native communities

What We Heard From You ⁽³⁾

Vision - Transportation

- Regional connections to opportunity
- Safe and accessible for all modes
- Smooth inter/multi-modal connections
- Resilient to changing climate/weather
- Pollution / GHG reduction tied to inequities
- Equitable investment and funding
- Equitable infrastructure condition
- Supports sustainable land use patterns
- Expands to serve growing areas
- Connectivity with Greater Minnesota
- Electric vehicle charging grid
- Attractive choices for those without personal vehicles
- More complete streets
- Sidewalks in all cities

What We Heard From You ⁽⁴⁾

Equity / Engagement Issues

- Need for buy-in
- Engage with humility and respect
- Address racial inequities
- Incorporate health considerations

Infrastructure Issues

- EV infrastructure
- Green infrastructure
- Bridges
- ROW allocation
- Curb use
- Freight / e-Commerce
- OS / OW needs
- Asset management

Travel Behavior Issues

- Hybrid / post-pandemic
- VMT reduction
- Transit demand
- Transit access / reliability

What We Heard From You ⁽⁵⁾

Climate Issues

- Competitiveness of sustainable choices
- Integrated sustainability approaches
- Livability impacts of changing climate

Land Use Issues

- TOD investment
- TOD affordability
- Freight / industry protection
- Repair / restore
- Hybrid work / communities

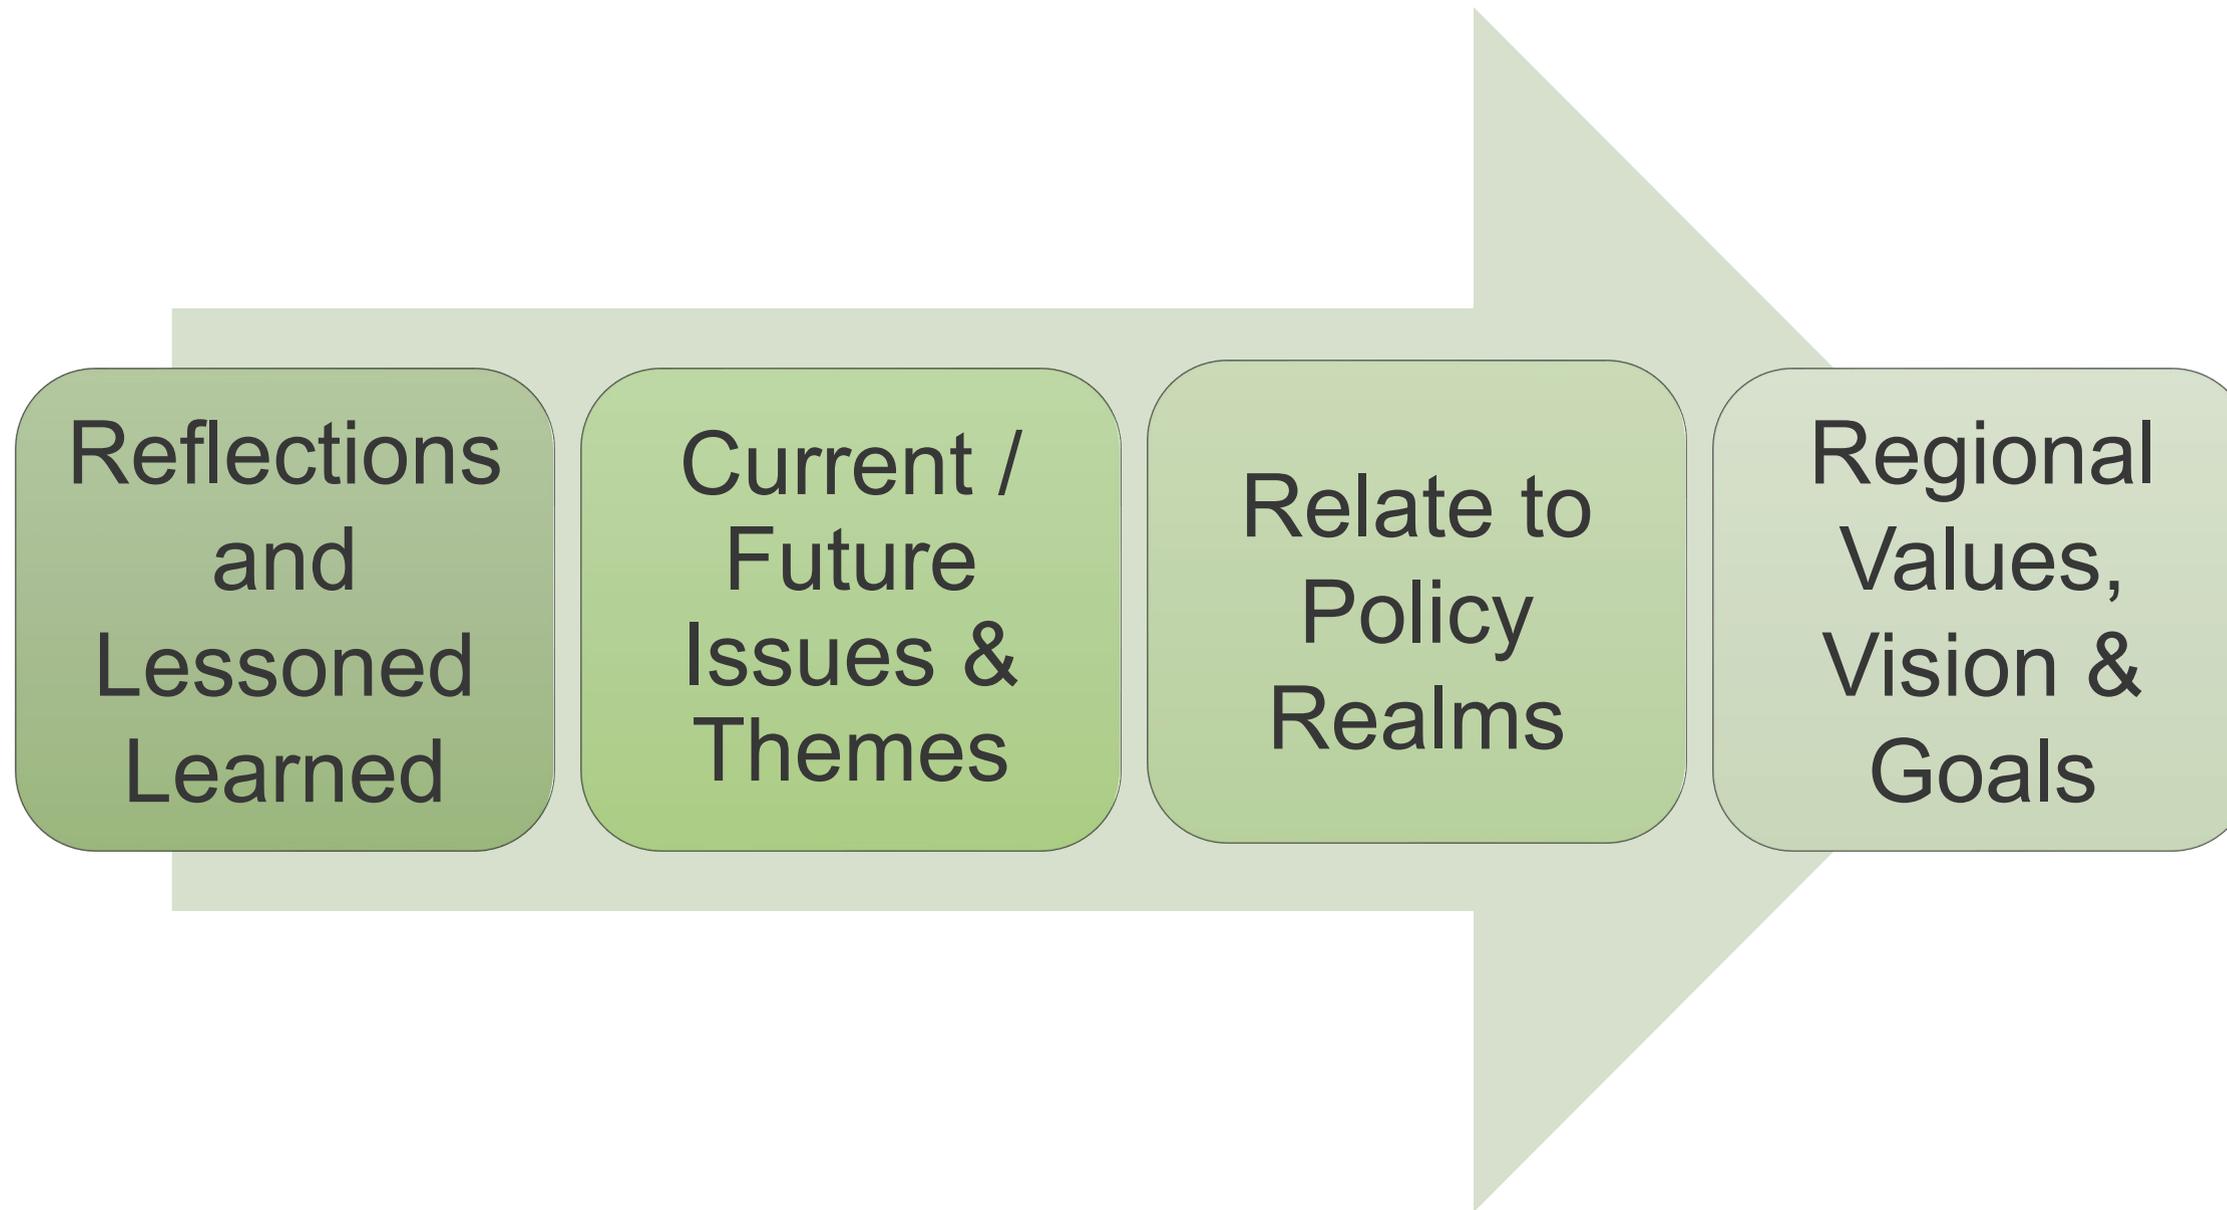

Implementation Issues

- Realistic / possible
- Goal prioritization
- Clear definitions of equity, balance, and stewardship
- Clear definitions of goals and tracking of progress
- Funding constraints
- Financing with EV adoption

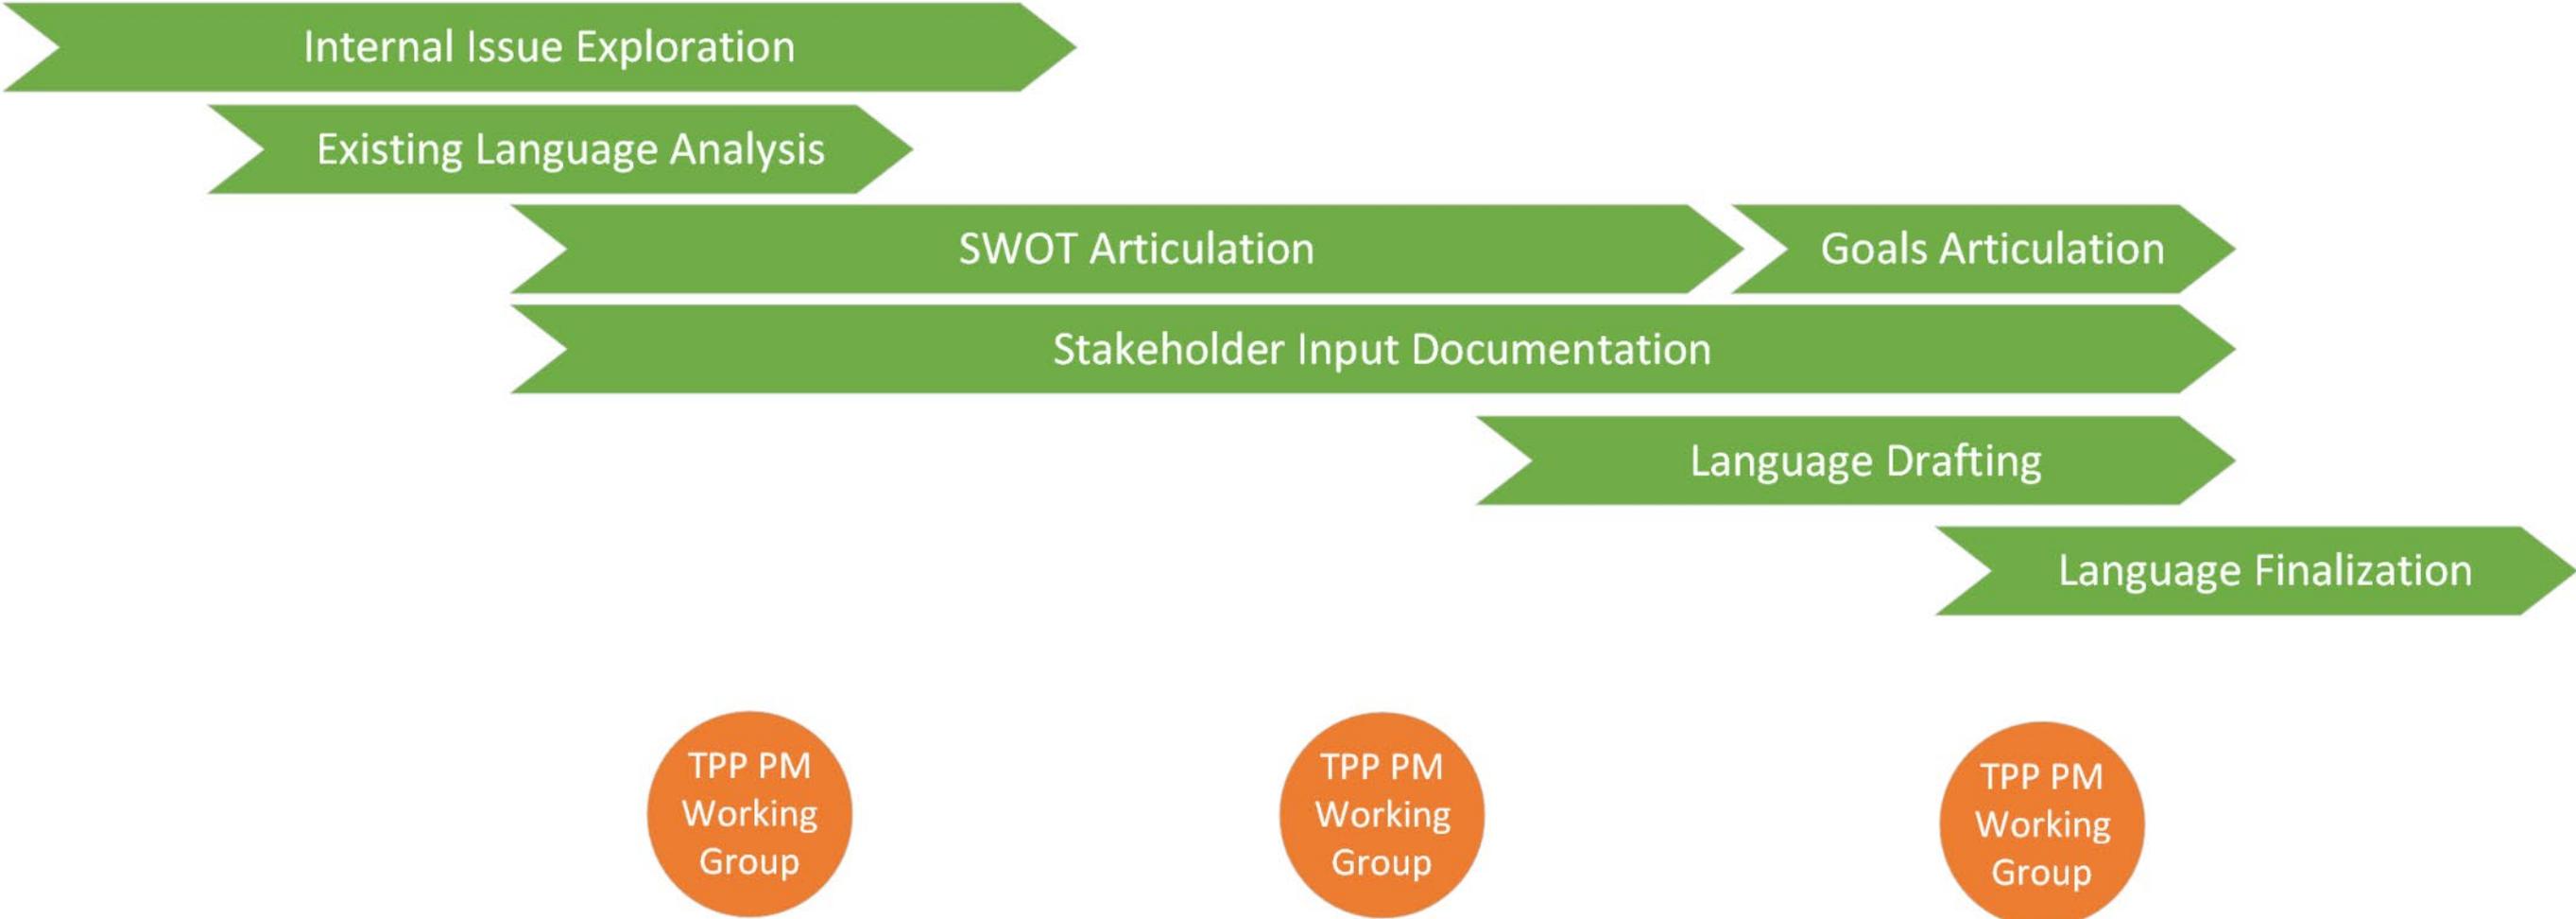

Preparation for Policymaker Group

Process Overview ⁽¹⁾

Process Overview (2)

Polycymaker Group

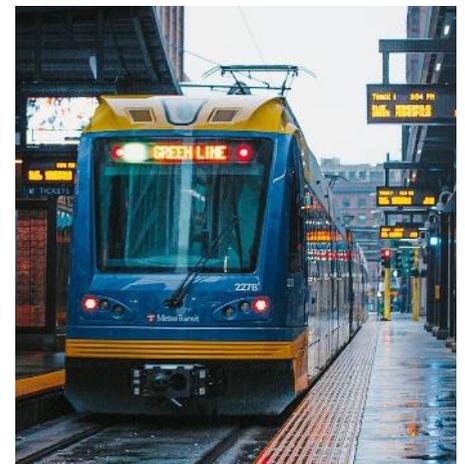

Topics for Consideration

- June:
 - Facilitated breakout groups on conceptual planning themes
- August:
 - Structured review of input on values, vision elements, and issues of concern
 - Review of high-level indicators on region's strengths, weakness, opportunities, and threats
- October:
 - Review and input on proposed draft language

Breakout Group Proposal ⁽¹⁾

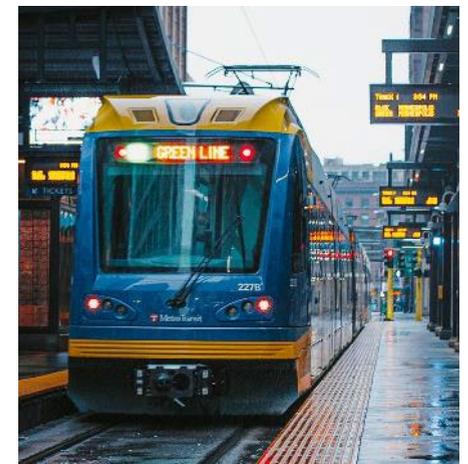

Five themes:

- *Equitable, affordable, and welcoming*
- *High quality and resilient environment*
- *Vibrant places and destinations*
- *Accessible and interconnected*
- *Prosperous and healthy*

Breakout Group Proposal ⁽²⁾

- **Theme 1: Equitable, affordable, and welcoming**
 - Each small group discusses topic for 10 minutes
 - *What values are associated with this topic?*
 - *What statement or statements would the group make to articulate the vision associated with this topic?*
 - Group 1 takes lead on reporting out
 - Other groups then share any other thoughts
- Theme 2, Group 2 repeats above
