

White Bear Lake Area Comprehensive Plan Meeting #5

Proposed Rules and Engineering Standards

November 7, 2024

Greg Johnson, Principal Engineer

metro council.org

Proposed rules and engineering standards for technical studies (1/3)

Drinking water rules

1. Minnesota rules governing the public water systems - Minnesota Rules, chapter 4720
2. Federal Safe Drinking Water Act - US Code, Title 42, Chapter 6A, Subchapter XII)
3. National Primary Drinking Water Regulations and Implementation - Title 40, Code of Federal Regulations, Part 141 and Part 142

Surface water rules

1. Minnesota rules governing waters of the state - Minnesota Rules, chapter 7050

Proposed rules and engineering standards for technical studies (2/3)

Proposed engineering standards

1. Recommended Standards for Water Works (Ten States Standards) - Great Lakes - Upper Mississippi River Board (GLUMRB)
2. American Water Works Association (AWWA) – All applicable standards
3. Recommended Standards for Wastewater Facilities (Ten States Standards) - Great Lakes - Upper Mississippi River Board (GLUMRB)
4. Water Environment Federation (WEF) – Standards for Design for Design of Water Resource Recovery Facilities
5. Minnesota Stormwater Manual

Proposed rules and engineering standards for technical studies (3/3)

Question – Are there other rules and standards that we should require the consultants to follow as they update the studies and start new studies?
