City of Afton

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Afton.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,170	1,091	2,955	2,946	2.70	9
2010 Census	1,143	1,081	2,886	2,882	2.67	4
Change, 2010-2020	+27	+10	+69	+64	+0.03	+5

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Afton's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.7% of Afton's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	2,886	100.0%	2,955	100.0%	+69	NA
White, non-Latino	2,668	92.4%	2,581	87.3%	-87	-5.1
All BIPOC residents (Black / Indigenous / People of color)	218	7.6%	374	12.7%	+156	+5.1
Black or African American, non-Latino	19	0.7%	23	0.8%	+4	+0.1
Asian or Pacific Islander, non-Latino	125	4.3%	137	4.6%	+12	+0.3
Hispanic or Latino	48	1.7%	88	3.0%	+40	+1.3
American Indian or Alaska Native, non-Latino	6	0.2%	8	0.3%	+2	+0.1
Other race not listed above, non-Latino	0	0.0%	17	0.6%	+17	+0.6
More than one race, non-Latino	20	0.7%	101	3.4%	+81	+2.7

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Afton's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	598	100.0%	2,357	100.0%
White, non-Latino	474	79.3%	2,107	89.4%
All BIPOC residents (Black / Indigenous / People of color)	124	20.7%	250	10.6%
Black or African American, non-Latino	12	2.0%	11	0.5%
Asian or Pacific Islander, non-Latino	36	6.0%	101	4.3%
Hispanic or Latino	35	5.9%	53	2.2%
American Indian or Alaska Native, non-Latino	1	0.2%	7	0.3%
Other race not listed above, non-Latino	3	0.5%	14	0.6%
More than one race, non-Latino	37	6.2%	64	2.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Andover

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Andover.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**11,005**	**10,782**	**32,601**	**32,433**	**3.01**	**168**
2010 Census	10,091	9,811	30,598	30,559	3.11	39
Change, 2010-2020	+914	+971	+2,003	+1,874	-0.10	+129

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Andover's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 13.7% of Andover's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

City of Arden Hills

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Arden Hills.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**3,235**	**3,114**	**9,939**	**8,232**	**2.64**	**1,707**
2010 Census	3,053	2,957	9,552	7,254	2.45	2,298
Change, 2010-2020	+182	+157	+387	+978	+0.19	-591

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Arden Hills's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 20.3% of Arden Hills's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	9,552	100.0%	9,939	100.0%	+387	NA
White, non-Latino	8,475	88.7%	7,926	79.7%	-549	-9.0
All BIPOC residents (Black / Indigenous / People of color)	1,077	11.3%	2,013	20.3%	+936	+9.0
Black or African American, non-Latino	154	1.6%	219	2.2%	+65	+0.6
Asian or Pacific Islander, non-Latino	464	4.9%	625	6.3%	+161	+1.4

More than one race, non-Latino	184	9.1%	247	3.1%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Bayport

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Bayport.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,092	1,038	4,024	2,511	2.42	1,513
2010 Census	912	855	3,471	1,881	2.20	1,590
Change, 2010-2020	+180	+183	+553	+630	+0.22	-77

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Bayport's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 31.8% of Bayport's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	3,471	100.0%	4,024	100.0%	+553	NA
White, non-Latino	2,412	69.5%	2,743	68.2%	+331	-1.3
All BIPOC residents (Black / Indigenous / People of color)	1,059	30.5%	1,281	31.8%	+222	+1.3
Black or African American, non-Latino	660	19.0%	778	19.3%	+118	+0.3
Asian or Pacific Islander, non-Latino	51	1.5%	38	0.9%	-13	-0.5
Hispanic or Latino	144	4.1%	141	3.5%	-3	-0.6
American Indian or Alaska Native, non-Latino	166	4.8%	158	3.9%	-8	-0.9
Other race not listed above, non-Latino	0	0.0%	6	0.1%	+6	+0.1
More than one race, non-Latino	38	1.1%	160	4.0%	+122	+2.9

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Bayport's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	640	100.0%	3,384	100.0%
White, non-Latino	531	83.0%	2,212	65.4%
All BIPOC residents (Black / Indigenous / People of color)	109	17.0%	1,172	34.6%
Black or African American, non-Latino	12	1.9%	766	22.6%
Asian or Pacific Islander, non-Latino	10	1.6%	28	0.8%
Hispanic or Latino	30	4.7%	111	3.3%
American Indian or Alaska Native, non-Latino	0	0.0%	158	4.7%
Other race not listed above, non-Latino	0	0.0%	6	0.2%
More than one race, non-Latino	57	8.9%	103	3.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

Belle Plaine Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Belle Plaine Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	336	318	870	870	2.74	0
2010 Census	324	310	878	878	2.83	0
Change, 2010-2020	+12	+8	-8	-8	-0.09	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Belle Plaine Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 4.5% of Belle Plaine Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	878	100.0%	870	100.0%	-8	NA
White, non-Latino	845	96.2%	831	95.5%	-14	-0.7
All BIPOC residents (Black / Indigenous / People of color)	33	3.8%	39	4.5%	+6	+0.7

American Indian or Alaska Native, non-Latino	4	0.5%	4	0.5%	-0-	+0.0
Other race not listed above, non-Latino	0	0.0%	3	0.3%	+3	+0.3
More than one race, non-Latino	9	1.0%	15	1.7%	+6	+0.7
* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.						

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Belle Plaine Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	206	100.0%	664	100.0%
White, non-Latino	191	92.7%	640	96.4%
All BIPOC residents (Black / Indigenous / People of color)	15	7.3%	24	3.6%
Black or African American, non-Latino	5	2.4%	6	0.9%
Asian or Pacific Islander, non-Latino	0	0.0%	0	0.0%
Hispanic or Latino	3	1.5%	3	0.5%
American Indian or Alaska Native, non-Latino	1	0.5%	3	0.5%
Other race not listed above, non-Latino	0	0.0%	3	0.5%
More than one race, non-Latino	6	2.9%	9	1.4%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Benton Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Benton Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	315	300	753	753	2.51	0
2010 Census	311	297	786	786	2.65	0
Change, 2010-2020	+4	+3	-33	-33	-0.14	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Benton Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 4.2% of Benton Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	786	100.0%	753	100.0%	-33	NA
White, non-Latino	756	96.2%	721	95.8%	-35	-0.4
All BIPOC residents (Black / Indigenous / People of color)	30	3.8%	32	4.2%	+2	+0.4
Black or African American, non-Latino	2	0.3%	0	0.0%	-2	-0.3

American Indian or Alaska Native, non-Latino	1	0.7%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	6	4.4%	9	1.5%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Bethel

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Bethel.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	190	186	476	476	2.56	0
2010 Census	192	174	466	466	2.68	0
Change, 2010-2020	-2	+12	+10	+10	-0.12	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Bethel's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 11.6% of Bethel's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	466	100.0%	476	100.0%	+10	NA
White, non-Latino	438	94.0%	421	88.4%	-17	-5.5
All BIPOC residents (Black / Indigenous / People of color)	28	6.0%	55	11.6%	+27	+5.5
Black or African American, non-Latino	4	0.9%	0	0.0%	-4	-0.9
Asian or Pacific Islander, non-Latino	3	0.6%	11	2.3%	+8	+1.7
Hispanic or Latino	10	2.1%	9	1.9%	-1	-0.3
American Indian or Alaska Native, non-Latino	0	0.0%	2	0.4%	+2	+0.4
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	11	2.4%	33	6.9%	+22	+4.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Bethel's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

City of Birchwood Village

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Birchwood Village.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	373	348	863	863	2.48	0
2010 Census	367	351	870	870	2.48	0
Change, 2010-2020	+6	-3	-7	-7	-0-	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Birchwood Village's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.0% of Birchwood Village's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020

City of Blaine

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Blaine.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	25,830	25,172	70,222	69,932	2.78	290
2010 Census	21,921	21,077	57,186	57,039	2.71	147
Change, 2010-2020	+3,909	+4,095	+13,036	+12,893	+0.07	+143

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Blaine's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 27.2% of Blaine's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	57,186	100.0%	70,222	100.0%	+13,036	NA

Blakeley Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Blakeley Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	172	152	408	408	2.68	0
2010 Census	178	165	418	418	2.53	0
Change, 2010-2020	-6	-13	-10	-10	+0.15	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Blakeley Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.6% of Blakeley Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	418	100.0%	408	100.0%	-10	NA
White, non-Latino	407	97.4%	385	94.4%	-22	-3.0
All BIPOC residents (Black / Indigenous / People of color)	11	2.6%	23	5.6%	+12	+3.0
Black or African American, non-Latino	1	0.2%	1	0.2%	-0-	+0.0
Asian or Pacific Islander, non-Latino	2	0.5%	2	0.5%	-0-	+0.0
Hispanic or Latino	4	1.0%	3	0.7%	-1	-0.2
American Indian or Alaska Native, non-Latino	0	0.0%	4	1.0%	+4	+1.0
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	4	1.0%	13	3.2%	+9	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Blakeley Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	77	100.0%	331	100.0%
White, non-Latino	72	93.5%	313	94.6%
All BIPOC residents (Black / Indigenous / People of color)	5	6.5%	18	5.4%
Black or African American, non-Latino	1	1.3%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	2	0.6%
Hispanic or Latino	2	2.6%	1	0.3%
American Indian or Alaska Native, non-Latino	0	0.0%	4	1.2%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	2	2.6%	11	3.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Bloomington

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Bloomington.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	39,600	38,080	89,987	87,988	2.31	1,999
2010 Census	37,641	35,905	82,893	81,902	2.28	991
Change, 2010-2020	+1,959	+2,175	+7,094	+6,086	+0.03	+1,008

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Bloomington's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 31.9% of Bloomington's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	82,893	100.0%	89,987	100.0%	+7,094	NA
White, non-Latino	63,974	77.2%	61,243	68.1%	-2,731	-9.1
All BIPOC residents (Black / Indigenous / People of color)	18,919	22.8%	28,744	31.9%	+9,825	+9.1
Black or African American, non-Latino	5,839	7.0%	8,823	9.8%	+2,984	+2.8
Asian or Pacific Islander, non-Latino	4,868	5.9%	5,955	6.6%	+1,087	+0.7
Hispanic or Latino	5,623	6.8%	8,872	9.9%	+3,249	+3.1
American Indian or Alaska Native, non-Latino	267	0.3%	448	0.5%	+181	+0.2
Other race not listed above, non-Latino	154	0.2%	479	0.5%	+325	+0.3
More than one race, non-Latino	2,168	2.6%	4,167	4.6%	+1,999	+2.0

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Bloomington's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	17,481	100.0%	72,506	100.0%
White, non-Latino	8,298	47.5%	52,945	73.0%
All BIPOC residents (Black / Indigenous / People of color)	9,183	52.5%	19,561	27.0%
Black or African American, non-Latino	2,976	17.0%	5,847	8.1%
Asian or Pacific Islander, non-Latino	1,099	6.3%	4,856	6.7%
Hispanic or Latino	3,174	18.2%	5,698	7.9%
American Indian or Alaska Native, non-Latino	69	0.4%	379	0.5%
Other race not listed above, non-Latino	99	0.6%	380	0.5%
More than one race, non-Latino	1,766	10.1%	2,401	3.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Brooklyn Center

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Brooklyn Center.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	11,665	11,309	33,782	33,232	2.94	550
2010 Census	11,640	10,756	30,104	29,922	2.78	182
Change, 2010-2020	+25	+553	+3,678	+3,310	+0.16	+368

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Brooklyn Center's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 67.1% of Brooklyn Center's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	30,104	100.0%	33,782	100.0%	+3,678	NA
White, non-Latino	13,815	45.9%	11,105	32.9%	-2,710	-13.0
All BIPOC residents (Black / Indigenous / People of color)	16,289	54.1%	22,677	67.1%	+6,388	+13.0
Black or African American, non-Latino	7,744	25.7%	9,340	27.6%	+1,596	+1.9
Asian or Pacific Islander, non-Latino	4,302	14.3%	6,408	19.0%	+2,106	+4.7

Camden Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Camden Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**355**	**338**	**924**	**924**	**2.73**	**0**
2010 Census	343	328	921	921	2.81	0
Change, 2010-2020	+12	+10	+3	+3	-0.08	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Camden Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 6.0% of Camden Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

American Indian or Alaska Native, non-Latino	2	0.2%	1	0.1%	-1	-0.1
Other race not listed above, non-Latino	0	0.0%	6	0.6%	+6	+0.6
More than one race, non-Latino	1	0.1%	31	3.4%	+30	+3.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Camden Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	221	100.0%	703	100.0%
White, non-Latino	193	87.3%	676	96.2%
All BIPOC residents (Black / Indigenous / People of color)	28	12.7%	27	3.8%
Black or African American, non-Latino	1	0.5%	2	0.3%
Asian or Pacific Islander, non-Latino	3	1.4%	2	0.3%
Hispanic or Latino	6	2.7%	3	0.4%
American Indian or Alaska Native, non-Latino	0	0.0%	1	0.1%
Other race not listed above, non-Latino	4	1.8%	2	0.3%
More than one race, non-Latino	14	6.3%	17	2.4%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Carver

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Carver.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,735	1,669	5,241	5,241	3.14	0
2010 Census	1,236	1,185	3,731	3,727	3.15	4
Change, 2010-2020	+499	+484	+1,510	+1,514	-0.01	-4

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Carver's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 16.1% of Carver's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	3,731	100.0%	5,241	100.0%	+1,510	NA
White, non-Latino	3,301	88.5%	4,397	83.9%	+1,096	-4.6
All BIPOC residents (Black / Indigenous / People of color)	430	11.5%	844	16.1%	+414	+4.6
Black or African American, non-Latino	38	1.0%	122	2.3%	+84	+1.3
Asian or Pacific Islander, non-Latino	234	6.3%	310	5.9%	+76	-0.4
Hispanic or Latino	75	2.0%	187	3.6%	+112	+1.6
American Indian or Alaska Native, non-Latino	7	0.2%	3	0.1%	-4	-0.1
Other race not listed above, non-Latino	2	0.1%	9	0.2%	+7	+0.1
More than one race, non-Latino	74	2.0%	213	4.1%	+139	+2.1

City of Centerville

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Centerville.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,429	1,411	3,896	3,896	2.76	0
2010 Census	1,363	1,315	3,792	3,792	2.88	0
Change, 2010-2020	+66	+96	+104	+104	-0.12	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Centerville's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.1% of Centerville's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	3,792	100.0%	3,896	100.0%	+104	NA
White, non-Latino	3,535	93.2%	3,426	87.9%	-109	-5.3
All BIPOC residents (Black / Indigenous / People of color)	257	6.8%	470	12.1%	+213	+5.3
Black or African American, non-Latino	11	0.3%	19	0.5%	+8	+0.2

American Indian or Alaska Native, non-Latino	15	0.4%	20	0.5%	+5	+0.1
Other race not listed above, non-Latino	0	0.0%	17	0.4%	+17	+0.4
More than one race, non-Latino	66	1.7%	174	4.5%	+108	+2.7

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Centerville's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	967	100.0%	2,929	100.0%
White, non-Latino	780	80.7%	2,646	90.3%
All BIPOC residents (Black / Indigenous / People of color)	187	19.3%	283	9.7%
Black or African American, non-Latino	11	1.1%	8	0.3%
Asian or Pacific Islander, non-Latino	36	3.7%	80	2.7%
Hispanic or Latino	49	5.1%	75	2.6%
American Indian or Alaska Native, non-Latino	7	0.7%	13	0.4%
Other race not listed above, non-Latino	0	0.0%	17	0.6%
More than one race, non-Latino	84	8.7%	90	3.1%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Champlin

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Champlin.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	9,120	8,879	23,919	23,821	2.68	98
2010 Census	8,598	8,328	23,089	23,073	2.77	16
Change, 2010-2020	+522	+551	+830	+748	-0.09	+82

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Champlin's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 21.9% of Champlin's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	23,089	100.0%	23,919	100.0%	+830	NA
White, non-Latino	20,239	87.7%	18,682	78.1%	-1,557	-9.6
All BIPOC residents (Black / Indigenous / People of color)	2,850	12.3%	5,237	21.9%	+2,387	+9.6
Black or African American, non-Latino	1,106	4.8%	1,944	8.1%	+838	+3.3
Asian or Pacific Islander, non-Latino	717	3.1%	1,141	4.8%	+424	+1.7
Hispanic or Latino	472	2.0%	847	3.5%	+375	+1.5
American Indian or Alaska Native, non-Latino	85	0.4%	99	0.4%	+14	+0.0
Other race not listed above, non-Latino	19	0.1%	108	0.5%	+89	+0.4
More than one race, non-Latino	451	2.0%	1,098	4.6%	+647	+2.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Champlin's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	5,508	100.0%	18,411	100.0%
White, non-Latino	3,542	64.3%	15,140	82.2%
All BIPOC residents (Black / Indigenous / People of color)	1,966	35.7%	3,271	17.8%
Black or African American, non-Latino	714	13.0%	1,230	6.7%
Asian or Pacific Islander, non-Latino	343	6.2%	798	4.3%
Hispanic or Latino	307	5.6%	540	2.9%
American Indian or Alaska Native, non-Latino	23	0.4%	76	0.4%
Other race not listed above, non-Latino	39	0.7%	69	0.4%
More than one race, non-Latino	540	9.8%	558	3.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Chanhassen

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Chanhassen.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	10,020	9,644	25,947	25,837	2.68	110
2010 Census	8,679	8,354	22,958	22,949	2.75	9
Change, 2010-2020	+1,341	+1,290	+2,989	+2,888	-0.07	+101

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Chanhassen's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 15.6% of Chanhassen's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Coates

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Coates.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	64	62	147	147	2.37	0
2010 Census	71	67	164	164	2.45	0
Change, 2010-2020	-7	-5	-17	-17	-0.08	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Coates's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 10.9% of Coates's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	164	100.0%	147	100.0%	-17	NA
White, non-Latino	154	93.9%	131	89.1%	-23	-4.8
All BIPOC residents (Black / Indigenous / People of color)	10	6.1%	16	10.9%	+6	+4.8
Black or African American, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Asian or Pacific Islander, non-Latino	4	2.4%	2	1.4%	-2	-1.1
Hispanic or Latino	4	2.4%	4	2.7%	-0-	+0.3
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	2	1.2%	10	6.8%	+8	+5.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Coates's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	31	100.0%	116	100.0%
White, non-Latino	24	77.4%	107	92.2%
All BIPOC residents (Black / Indigenous / People of color)	7	22.6%	9	7.8%
Black or African American, non-Latino	0	0.0%	0	0.0%
Asian or Pacific Islander, non-Latino	1	3.2%	1	0.9%
Hispanic or Latino	4	12.9%	0	0.0%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	2	6.5%	8	6.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Cologne

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Cologne.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	756	734	2,047	2,047	2.79	0
2010 Census	562	539	1,519	1,519	2.82	0
Change, 2010-2020	+194	+195	+528	+528	-0.03	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Cologne's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 9.6% of Cologne's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,519	100.0%	2,047	100.0%	+528	NA
White, non-Latino	1,420	93.5%	1,850	90.4%	+430	-3.1
All BIPOC residents (Black / Indigenous / People of color)	99	6.5%	197	9.6%	+98	+3.1
Black or African American, non-Latino	14	0.9%	26	1.3%	+12	+0.3
Asian or Pacific Islander, non-Latino	17	1.1%	18	0.9%	+1	-0.2
Hispanic or Latino	49	3.2%	73	3.6%	+24	+0.3
American Indian or Alaska Native, non-Latino	0	0.0%	2	0.1%	+2	+0.1
Other race not listed above, non-Latino	0	0.0%	4	0.2%	+4	+0.2
More than one race, non-Latino	19	1.3%	74	3.6%	+55	+2.4

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Cologne's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	614	100.0%	1,433	100.0%
White, non-Latino	531	86.5%	1,319	92.0%
All BIPOC residents (Black / Indigenous / People of color)	83	13.5%	114	8.0%
Black or African American, non-Latino	17	2.8%	9	0.6%
Asian or Pacific Islander, non-Latino	0	0.0%	18	1.3%
Hispanic or Latino	28	4.6%	45	3.1%
American Indian or Alaska Native, non-Latino	1	0.2%	1	0.1%
Other race not listed above, non-Latino	0	0.0%	4	0.3%
More than one race, non-Latino	37	6.0%	37	2.6%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. More than one race, non-Latino	1,521	10.4%	1,821	3.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Corcoran

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Corcoran.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	2,244	2,174	6,185	6,179	2.84	6
2010 Census	1,919	1,867	5,379	5,379	2.88	0
Change, 2010-2020	+325	+307	+806	+800	-0.04	+6

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Corcoran's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 19.5% of Corcoran's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	5,379	100.0%	6,185	100.0%	+806	NA

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Cottage Grove

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Cottage Grove.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	13,445	13,105	38,839	38,687	2.95	152
2010 Census	12,102	11,719	34,589	34,525	2.95	64
Change, 2010-2020	+1,343	+1,386	+4,250	+4,162	-0-	+88

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Cottage Grove's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 25.4% of Cottage Grove's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	34,589	100.0%	38,839	100.0%	+4,250	NA
White, non-Latino	28,911	83.6%	28,964	74.6%	+53	-9.0
All BIPOC residents (Black / Indigenous / People of color)	5,678	16.4%	9,875	25.4%	+4,197	+9.0
Black or African American, non-Latino	1,315	3.8%	2,313	6.0%	+998	+2.2
Asian or Pacific Islander, non-Latino	1,829	5.3%	2,772	7.1%	+943	+1.8
Hispanic or Latino	1,658	4.8%	2,628	6.8%	+970	+2.0
American Indian or Alaska Native, non-Latino	155	0.4%	126	0.3%	-29	-0.1
Other race not listed above, non-Latino	45	0.1%	129	0.3%	+84	+0.2
More than one race, non-Latino	676	2.0%	1,907	4.9%	+1,231	+3.0

Dahlgren Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Dahlgren Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	511	503	1,442	1,442	2.87	0
2010 Census	512	491	1,324	1,324	2.70	0
Change, 2010-2020	-1	+12	+118	+118	+0.17	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Dahlgren Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 10.9% of Dahlgren Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,324	100.0%	1,442	100.0%	+118	NA
White, non-Latino	1,299	98.1%	1,285	89.1%	-14	-9.0

Other race not listed above, non-Latino	1	0.1%	4	0.3%	+3	+0.2
More than one race, non-Latino	5	0.4%	64	4.4%	+59	+4.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Dahlgren Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	359	100.0%	1,083	100.0%
White, non-Latino	283	78.8%	1,002	92.5%
All BIPOC residents (Black / Indigenous / People of color)	76	21.2%	81	7.5%
Black or African American, non-Latino	6	1.7%	12	1.1%
Asian or Pacific Islander, non-Latino	8	2.2%	4	0.4%
Hispanic or Latino	38	10.6%	17	1.6%
American Indian or Alaska Native, non-Latino	0	0.0%	4	0.4%
Other race not listed above, non-Latino	1	0.3%	3	0.3%
More than one race, non-Latino	23	6.4%	41	3.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Dayton

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Dayton.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	2,605	2,458	7,262	7,243	2.95	19
2010 Census	1,699	1,638	4,671	4,671	2.85	0
Change, 2010-2020	+906	+820	+2,591	+2,572	+0.10	+19

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Dayton's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 20.7% of Dayton's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	4,671	100.0%	7,262	100.0%	+2,591	NA
White, non-Latino	4,066	87.0%	5,759	79.3%	+1,693	-7.7
All BIPOC residents (Black / Indigenous / People of color)	605	13.0%	1,503	20.7%	+898	+7.7
Black or African American, non-Latino	24	0.5%	236	3.2%	+212	+2.7
Asian or Pacific Islander, non-Latino	93	2.0%	214	2.9%	+121	+1.0
Hispanic or Latino	413	8.8%	704	9.7%	+291	+0.9
American Indian or Alaska Native, non-Latino	10	0.2%	19	0.3%	+9	+0.0
Other race not listed above, non-Latino	1	0.0%	33	0.5%	+32	+0.4
More than one race, non-Latino	64	1.4%	297	4.1%	+233	+2.7

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Dayton's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	1,965	100.0%	5,297	100.0%
White, non-Latino	1,352	68.8%	4,407	83.2%
All BIPOC residents (Black / Indigenous / People of color)	613	31.2%	890	16.8%
Black or African American, non-Latino	90	4.6%	146	2.8%
Asian or Pacific Islander, non-Latino	63	3.2%	151	2.9%
Hispanic or Latino	288	14.7%	416	7.9%
American Indian or Alaska Native, non-Latino	4	0.2%	15	0.3%
Other race not listed above, non-Latino	15	0.8%	18	0.3%
More than one race, non-Latino	153	7.8%	144	2.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

City of Deephaven

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Deephaven.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**1,514**	**1,403**	**3,899**	**3,873**	**2.76**	**26**
2010 Census	1,423	1,337	3,642	3,618	2.71	24
Change, 2010-2020	+91	+66	+257	+255	+0.05	+2

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Deephaven's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.2% of Deephaven's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Dellwood

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Dellwood.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	422	391	1,171	1,167	2.98	4
2010 Census	410	373	1,065	1,062	2.85	3
Change, 2010-2020	+12	+18	+106	+105	+0.13	+1

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Dellwood's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 9.9% of Dellwood's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

Douglas Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Douglas Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	270	261	748	748	2.87	0
2010 Census	273	259	716	716	2.76	0
Change, 2010-2020	-3	+2	+32	+32	+0.11	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Douglas Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.9% of Douglas Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	716	100.0%	748	100.0%	+32	NA
White, non-Latino	691	96.5%	704	94.1%	+13	-2.4
All BIPOC residents (Black / Indigenous / People of color)	25	3.5%	44	5.9%	+19	+2.4
Black or African American, non-Latino	1	0.1%	4	0.5%	+3	+0.4
Asian or Pacific Islander, non-Latino	3	0.4%	4	0.5%	+1	+0.1
Hispanic or Latino	9	1.3%	7	0.9%	-2	-0.3
American Indian or Alaska Native, non-Latino	4	0.6%	0	0.0%	-4	-0.6
Other race not listed above, non-Latino	0	0.0%	2	0.3%	+2	+0.3
More than one race, non-Latino	8	1.1%	27	3.6%	+19	+2.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Douglas Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	195	100.0%	553	100.0%
White, non-Latino	171	87.7%	533	96.4%

More than one race, non-Latino	16	8.2%	11	2.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Eagan

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Eagan.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**28,383**	**27,609**	**68,855**	**68,390**	**2.48**	**465**
2010 Census	26,414	25,249	64,206	64,009	2.54	197
Change, 2010-2020	+1,969	+2,360	+4,649	+4,381	-0.06	+268

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Eagan's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 30.0% of Eagan's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	64,206	100.0%	68,855	100.0%	+4,649	NA
White, non-Latino	50,866	79.2%	48,209	70.0%	-2,657	-9.2
All BIPOC residents (Black / Indigenous / People of color)	13,340	20.8%	20,646	30.0%	+7,306	+9.2
Black or African American, non-Latino	3,518	5.5%	6,324	9.2%	+2,806	+3.7
Asian or Pacific Islander, non-Latino	5,069	7.9%	6,534	9.5%	+1,465	+1.6
Hispanic or Latino	2,892	4.5%	4,204	6.1%	+1,312	+1.6
American Indian or Alaska Native, non-Latino	182	0.3%	204	0.3%	+22	+0.0
Other race not listed above, non-Latino	119	0.2%	284	0.4%	+165	+0.2
More than one race, non-Latino	1,560	2.4%	3,096	4.5%	+1,536	+2.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Eagan's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	15,327	100.0%	53,528	100.0%
White, non-Latino	8,386	54.7%	39,823	74.4%
All BIPOC residents (Black / Indigenous / People of color)	6,941	45.3%	13,705	25.6%
Black or African American, non-Latino	2,323	15.2%	4,001	7.5%
Asian or Pacific Islander, non-Latino	1,600	10.4%	4,934	9.2%
Hispanic or Latino	1,449	9.5%	2,755	5.1%
American Indian or Alaska Native, non-Latino	65	0.4%	139	0.3%
Other race not listed above, non-Latino	93	0.6%	191	0.4%
More than one race, non-Latino	1,411	9.2%	1,685	3.1%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

City of Elko New Market

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Elko New Market.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**1,559**	**1,538**	**4,846**	**4,841**	**3.15**	**5**
2010 Census	1,328	1,260	4,114	4,110	3.26	4
Change, 2010-2020	+231	+278	+732	+731	-0.11	+1

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Elko New Market's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.4% of Elko New Market's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	4,114	100.0%	4,846	100.0%	+732	NA
White, non-Latino	3,735	90.8%	4,244	87.6%	+509	-3.2
All BIPOC residents (Black / Indigenous / People of color)	379	9.2%	602	12.4%	+223	+3.2
Black or African American, non-Latino	66	1.6%	73	1.5%	+7	-0.1
Asian or Pacific Islander, non-Latino	130	3.2%	115	2.4%	-15	-0.8
Hispanic or Latino	96	2.3%	196	4.0%	+100	+1.7
American Indian or Alaska Native, non-Latino	6	0.1%	4	0.1%	-2	-0.1
Other race not listed above, non-Latino	1	0.0%	18	0.4%	+17	+0.3
More than one race, non-Latino	80	1.9%	196	4.0%	+116	+2.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Elko New Market's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	1,598	100.0%	3,248	100.0%
White, non-Latino	1,353	84.7%	2,891	89.0%
All BIPOC residents (Black / Indigenous / People of color)	245	15.3%	357	11.0%
Black or African American, non-Latino	27	1.7%	46	1.4%
Asian or Pacific Islander, non-Latino	39	2.4%	76	2.3%
Hispanic or Latino	70	4.4%	126	3.9%
American Indian or Alaska Native, non-Latino	0	0.0%	4	0.1%
Other race not listed above, non-Latino	4	0.3%	14	0.4%
More than one race, non-Latino	105	6.6%	91	2.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Empire Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Empire Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,038	1,021	3,177	3,173	3.11	4
2010 Census	826	792	2,444	2,436	3.08	8
Change, 2010-2020	+212	+229	+733	+737	+0.03	-4

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Empire Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 11.4% of Empire Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

Eureka Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Eureka Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	540	524	1,373	1,373	2.62	0
2010 Census	537	518	1,426	1,420	2.74	6
Change, 2010-2020	+3	+6	-53	-47	-0.12	-6

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Eureka Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.5% of Eureka Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Excelsior

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Excelsior.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,276	1,148	2,355	2,204	1.92	151
2010 Census	1,254	1,115	2,188	2,140	1.92	48
Change, 2010-2020	+22	+33	+167	+64	-0-	+103

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Excelsior's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 15.2% of Excelsior's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	2,188	100.0%	2,355	100.0%	+167	NA
White, non-Latino	1,911	87.3%	1,998	84.8%	+87	-2.5
All BIPOC residents (Black / Indigenous / People of color)	277	12.7%	357	15.2%	+80	+2.5
Black or African American, non-Latino	60	2.7%	50	2.1%	-10	-0.6

City of Falcon Heights

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Falcon Heights.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**2,336**	**2,203**	**5,369**	**4,985**	**2.26**	**384**
2010 Census	2,254	2,131	5,321	4,859	2.28	462
Change, 2010-2020	+82	+72	+48	+126	-0.02	-78

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Falcon Heights's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 32.3% of Falcon Heights's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	5,321	100.0%	5,369	100.0%	+48	NA
White, non-Latino	3,806	71.5%	3,637	67.7%	-169	-3.8
All BIPOC residents (Black / Indigenous / People of color)	1,515	28.5%	1,732	32.3%	+217	+3.8
Black or African American, non-Latino	421	7.9%	538	10.0%	+117	+2.1
Asian or Pacific Islander, non-Latino	797	15.0%	689	12.8%	-108	-2.1
Hispanic or Latino	157	3.0%	183	3.4%	+26	+0.5
American Indian or Alaska Native, non-Latino	15	0.3%	23	0.4%	+8	+0.1
Other race not listed above, non-Latino	5	0.1%	25	0.5%	+20	+0.4
More than one race, non-Latino	120	2.3%	274	5.1%	+154	+2.8

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Falcon Heights's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	1,010	100.0%	4,359	100.0%
White, non-Latino	563	55.7%	3,074	70.5%
All BIPOC residents (Black / Indigenous / People of color)	447	44.3%	1,285	29.5%
Black or African American, non-Latino	175	17.3%	363	8.3%
Asian or Pacific Islander, non-Latino	98	9.7%	591	13.6%
Hispanic or Latino	55	5.4%	128	2.9%
American Indian or Alaska Native, non-Latino	5	0.5%	18	0.4%
Other race not listed above, non-Latino	3	0.3%	22	0.5%
More than one race, non-Latino	111	11.0%	163	3.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Farmington

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Farmington.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	8,065	7,906	23,632	23,165	2.93	467
2010 Census	7,412	7,066	21,086	20,871	2.95	215
Change, 2010-2020	+653	+840	+2,546	+2,294	-0.02	+252

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Farmington's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 18.5% of Farmington's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	21,086	100.0%	23,632	100.0%	+2,546	NA
White, non-Latino	18,560	88.0%	19,262	81.5%	+702	-6.5
All BIPOC residents (Black / Indigenous / People of color)	2,526	12.0%	4,370	18.5%	+1,844	+6.5
Black or African American, non-Latino	420	2.0%	983	4.2%	+563	+2.2
Asian or Pacific Islander, non-Latino	758	3.6%	954	4.0%	+196	+0.4
Hispanic or Latino	767	3.6%	1,083	4.6%	+316	+0.9
American Indian or Alaska Native, non-Latino	79	0.4%	71	0.3%	-8	-0.1
Other race not listed above, non-Latino	32	0.2%	128	0.5%	+96	+0.4
More than one race, non-Latino	470	2.2%	1,151	4.9%	+681	+2.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Farmington's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	7,055	100.0%	16,577	100.0%
White, non-Latino	5,314	75.3%	13,948	84.1%
All BIPOC residents (Black / Indigenous / People of color)	1,741	24.7%	2,629	15.9%
Black or African American, non-Latino	411	5.8%	572	3.5%
Asian or Pacific Islander, non-Latino	250	3.5%	704	4.2%
Hispanic or Latino	429	6.1%	654	3.9%
American Indian or Alaska Native, non-Latino	9	0.1%	62	0.4%
Other race not listed above, non-Latino	58	0.8%	70	0.4%
More than one race, non-Latino	584	8.3%	567	3.4%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

All BIPOC residents (Black / Indigenous / People of color)	12	10.8%	32	7.7%
Black or African American, non-Latino	2	1.8%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	14	3.4%
Hispanic or Latino	4	3.6%	4	1.0%
American Indian or Alaska Native, non-Latino	0	0.0%	2	0.5%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	6	5.4%	12	2.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Golden Valley

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Golden Valley.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**10,495**	**9,957**	**22,552**	**22,036**	**2.21**	**516**
2010 Census	9,349	8,816	20,371	19,931	2.26	440
Change, 2010-2020	+1,146	+1,141	+2,181	+2,105	-0.05	+76

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Golden Valley's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 20.0% of Golden Valley's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

More than one race, non-Latino	479	12.1%	635	3.4%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Grant

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Grant.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**1,523**	**1,453**	**3,970**	**3,967**	**2.73**	**3**
2010 Census	1,508	1,463	4,094	4,088	2.79	6
Change, 2010-2020	+15	-10	-124	-121	-0.06	-3

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Grant's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.8% of Grant's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020

Greenvale Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Greenvale Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	293	285	796	796	2.79	0
2010 Census	285	275	803	803	2.92	0
Change, 2010-2020	+8	+10	-7	-7	-0.13	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Greenvale Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 6.0% of Greenvale Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020

City of Greenwood

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Greenwood.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	324	286	726	726	2.54	0
2010 Census	327	290	688	688	2.37	0
Change, 2010-2020	-3	-4	+38	+38	+0.17	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Greenwood's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.0% of Greenwood's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	688	100.0%	726	100.0%	+38	NA
White, non-Latino	646	93.9%	668	92.0%	+22	-1.9
All BIPOC residents (Black / Indigenous / People of color)	42	6.1%	58	8.0%	+16	+1.9
Black or African American, non-Latino	4	0.6%	2	0.3%	-2	-0.3

Grey Cloud Island Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Grey Cloud Island Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	112	97	283	283	2.92	0
2010 Census	125	103	264	264	2.56	0
Change, 2010-2020	-13	-6	+19	+19	+0.36	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Grey Cloud Island Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 13.4% of Grey Cloud Island Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	264	100.0%	283	100.0%	+19	NA
White, non-Latino	239	91.1%	245	86.6%	+6	-4.5
All BIPOC residents (Black / Indigenous / People of color)	24	8.9%	38	13.4%	+14	+4.5
Black or African American, non-Latino	2	0.8%	6	2.1%	+4	+1.3
Asian or Pacific Islander, non-Latino	3	1.2%	6	2.1%	+3	+1.0
Hispanic or Latino	8	3.1%	10	3.5%	+2	+0.4
American Indian or Alaska Native, non-Latino	1	0.4%	5	1.8%	+4	+1.4
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	9	3.5%	11	3.9%	+2	+0.4

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Grey Cloud Island Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	60	100.0%	223	100.0%
White, non-Latino	55	91.7%	190	85.2%
All BIPOC residents (Black / Indigenous / People of color)	5	8.3%	33	14.8%
Black or African American, non-Latino	0	0.0%	6	2.7%
Asian or Pacific Islander, non-Latino	0	0.0%	6	2.7%
Hispanic or Latino	3	5.0%	7	3.1%
American Indian or Alaska Native, non-Latino	2	3.3%	3	1.3%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	0	0.0%	11	4.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Hamburg

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Hamburg.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	228	219	566	566	2.58	0
2010 Census	222	201	513	513	2.55	0
Change, 2010-2020	+6	+18	+53	+53	+0.03	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hamburg's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 13.8% of Hamburg's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	513	100.0%	566	100.0%	+53	NA
White, non-Latino	474	92.4%	488	86.2%	+14	-6.2
All BIPOC residents (Black / Indigenous / People of color)	39	7.6%	78	13.8%	+39	+6.2
Black or African American, non-Latino	0	0.0%	11	1.9%	+11	+1.9
Asian or Pacific Islander, non-Latino	2	0.4%	3	0.5%	+1	+0.1
Hispanic or Latino	36	7.0%	53	9.4%	+17	+2.3

City of Ham Lake

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Ham Lake.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	5,850	5,718	16,464	16,450	2.88	14
2010 Census	5,378	5,171	15,296	15,278	2.95	18
Change, 2010-2020	+472	+547	+1,168	+1,172	-0.07	-4

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Ham Lake's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.4% of Ham Lake's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

Hampton Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Hampton Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**341**	**328**	**832**	**832**	**2.54**	**0**
2010 Census	333	329	903	903	2.74	0
Change, 2010-2020	+8	-1	-71	-71	-0.20	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hampton Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.3% of Hampton Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	903	100.0%	832	100.0%	-71	NA
White, non-Latino	870	96.3%	788	94.7%	-82	-1.6
All BIPOC residents (Black / Indigenous / People of color)	33	3.7%	44	5.3%	+11	+1.6
Black or African American, non-Latino	1	0.1%	1	0.1%	-0-	+0.0
Asian or Pacific Islander, non-Latino	10	1.1%	0	0.0%	-10	-1.1
Hispanic or Latino	14	1.6%	15	1.8%	+1	+0.3
American Indian or Alaska Native, non-Latino	2	0.2%	4	0.5%	+2	+0.3
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	6	0.7%	24	2.9%	+18	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Hampton Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	148	100.0%	684	100.0%
White, non-Latino	133	89.9%	655	95.8%
All BIPOC residents (Black / Indigenous / People of color)	15	10.1%	29	4.2%
Black or African American, non-Latino	1	0.7%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	0	0.0%
Hispanic or Latino	5	3.4%	10	1.5%
American Indian or Alaska Native, non-Latino	0	0.0%	4	0.6%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	9	6.1%	15	2.2%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Hancock Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Hancock Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**131**	**129**	**336**	**336**	**2.60**	**0**
2010 Census	131	127	345	345	2.72	0
Change, 2010-2020	-0-	+2	-9	-9	-0.12	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hancock Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 3.3% of Hancock Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	345	100.0%	336	100.0%	-9	NA
White, non-Latino	325	94.2%	325	96.7%	-0-	+2.5
All BIPOC residents (Black / Indigenous / People of color)	20	5.8%	11	3.3%	-9	-2.5
Black or African American, non-Latino	8	2.3%	2	0.6%	-6	-1.7
Asian or Pacific Islander, non-Latino	4	1.2%	1	0.3%	-3	-0.9
Hispanic or Latino	7	2.0%	5	1.5%	-2	-0.5
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	1	0.3%	3	0.9%	+2	+0.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Hancock Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	80	100.0%	256	100.0%
White, non-Latino	77	96.3%	248	96.9%
All BIPOC residents (Black / Indigenous / People of color)	3	3.8%	8	3.1%
Black or African American, non-Latino	2	2.5%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	1	0.4%
Hispanic or Latino	0	0.0%	5	2.0%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	1	1.3%	2	0.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

City of Hastings

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Hastings.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	9,390	9,129	22,154	21,744	2.38	410
2010 Census	9,222	8,735	22,172	21,423	2.45	749
Change, 2010-2020	+168	+394	-18	+321	-0.07	-339

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hastings's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.2% of Hastings's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	22,172	100.0%	22,154	100.0%	-18	NA
White, non-Latino	20,555	92.7%	19,450	87.8%	-1,105	-4.9
All BIPOC residents (Black / Indigenous / People of color)	1,617	7.3%	2,704	12.2%	+1,087	+4.9
Black or African American, non-Latino	349	1.6%	524	2.4%	+175	+0.8
Asian or Pacific Islander, non-Latino	204	0.9%	265	1.2%	+61	+0.3

City of Hilltop

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Hilltop.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	413	391	958	958	2.45	0
2010 Census	414	380	744	744	1.96	0
Change, 2010-2020	-1	+11	+214	+214	+0.49	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hilltop's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 70.7% of Hilltop's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	744	100.0%	958	100.0%	+214	NA
White, non-Latino	469	63.0%	281	29.3%	-188	-33.7
All BIPOC residents (Black / Indigenous / People of color)	275	37.0%	677	70.7%	+402	+33.7

Hollywood Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Hollywood Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	399	387	1,058	1,058	2.73	0
2010 Census	403	387	1,041	1,041	2.69	0
Change, 2010-2020	-4	-0-	+17	+17	+0.04	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hollywood Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.9% of Hollywood Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,041	100.0%	1,058	100.0%	+17	NA
White, non-Latino	1,013	97.3%	996	94.1%	-17	-3.2
All BIPOC residents (Black / Indigenous / People of color)	28	2.7%	62	5.9%	+34	+3.2
Black or African American, non-Latino	1	0.1%	2	0.2%	+1	+0.1
Asian or Pacific Islander, non-Latino	9	0.9%	7	0.7%	-2	-0.2
Hispanic or Latino	7	0.7%	26	2.5%	+19	+1.8
American Indian or Alaska Native, non-Latino	1	0.1%	1	0.1%	-0-	0.0
Other race not listed above, non-Latino	4	0.4%	5	0.5%	+1	+0.1
More than one race, non-Latino	6	0.6%	21	2.0%	+15	+1.4

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Hollywood Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**

More than one race, non-Latino	15	6.0%	6	0.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Hopkins

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Hopkins.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	9,476	9,110	19,084	18,838	2.07	246
2010 Census	8,987	8,366	17,591	17,331	2.07	260
Change, 2010-2020	+489	+744	+1,493	+1,507	-0-	-14

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hopkins's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 38.0% of Hopkins's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	17,591	100.0%	19,084	100.0%	+1,493	NA
White, non-Latino	11,721	66.6%	11,833	62.0%	+112	-4.6
All BIPOC residents (Black / Indigenous / People of color)	5,870	33.4%	7,251	38.0%	+1,381	+4.6
Black or African American, non-Latino	2,324	13.2%	3,511	18.4%	+1,187	+5.2
Asian or Pacific Islander, non-Latino	1,489	8.5%	1,123	5.9%	-366	-2.6
Hispanic or Latino	1,390	7.9%	1,459	7.6%	+69	-0.3
American Indian or Alaska Native, non-Latino	92	0.5%	63	0.3%	-29	-0.2
Other race not listed above, non-Latino	45	0.3%	102	0.5%	+57	+0.3
More than one race, non-Latino	530	3.0%	993	5.2%	+463	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Hopkins's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	3,736	100.0%	15,348	100.0%
White, non-Latino	1,357	36.3%	10,476	68.3%
All BIPOC residents (Black / Indigenous / People of color)	2,379	63.7%	4,872	31.7%
Black or African American, non-Latino	1,218	32.6%	2,293	14.9%
Asian or Pacific Islander, non-Latino	215	5.8%	908	5.9%
Hispanic or Latino	512	13.7%	947	6.2%
American Indian or Alaska Native, non-Latino	7	0.2%	56	0.4%
Other race not listed above, non-Latino	29	0.8%	73	0.5%
More than one race, non-Latino	398	10.7%	595	3.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Other race not listed above, non-Latino	49	0.1%	197	0.6%	+148	+0.4
More than one race, non-Latino	741	2.2%	1,639	4.6%	+898	+2.4
* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.						

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Inver Grove Heights's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	7,791	100.0%	28,000	100.0%
White, non-Latino	4,307	55.3%	21,498	76.8%
All BIPOC residents (Black / Indigenous / People of color)	3,484	44.7%	6,502	23.2%
Black or African American, non-Latino	720	9.2%	1,400	5.0%
Asian or Pacific Islander, non-Latino	454	5.8%	1,155	4.1%
Hispanic or Latino	1,524	19.6%	2,766	9.9%
American Indian or Alaska Native, non-Latino	32	0.4%	99	0.4%
Other race not listed above, non-Latino	51	0.7%	146	0.5%
More than one race, non-Latino	703	9.0%	936	3.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Jackson Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Jackson Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**555**	**537**	**1,616**	**1,616**	**3.01**	**0**
2010 Census	502	486	1,464	1,464	3.01	0
Change, 2010-2020	+53	+51	+152	+152	-0-	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Jackson Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 52.1% of Jackson Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,464	100.0%	1,616	100.0%	+152	NA
White, non-Latino	963	65.8%	774	47.9%	-189	-17.9
All BIPOC residents (Black / Indigenous / People of color)	501	34.2%	842	52.1%	+341	+17.9
Black or African American, non-Latino	9	0.6%	10	0.6%	+1	+0.0
Asian or Pacific Islander, non-Latino	16	1.1%	23	1.4%	+7	+0.3
Hispanic or Latino	459	31.4%	757	46.8%	+298	+15.5
American Indian or Alaska Native, non-Latino	8	0.5%	7	0.4%	-1	-0.1
Other race not listed above, non-Latino	2	0.1%	7	0.4%	+5	+0.3
More than one race, non-Latino	7	0.5%	38	2.4%	+31	+1.9

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Jackson Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	458	100.0%	1,158	100.0%
White, non-Latino	150	32.8%	624	53.9%
All BIPOC residents (Black / Indigenous / People of color)	308	67.2%	534	46.1%
Black or African American, non-Latino	2	0.4%	8	0.7%
Asian or Pacific Islander, non-Latino	6	1.3%	17	1.5%
Hispanic or Latino	272	59.4%	485	41.9%
American Indian or Alaska Native, non-Latino	2	0.4%	5	0.4%
Other race not listed above, non-Latino	2	0.4%	5	0.4%
More than one race, non-Latino	24	5.2%	14	1.2%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Jordan

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Jordan.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	2,355	2,279	6,656	6,656	2.92	0
2010 Census	1,961	1,872	5,472	5,472	2.92	0
Change, 2010-2020	+394	+407	+1,184	+1,184	-0-	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Jordan's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 18.7% of Jordan's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Lakeland Shores

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Lakeland Shores.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	125	120	339	339	2.83	0
2010 Census	122	117	311	311	2.66	0
Change, 2010-2020	+3	+3	+28	+28	+0.17	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Lakeland Shores's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.4% of Lakeland Shores's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	311	100.0%	339	100.0%	+28	NA
White, non-Latino	305	98.1%	314	92.6%	+9	-5.4
All BIPOC residents (Black / Indigenous / People of color)	6	1.9%	25	7.4%	+19	+5.4
Black or African American, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Asian or Pacific Islander, non-Latino	1	0.3%	8	2.4%	+7	+2.0
Hispanic or Latino	4	1.3%	5	1.5%	+1	+0.2
American Indian or Alaska Native, non-Latino	0	0.0%	1	0.3%	+1	+0.3
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	1	0.3%	11	3.2%	+10	+2.9

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Lakeland Shores's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	89	100.0%	250	100.0%
White, non-Latino	81	91.0%	233	93.2%
All BIPOC residents (Black / Indigenous / People of color)	8	9.0%	17	6.8%
Black or African American, non-Latino	0	0.0%	0	0.0%
Asian or Pacific Islander, non-Latino	4	4.5%	4	1.6%
Hispanic or Latino	3	3.4%	2	0.8%
American Indian or Alaska Native, non-Latino	0	0.0%	1	0.4%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	1	1.1%	10	4.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Lake St. Croix Beach

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Lake St. Croix Beach.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	508	470	1,043	1,035	2.20	8
2010 Census	504	460	1,053	1,053	2.29	0
Change, 2010-2020	+4	+10	-10	-18	-0.09	+8

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Lake St. Croix Beach's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.7% of Lake St. Croix Beach's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,053	100.0%	1,043	100.0%	-10	NA
White, non-Latino	986	93.6%	963	92.3%	-23	-1.3
All BIPOC residents (Black / Indigenous / People of color)	67	6.4%	80	7.7%	+13	+1.3
Black or African American, non-Latino	2	0.2%	2	0.2%	-0-	+0.0
Asian or Pacific Islander, non-Latino	10	1.0%	4	0.4%	-6	-0.6
Hispanic or Latino	28	2.7%	27	2.6%	-1	-0.1
American Indian or Alaska Native, non-Latino	1	0.1%	1	0.1%	-0-	+0.0
Other race not listed above, non-Latino	1	0.1%	2	0.2%	+1	+0.1
More than one race, non-Latino	25	2.4%	44	4.2%	+19	+1.8
* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.						

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Lake St. Croix Beach's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	182	100.0%	861	100.0%
White, non-Latino	155	85.2%	808	93.8%
All BIPOC residents (Black / Indigenous / People of color)	27	14.8%	53	6.2%
Black or African American, non-Latino	0	0.0%	2	0.2%
Asian or Pacific Islander, non-Latino	0	0.0%	4	0.5%
Hispanic or Latino	12	6.6%	15	1.7%
American Indian or Alaska Native, non-Latino	0	0.0%	1	0.1%
Other race not listed above, non-Latino	0	0.0%	2	0.2%
More than one race, non-Latino	15	8.2%	29	3.4%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

City of Lakeville

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Lakeville.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	23,971	23,265	69,490	69,329	2.98	161
2010 Census	19,456	18,683	55,954	55,908	2.99	46
Change, 2010-2020	+4,515	+4,582	+13,536	+13,421	-0.01	+115

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Lakeville's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 21.2% of Lakeville's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Lauderdale

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Lauderdale.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**1,215**	**1,170**	**2,271**	**2,263**	**1.93**	**8**
2010 Census	1,202	1,130	2,379	2,376	2.10	3
Change, 2010-2020	+13	+40	-108	-113	-0.17	+5

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Lauderdale's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 31.6% of Lauderdale's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	2,379	100.0%	2,271	100.0%	-108	NA
White, non-Latino	1,646	69.2%	1,554	68.4%	-92	-0.8
All BIPOC residents (Black / Indigenous / People of color)	733	30.8%	717	31.6%	-16	+0.8

Hispanic or Latino	80	3.4%	122	5.4%	+42	+2.0
American Indian or Alaska Native, non-Latino	6	0.3%	7	0.3%	+1	+0.1
Other race not listed above, non-Latino	2	0.1%	7	0.3%	+5	+0.2
More than one race, non-Latino	62	2.6%	97	4.3%	+35	+1.7

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Lauderdale's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	292	100.0%	1,979	100.0%
White, non-Latino	152	52.1%	1,402	70.8%
All BIPOC residents (Black / Indigenous / People of color)	140	47.9%	577	29.2%
Black or African American, non-Latino	44	15.1%	178	9.0%
Asian or Pacific Islander, non-Latino	29	9.9%	233	11.8%
Hispanic or Latino	23	7.9%	99	5.0%
American Indian or Alaska Native, non-Latino	7	2.4%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	7	0.4%
More than one race, non-Latino	37	12.7%	60	3.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Lexington

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Lexington.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,038	916	2,248	2,247	2.45	1
2010 Census	861	787	2,049	2,045	2.60	4
Change, 2010-2020	+177	+129	+199	+202	-0.15	-3

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Lexington's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 24.8% of Lexington's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	2,049	100.0%	2,248	100.0%	+199	NA
White, non-Latino	1,753	85.6%	1,690	75.2%	-63	-10.4
All BIPOC residents (Black / Indigenous / People of color)	296	14.4%	558	24.8%	+262	+10.4
Black or African American, non-Latino	56	2.7%	183	8.1%	+127	+5.4
Asian or Pacific Islander, non-Latino	64	3.1%	89	4.0%	+25	+0.8
Hispanic or Latino	117	5.7%	138	6.1%	+21	+0.4
American Indian or Alaska Native, non-Latino	12	0.6%	13	0.6%	+1	0.0
Other race not listed above, non-Latino	1	0.0%	4	0.2%	+3	+0.1
More than one race, non-Latino	46	2.2%	131	5.8%	+85	+3.6

City of Lino Lakes

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Lino Lakes.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	7,135	6,957	21,399	19,942	2.87	1,457
2010 Census	6,323	6,174	20,216	18,811	3.05	1,405
Change, 2010-2020	+812	+783	+1,183	+1,131	-0.18	+52

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Lino Lakes's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 14.6% of Lino Lakes's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020

City of Little Canada

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Little Canada.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	4,814	4,601	10,819	10,657	2.32	162
2010 Census	4,689	4,393	9,773	9,724	2.21	49
Change, 2010-2020	+125	+208	+1,046	+933	+0.11	+113

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Little Canada's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 42.6% of Little Canada's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	9,773	100.0%	10,819	100.0%	+1,046	NA
White, non-Latino	7,053	72.2%	6,208	57.4%	-845	-14.8
All BIPOC residents (Black / Indigenous / People of color)	2,720	27.8%	4,611	42.6%	+1,891	+14.8
Black or African American, non-Latino	631	6.5%	1,102	10.2%	+471	+3.7
Asian or Pacific Islander, non-Latino	1,278	13.1%	1,729	16.0%	+451	+2.9
Hispanic or Latino	566	5.8%	1,168	10.8%	+602	+5.0
American Indian or Alaska Native, non-Latino	35	0.4%	35	0.3%	-0-	0.0
Other race not listed above, non-Latino	8	0.1%	43	0.4%	+35	+0.3
More than one race, non-Latino	202	2.1%	534	4.9%	+332	+2.9

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Little Canada's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	2,230	100.0%	8,589	100.0%
White, non-Latino	757	33.9%	5,451	63.5%
All BIPOC residents (Black / Indigenous / People of color)	1,473	66.1%	3,138	36.5%
Black or African American, non-Latino	318	14.3%	784	9.1%
Asian or Pacific Islander, non-Latino	467	20.9%	1,262	14.7%
Hispanic or Latino	432	19.4%	736	8.6%
American Indian or Alaska Native, non-Latino	7	0.3%	28	0.3%
Other race not listed above, non-Latino	25	1.1%	18	0.2%
More than one race, non-Latino	224	10.0%	310	3.6%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Long Lake

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Long Lake.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**771**	**737**	**1,741**	**1,741**	**2.36**	**0**
2010 Census	765	732	1,768	1,742	2.38	26
Change, 2010-2020	+6	+5	-27	-1	-0.02	-26

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Long Lake's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 13.2% of Long Lake's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

City of Loretto

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Loretto.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	279	268	646	646	2.41	0
2010 Census	278	269	650	650	2.42	0
Change, 2010-2020	+1	-1	-4	-4	-0.01	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Loretto's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.4% of Loretto's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	650	100.0%	646	100.0%	-4	NA
White, non-Latino	635	97.7%	611	94.6%	-24	-3.1

Louisville Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Louisville Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	472	462	1,342	1,342	2.90	0
2010 Census	446	425	1,266	1,266	2.98	0
Change, 2010-2020	+26	+37	+76	+76	-0.08	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Louisville Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 13.4% of Louisville Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Mahtomedi

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Mahtomedi.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**3,288**	**3,156**	**8,134**	**8,035**	**2.55**	**99**
2010 Census	2,910	2,827	7,676	7,500	2.65	176
Change, 2010-2020	+378	+329	+458	+535	-0.10	-77

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Mahtomedi's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.1% of Mahtomedi's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	7,676	100.0%	8,134	100.0%	+458	NA
White, non-Latino	7,155	93.2%	7,149	87.9%	-6	-5.3
All BIPOC residents (Black / Indigenous / People of color)	521	6.8%	985	12.1%	+464	+5.3
Black or African American, non-Latino	176	2.3%	245	3.0%	+69	+0.7
Asian or Pacific Islander, non-Latino	97	1.3%	173	2.1%	+76	+0.9
Hispanic or Latino	96	1.3%	199	2.4%	+103	+1.2
American Indian or Alaska Native, non-Latino	18	0.2%	10	0.1%	-8	-0.1
Other race not listed above, non-Latino	11	0.1%	31	0.4%	+20	+0.2
More than one race, non-Latino	123	1.6%	327	4.0%	+204	+2.4

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Mahtomedi's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	1,976	100.0%	6,158	100.0%
White, non-Latino	1,562	79.0%	5,587	90.7%
All BIPOC residents (Black / Indigenous / People of color)	414	21.0%	571	9.3%
Black or African American, non-Latino	98	5.0%	147	2.4%
Asian or Pacific Islander, non-Latino	54	2.7%	119	1.9%
Hispanic or Latino	79	4.0%	120	1.9%
American Indian or Alaska Native, non-Latino	6	0.3%	4	0.1%
Other race not listed above, non-Latino	11	0.6%	20	0.3%
More than one race, non-Latino	166	8.4%	161	2.6%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Maple Grove

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Maple Grove.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	27,507	26,728	70,253	70,061	2.62	192
2010 Census	23,626	22,867	61,567	61,517	2.69	50
Change, 2010-2020	+3,881	+3,861	+8,686	+8,544	-0.07	+142

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Maple Grove's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 22.7% of Maple Grove's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	61,567	100.0%	70,253	100.0%	+8,686	NA
White, non-Latino	52,222	84.8%	54,292	77.3%	+2,070	-7.5
All BIPOC residents (Black / Indigenous / People of color)	9,345	15.2%	15,961	22.7%	+6,616	+7.5
Black or African American, non-Latino	2,513	4.1%	4,484	6.4%	+1,971	+2.3
Asian or Pacific Islander, non-Latino	3,825	6.2%	5,363	7.6%	+1,538	+1.4
Hispanic or Latino	1,545	2.5%	2,449	3.5%	+904	+1.0
American Indian or Alaska Native, non-Latino	154	0.3%	191	0.3%	+37	+0.0
Other race not listed above, non-Latino	81	0.1%	317	0.5%	+236	+0.3
More than one race, non-Latino	1,227	2.0%	3,157	4.5%	+1,930	+2.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Maple Grove's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	17,102	100.0%	53,151	100.0%
White, non-Latino	11,406	66.7%	42,886	80.7%
All BIPOC residents (Black / Indigenous / People of color)	5,696	33.3%	10,265	19.3%
Black or African American, non-Latino	1,691	9.9%	2,793	5.3%
Asian or Pacific Islander, non-Latino	1,359	7.9%	4,004	7.5%
Hispanic or Latino	910	5.3%	1,539	2.9%
American Indian or Alaska Native, non-Latino	45	0.3%	146	0.3%
Other race not listed above, non-Latino	117	0.7%	200	0.4%
More than one race, non-Latino	1,574	9.2%	1,583	3.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. More than one race, non-Latino	3	2.8%	13	2.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Marshan Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Marshan Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**437**	**426**	**1,153**	**1,153**	**2.71**	**0**
2010 Census	417	403	1,106	1,106	2.74	0
Change, 2010-2020	+20	+23	+47	+47	-0.03	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Marshan Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.4% of Marshan Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,106	100.0%	1,153	100.0%	+47	NA
White, non-Latino	1,063	96.1%	1,056	91.6%	-7	-4.5
All BIPOC residents (Black / Indigenous / People of color)	43	3.9%	97	8.4%	+54	+4.5
Black or African American, non-Latino	3	0.3%	4	0.3%	+1	+0.1

More than one race, non-Latino	6	0.5%	36	3.1%	+30	+2.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Marshan Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	239	100.0%	914	100.0%
White, non-Latino	194	81.2%	862	94.3%
All BIPOC residents (Black / Indigenous / People of color)	45	18.8%	52	5.7%
Black or African American, non-Latino	4	1.7%	0	0.0%
Asian or Pacific Islander, non-Latino	9	3.8%	10	1.1%
Hispanic or Latino	18	7.5%	16	1.8%
American Indian or Alaska Native, non-Latino	0	0.0%	4	0.4%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	14	5.9%	22	2.4%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

May Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for May Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,272	1,058	2,670	2,670	2.52	0
2010 Census	1,226	1,083	2,776	2,776	2.56	0
Change, 2010-2020	+46	-25	-106	-106	-0.04	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes May Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.9% of May Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	2,776	100.0%	2,670	100.0%	-106	NA
White, non-Latino	2,696	97.1%	2,513	94.1%	-183	-3.0
All BIPOC residents (Black / Indigenous / People of color)	80	2.9%	157	5.9%	+77	+3.0
Black or African American, non-Latino	10	0.4%	8	0.3%	-2	-0.1
Asian or Pacific Islander, non-Latino	20	0.7%	27	1.0%	+7	+0.3
Hispanic or Latino	22	0.8%	33	1.2%	+11	+0.4
American Indian or Alaska Native, non-Latino	3	0.1%	3	0.1%	-0-	+0.0
Other race not listed above, non-Latino	0	0.0%	8	0.3%	+8	+0.3
More than one race, non-Latino	25	0.9%	78	2.9%	+53	+2.0

City of Mayer

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Mayer.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	821	800	2,453	2,447	3.06	6
2010 Census	619	590	1,752	1,748	2.96	4
Change, 2010-2020	+202	+210	+701	+699	+0.10	+2

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Mayer's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 9.1% of Mayer's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Medicine Lake

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Medicine Lake.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	164	154	337	337	2.19	0
2010 Census	174	160	371	371	2.32	0
Change, 2010-2020	-10	-6	-34	-34	-0.13	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Medicine Lake's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 10.4% of Medicine Lake's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	371	100.0%	337	100.0%	-34	NA
White, non-Latino	331	89.2%	302	89.6%	-29	+0.4

City of Medina

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Medina.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	2,411	2,298	6,837	6,780	2.95	57
2010 Census	1,780	1,702	4,892	4,892	2.87	0
Change, 2010-2020	+631	+596	+1,945	+1,888	+0.08	+57

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Medina's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 19.3% of Medina's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	4,892	100.0%	6,837	100.0%	+1,945	NA
White, non-Latino	4,562	93.3%	5,516	80.7%	+954	-12.6
All BIPOC residents (Black / Indigenous / People of color)	330	6.7%	1,321	19.3%	+991	+12.6
Black or African American, non-Latino	47	1.0%	148	2.2%	+101	+1.2
Asian or Pacific Islander, non-Latino	158	3.2%	709	10.4%	+551	+7.1

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Mendota

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Mendota.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**91**	**78**	**183**	**176**	**2.26**	**7**
2010 Census	82	78	198	198	2.54	0
Change, 2010-2020	+9	-0-	-15	-22	-0.28	+7

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Mendota's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 10.4% of Mendota's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	198	100.0%	183	100.0%	-15	NA
White, non-Latino	175	88.4%	164	89.6%	-11	+1.2
All BIPOC residents (Black / Indigenous / People of color)	23	11.6%	19	10.4%	-4	-1.2
Black or African American, non-Latino	3	1.5%	0	0.0%	-3	-1.5
Asian or Pacific Islander, non-Latino	4	2.0%	5	2.7%	+1	+0.7
Hispanic or Latino	7	3.5%	8	4.4%	+1	+0.8
American Indian or Alaska Native, non-Latino	3	1.5%	0	0.0%	-3	-1.5
Other race not listed above, non-Latino	2	1.0%	0	0.0%	-2	-1.0
More than one race, non-Latino	4	2.0%	6	3.3%	+2	+1.3

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Mendota's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	36	100.0%	147	100.0%
White, non-Latino	28	77.8%	136	92.5%
All BIPOC residents (Black / Indigenous / People of color)	8	22.2%	11	7.5%
Black or African American, non-Latino	0	0.0%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	5	3.4%
Hispanic or Latino	5	13.9%	3	2.0%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	3	8.3%	3	2.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Mendota Heights

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Mendota Heights.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	4,977	4,787	11,744	11,664	2.44	80
2010 Census	4,620	4,378	11,071	10,988	2.51	83
Change, 2010-2020	+357	+409	+673	+676	-0.07	-3

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. City of Minnetonka

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Minnetonka.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	25,079	23,694	53,776	53,523	2.26	253
2010 Census	23,294	21,901	49,734	49,354	2.25	380
Change, 2010-2020	+1,785	+1,793	+4,042	+4,169	+0.01	-127

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Minnetonka's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 17.5% of Minnetonka's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	49,734	100.0%	53,776	100.0%	+4,042	NA

Hispanic or Latino	651	6.2%	1,297	3.0%
American Indian or Alaska Native, non-Latino	28	0.3%	60	0.1%
Other race not listed above, non-Latino	54	0.5%	136	0.3%
More than one race, non-Latino	977	9.3%	1,259	2.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of the Village of Minnetonka Beach

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Minnetonka Beach.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	225	198	546	546	2.76	0
2010 Census	231	201	539	539	2.68	0
Change, 2010-2020	-6	-3	+7	+7	+0.08	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Minnetonka Beach's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.0% of Minnetonka Beach's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	539	100.0%	546	100.0%	+7	NA
White, non-Latino	532	98.7%	508	93.0%	-24	-5.7
All BIPOC residents (Black / Indigenous / People of color)	7	1.3%	38	7.0%	+31	+5.7
Black or African American, non-Latino	0	0.0%	3	0.5%	+3	+0.5
Asian or Pacific Islander, non-Latino	2	0.4%	1	0.2%	-1	-0.2
Hispanic or Latino	3	0.6%	8	1.5%	+5	+0.9
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	2	0.4%	+2	+0.4
More than one race, non-Latino	2	0.4%	24	4.4%	+22	+4.0

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Minnetonka Beach's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	155	100.0%	391	100.0%
White, non-Latino	139	89.7%	369	94.4%
All BIPOC residents (Black / Indigenous / People of color)	16	10.3%	22	5.6%
Black or African American, non-Latino	2	1.3%	1	0.3%
Asian or Pacific Islander, non-Latino	0	0.0%	1	0.3%
Hispanic or Latino	5	3.2%	3	0.8%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	2	1.3%	0	0.0%
More than one race, non-Latino	7	4.5%	17	4.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

Other race not listed above, non-Latino	15	0.5%	28	0.3%
More than one race, non-Latino	330	10.2%	330	3.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of New Brighton

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of New Brighton.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	9,879	9,548	23,454	23,152	2.42	302
2010 Census	9,479	8,915	21,456	20,961	2.35	495
Change, 2010-2020	+400	+633	+1,998	+2,191	+0.07	-193

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes New Brighton's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 31.2% of New Brighton's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	21,456	100.0%	23,454	100.0%	+1,998	NA
White, non-Latino	17,192	80.1%	16,132	68.8%	-1,060	-11.3

Other race not listed above, non-Latino	38	0.7%	46	0.3%
More than one race, non-Latino	527	10.0%	652	3.6%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of New Germany

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of New Germany.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	198	180	464	464	2.58	0
2010 Census	168	147	373	373	2.54	0
Change, 2010-2020	+30	+33	+91	+91	+0.04	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes New Germany's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 6.0% of New Germany's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	373	100.0%	464	100.0%	+91	NA
White, non-Latino	342	91.7%	436	94.0%	+94	+2.3
All BIPOC residents (Black / Indigenous / People of color)	31	8.3%	28	6.0%	-3	-2.3
Black or African American, non-Latino	0	0.0%	1	0.2%	+1	+0.2
Asian or Pacific Islander, non-Latino	1	0.3%	9	1.9%	+8	+1.7
Hispanic or Latino	27	7.2%	8	1.7%	-19	-5.5
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	1	0.2%	+1	+0.2
More than one race, non-Latino	3	0.8%	9	1.9%	+6	+1.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of New Germany's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

City of New Hope

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of New Hope.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	9,364	8,984	21,986	21,165	2.36	821
2010 Census	9,051	8,427	20,339	19,492	2.31	847
Change, 2010-2020	+313	+557	+1,647	+1,673	+0.05	-26

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes New Hope's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 40.1% of New Hope's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Newport

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Newport.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,546	1,473	3,797	3,784	2.57	13
2010 Census	1,466	1,354	3,435	3,425	2.53	10
Change, 2010-2020	+80	+119	+362	+359	+0.04	+3

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Newport's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 32.7% of Newport's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	3,435	100.0%	3,797	100.0%	+362	NA
White, non-Latino	2,818	82.0%	2,557	67.3%	-261	-14.7
All BIPOC residents (Black / Indigenous / People of color)	617	18.0%	1,240	32.7%	+623	+14.7
Black or African American, non-Latino	172	5.0%	370	9.7%	+198	+4.7
Asian or Pacific Islander, non-Latino	135	3.9%	284	7.5%	+149	+3.5
Hispanic or Latino	221	6.4%	300	7.9%	+79	+1.5
American Indian or Alaska Native, non-Latino	18	0.5%	44	1.2%	+26	+0.6
Other race not listed above, non-Latino	4	0.1%	12	0.3%	+8	+0.2
More than one race, non-Latino	67	2.0%	230	6.1%	+163	+4.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Newport's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	938	100.0%	2,859	100.0%
White, non-Latino	461	49.1%	2,096	73.3%
All BIPOC residents (Black / Indigenous / People of color)	477	50.9%	763	26.7%
Black or African American, non-Latino	149	15.9%	221	7.7%
Asian or Pacific Islander, non-Latino	99	10.6%	185	6.5%
Hispanic or Latino	96	10.2%	204	7.1%
American Indian or Alaska Native, non-Latino	12	1.3%	32	1.1%
Other race not listed above, non-Latino	0	0.0%	12	0.4%
More than one race, non-Latino	121	12.9%	109	3.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of New Prague

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of New Prague.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	3,191	3,027	8,162	8,024	2.65	138
2010 Census	2,862	2,711	7,321	7,235	2.67	86
Change, 2010-2020	+329	+316	+841	+789	-0.02	+52

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes New Prague's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.3% of New Prague's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	7,321	100.0%	8,162	100.0%	+841	NA
White, non-Latino	6,984	95.4%	7,484	91.7%	+500	-3.7
All BIPOC residents (Black / Indigenous / People of color)	337	4.6%	678	8.3%	+341	+3.7
Black or African American, non-Latino	38	0.5%	55	0.7%	+17	+0.2
Asian or Pacific Islander, non-Latino	45	0.6%	86	1.1%	+41	+0.4
Hispanic or Latino	142	1.9%	226	2.8%	+84	+0.8
American Indian or Alaska Native, non-Latino	19	0.3%	46	0.6%	+27	+0.3
Other race not listed above, non-Latino	5	0.1%	25	0.3%	+20	+0.2
More than one race, non-Latino	88	1.2%	240	2.9%	+152	+1.7

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of New Prague's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	2,277	100.0%	5,885	100.0%
White, non-Latino	1,953	85.8%	5,531	94.0%
All BIPOC residents (Black / Indigenous / People of color)	324	14.2%	354	6.0%
Black or African American, non-Latino	23	1.0%	32	0.5%
Asian or Pacific Islander, non-Latino	22	1.0%	64	1.1%
Hispanic or Latino	118	5.2%	108	1.8%
American Indian or Alaska Native, non-Latino	21	0.9%	25	0.4%
Other race not listed above, non-Latino	19	0.8%	6	0.1%
More than one race, non-Latino	121	5.3%	119	2.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of New Trier

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of New Trier.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	38	38	86	86	2.26	0
2010 Census	42	41	112	112	2.73	0
Change, 2010-2020	-4	-3	-26	-26	-0.47	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes New Trier's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.0% of New Trier's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	112	100.0%	86	100.0%	-26	NA
White, non-Latino	109	97.3%	80	93.0%	-29	-4.3
All BIPOC residents (Black / Indigenous / People of color)	3	2.7%	6	7.0%	+3	+4.3
Black or African American, non-Latino	1	0.9%	0	0.0%	-1	-0.9

Nininger Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Nininger Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	327	312	865	865	2.77	0
2010 Census	386	372	950	950	2.55	0
Change, 2010-2020	-59	-60	-85	-85	+0.22	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Nininger Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 6.2% of Nininger Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of North St. Paul

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of North St. Paul.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	4,984	4,803	12,364	12,301	2.56	63
2010 Census	4,822	4,615	11,460	11,383	2.47	77
Change, 2010-2020	+162	+188	+904	+918	+0.09	-14

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes North St. Paul's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 36.9% of North St. Paul's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

White, non-Latino	1,180	41.5%	6,616	69.5%
All BIPOC residents (Black / Indigenous / People of color)	1,664	58.5%	2,904	30.5%
Black or African American, non-Latino	418	14.7%	753	7.9%
Asian or Pacific Islander, non-Latino	652	22.9%	1,221	12.8%
Hispanic or Latino	283	10.0%	498	5.2%
American Indian or Alaska Native, non-Latino	7	0.2%	58	0.6%
Other race not listed above, non-Latino	19	0.7%	28	0.3%
More than one race, non-Latino	285	10.0%	346	3.6%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Norwood Young America

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Norwood Young America.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**1,632**	**1,551**	**3,863**	**3,820**	**2.46**	**43**
2010 Census	1,472	1,397	3,568	3,558	2.55	10
Change, 2010-2020	+160	+154	+295	+262	-0.09	+33

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Norwood Young America's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 10.0% of Norwood Young America's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	3,568	100.0%	3,863	100.0%	+295	NA
White, non-Latino	3,352	93.9%	3,478	90.0%	+126	-3.9
All BIPOC residents (Black / Indigenous / People of color)	216	6.1%	385	10.0%	+169	+3.9
Black or African American, non-Latino	15	0.4%	62	1.6%	+47	+1.2
Asian or Pacific Islander, non-Latino	19	0.5%	23	0.6%	+4	+0.1
Hispanic or Latino	148	4.1%	185	4.8%	+37	+0.6
American Indian or Alaska Native, non-Latino	6	0.2%	6	0.2%	-0-	0.0
Other race not listed above, non-Latino	1	0.0%	9	0.2%	+8	+0.2
More than one race, non-Latino	27	0.8%	100	2.6%	+73	+1.8

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Norwood Young America's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	965	100.0%	2,898	100.0%
White, non-Latino	802	83.1%	2,676	92.3%
All BIPOC residents (Black / Indigenous / People of color)	163	16.9%	222	7.7%
Black or African American, non-Latino	30	3.1%	32	1.1%
Asian or Pacific Islander, non-Latino	4	0.4%	19	0.7%
Hispanic or Latino	73	7.6%	112	3.9%
American Indian or Alaska Native, non-Latino	2	0.2%	4	0.1%
Other race not listed above, non-Latino	3	0.3%	6	0.2%
More than one race, non-Latino	51	5.3%	49	1.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

City of Nowthen

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Nowthen.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,556	1,510	4,536	4,503	2.98	33
2010 Census	1,494	1,450	4,443	4,401	3.04	42
Change, 2010-2020	+62	+60	+93	+102	-0.06	-9

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Nowthen's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.4% of Nowthen's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	4,443	100.0%	4,536	100.0%	+93	NA
White, non-Latino	4,244	95.5%	4,155	91.6%	-89	-3.9
All BIPOC residents (Black / Indigenous / People of color)	199	4.5%	381	8.4%	+182	+3.9

City of Oak Park Heights

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Oak Park Heights.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**2,422**	**2,258**	**4,849**	**4,292**	**1.90**	**557**
2010 Census	2,115	1,911	4,445	3,908	2.05	537
Change, 2010-2020	+307	+347	+404	+384	-0.15	+20

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Oak Park Heights's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 16.3% of Oak Park Heights's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	4,445	100.0%	4,849	100.0%	+404	NA
White, non-Latino	3,897	87.7%	4,058	83.7%	+161	-4.0
All BIPOC residents (Black / Indigenous / People of color)	548	12.3%	791	16.3%	+243	+4.0
Black or African American, non-Latino	202	4.5%	232	4.8%	+30	+0.2
Asian or Pacific Islander, non-Latino	86	1.9%	154	3.2%	+68	+1.2
Hispanic or Latino	133	3.0%	149	3.1%	+16	+0.1
American Indian or Alaska Native, non-Latino	67	1.5%	51	1.1%	-16	-0.4
Other race not listed above, non-Latino	5	0.1%	24	0.5%	+19	+0.4
More than one race, non-Latino	55	1.2%	181	3.7%	+126	+2.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Oak Park Heights's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	694	100.0%	4,155	100.0%
White, non-Latino	498	71.8%	3,560	85.7%
All BIPOC residents (Black / Indigenous / People of color)	196	28.2%	595	14.3%
Black or African American, non-Latino	20	2.9%	212	5.1%
Asian or Pacific Islander, non-Latino	47	6.8%	107	2.6%
Hispanic or Latino	40	5.8%	109	2.6%
American Indian or Alaska Native, non-Latino	4	0.6%	47	1.1%
Other race not listed above, non-Latino	7	1.0%	17	0.4%
More than one race, non-Latino	78	11.2%	103	2.5%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Orono

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Orono.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**3,429**	**3,152**	**8,315**	**8,271**	**2.62**	**44**
2010 Census	3,209	2,825	7,435	7,425	2.63	10
Change, 2010-2020	+220	+327	+880	+846	-0.01	+34

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Orono's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.0% of Orono's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	7,435	100.0%	8,315	100.0%	+880	NA
White, non-Latino	7,092	95.4%	7,651	92.0%	+559	-3.4
All BIPOC residents (Black / Indigenous / People of color)	343	4.6%	664	8.0%	+321	+3.4
Black or African American, non-Latino	33	0.4%	31	0.4%	-2	-0.1
Asian or Pacific Islander, non-Latino	84	1.1%	123	1.5%	+39	+0.3
Hispanic or Latino	125	1.7%	201	2.4%	+76	+0.7
American Indian or Alaska Native, non-Latino	14	0.2%	12	0.1%	-2	0.0
Other race not listed above, non-Latino	13	0.2%	38	0.5%	+25	+0.3
More than one race, non-Latino	74	1.0%	259	3.1%	+185	+2.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Orono's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**

City of Plymouth

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Plymouth.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	33,208	32,041	81,026	80,117	2.50	909
2010 Census	29,982	28,663	70,576	69,448	2.42	1,128
Change, 2010-2020	+3,226	+3,378	+10,450	+10,669	+0.08	-219

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Plymouth's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 26.3% of Plymouth's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	70,576	100.0%	81,026	100.0%	+10,450	NA
White, non-Latino	58,240	82.5%	59,705	73.7%	+1,465	-8.8
All BIPOC residents (Black / Indigenous / People of color)	12,336	17.5%	21,321	26.3%	+8,985	+8.8

More than one race, non-Latino	1,639	8.6%	1,719	2.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Prior Lake

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Prior Lake.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	10,845	10,350	27,617	27,476	2.65	141
2010 Census	8,882	8,502	22,940	22,891	2.69	49
Change, 2010-2020	+1,963	+1,848	+4,677	+4,585	-0.04	+92

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Prior Lake's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 17.4% of Prior Lake's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	22,940	100.0%	27,617	100.0%	+4,677	NA
White, non-Latino	20,567	89.7%	22,799	82.6%	+2,232	-7.1
All BIPOC residents (Black / Indigenous / People of color)	2,373	10.3%	4,818	17.4%	+2,445	+7.1
Black or African American, non-Latino	334	1.5%	750	2.7%	+416	+1.3
Asian or Pacific Islander, non-Latino	700	3.1%	1,299	4.7%	+599	+1.7
Hispanic or Latino	484	2.1%	919	3.3%	+435	+1.2
American Indian or Alaska Native, non-Latino	339	1.5%	543	2.0%	+204	+0.5
Other race not listed above, non-Latino	36	0.2%	111	0.4%	+75	+0.2
More than one race, non-Latino	480	2.1%	1,196	4.3%	+716	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Prior Lake's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	7,178	100.0%	20,439	100.0%
White, non-Latino	5,350	74.5%	17,449	85.4%
All BIPOC residents (Black / Indigenous / People of color)	1,828	25.5%	2,990	14.6%
Black or African American, non-Latino	290	4.0%	460	2.3%
Asian or Pacific Islander, non-Latino	332	4.6%	967	4.7%
Hispanic or Latino	388	5.4%	531	2.6%
American Indian or Alaska Native, non-Latino	190	2.6%	353	1.7%
Other race not listed above, non-Latino	28	0.4%	83	0.4%
More than one race, non-Latino	600	8.4%	596	2.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Ramsey

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Ramsey.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	9,947	9,591	27,646	27,636	2.88	10
2010 Census	8,302	8,033	23,668	23,661	2.95	7
Change, 2010-2020	+1,645	+1,558	+3,978	+3,975	-0.07	+3

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Ramsey's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 18.3% of Ramsey's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	23,668	100.0%	27,646	100.0%	+3,978	NA
White, non-Latino	21,415	90.5%	22,599	81.7%	+1,184	-8.7
All BIPOC residents (Black / Indigenous / People of color)	2,253	9.5%	5,047	18.3%	+2,794	+8.7
Black or African American, non-Latino	658	2.8%	1,790	6.5%	+1,132	+3.7

Randolph Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Randolph Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	287	276	760	760	2.75	0
2010 Census	267	246	659	659	2.68	0
Change, 2010-2020	+20	+30	+101	+101	+0.07	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Randolph Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 4.5% of Randolph Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	659	100.0%	760	100.0%	+101	NA
White, non-Latino	645	97.9%	726	95.5%	+81	-2.3
All BIPOC residents (Black / Indigenous / People of color)	14	2.1%	34	4.5%	+20	+2.3
Black or African American, non-Latino	0	0.0%	5	0.7%	+5	+0.7
Asian or Pacific Islander, non-Latino	4	0.6%	1	0.1%	-3	-0.5
Hispanic or Latino	5	0.8%	7	0.9%	+2	+0.2
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	5	0.8%	21	2.8%	+16	+2.0

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Randolph Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	199	100.0%	561	100.0%
White, non-Latino	182	91.5%	544	97.0%
All BIPOC residents (Black / Indigenous / People of color)	17	8.5%	17	3.0%
Black or African American, non-Latino	5	2.5%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	1	0.2%
Hispanic or Latino	2	1.0%	5	0.9%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	10	5.0%	11	2.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

Ravenna Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Ravenna Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	834	826	2,354	2,354	2.85	0
2010 Census	803	780	2,336	2,326	2.98	10
Change, 2010-2020	+31	+46	+18	+28	-0.13	-10

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Ravenna Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.9% of Ravenna Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	2,336	100.0%	2,354	100.0%	+18	NA
White, non-Latino	2,268	97.1%	2,167	92.1%	-101	-5.0
All BIPOC residents (Black / Indigenous / People of color)	68	2.9%	187	7.9%	+119	+5.0
Black or African American, non-Latino	5	0.2%	8	0.3%	+3	+0.1
Asian or Pacific Islander, non-Latino	11	0.5%	15	0.6%	+4	+0.2
Hispanic or Latino	28	1.2%	46	2.0%	+18	+0.8
American Indian or Alaska Native, non-Latino	9	0.4%	7	0.3%	-2	-0.1
Other race not listed above, non-Latino	3	0.1%	13	0.6%	+10	+0.4
More than one race, non-Latino	12	0.5%	98	4.2%	+86	+3.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Ravenna Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	510	100.0%	1,844	100.0%
White, non-Latino	441	86.5%	1,726	93.6%
All BIPOC residents (Black / Indigenous / People of color)	69	13.5%	118	6.4%
Black or African American, non-Latino	4	0.8%	4	0.2%
Asian or Pacific Islander, non-Latino	4	0.8%	11	0.6%
Hispanic or Latino	12	2.4%	34	1.8%
American Indian or Alaska Native, non-Latino	0	0.0%	7	0.4%
Other race not listed above, non-Latino	4	0.8%	9	0.5%
More than one race, non-Latino	45	8.8%	53	2.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Richfield

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Richfield.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	16,893	15,940	36,994	36,537	2.29	457
2010 Census	15,735	14,818	35,228	34,881	2.35	347
Change, 2010-2020	+1,158	+1,122	+1,766	+1,656	-0.06	+110

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Richfield's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 41.0% of Richfield's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	35,228	100.0%	36,994	100.0%	+1,766	NA
White, non-Latino	22,260	63.2%	21,838	59.0%	-422	-4.2
All BIPOC residents (Black / Indigenous / People of color)	12,968	36.8%	15,156	41.0%	+2,188	+4.2
Black or African American, non-Latino	3,152	8.9%	3,591	9.7%	+439	+0.8
Asian or Pacific Islander, non-Latino	2,167	6.2%	2,463	6.7%	+296	+0.5
Hispanic or Latino	6,436	18.3%	6,821	18.4%	+385	+0.2
American Indian or Alaska Native, non-Latino	225	0.6%	203	0.5%	-22	-0.1
Other race not listed above, non-Latino	134	0.4%	246	0.7%	+112	+0.3
More than one race, non-Latino	854	2.4%	1,832	5.0%	+978	+2.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Richfield's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	7,349	100.0%	29,645	100.0%
White, non-Latino	2,740	37.3%	19,098	64.4%
All BIPOC residents (Black / Indigenous / People of color)	4,609	62.7%	10,547	35.6%
Black or African American, non-Latino	963	13.1%	2,628	8.9%
Asian or Pacific Islander, non-Latino	412	5.6%	2,051	6.9%
Hispanic or Latino	2,380	32.4%	4,441	15.0%
American Indian or Alaska Native, non-Latino	43	0.6%	160	0.5%
Other race not listed above, non-Latino	61	0.8%	185	0.6%
More than one race, non-Latino	750	10.2%	1,082	3.6%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Other race not listed above, non-Latino	53	0.2%	152	0.6%	+99	+0.4
More than one race, non-Latino	481	2.2%	1,154	4.5%	+673	+2.3

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Rosemount's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	7,257	100.0%	18,393	100.0%
White, non-Latino	5,104	70.3%	15,139	82.3%
All BIPOC residents (Black / Indigenous / People of color)	2,153	29.7%	3,254	17.7%
Black or African American, non-Latino	519	7.2%	704	3.8%
Asian or Pacific Islander, non-Latino	437	6.0%	1,059	5.8%
Hispanic or Latino	530	7.3%	797	4.3%
American Indian or Alaska Native, non-Latino	10	0.1%	45	0.2%
Other race not listed above, non-Latino	47	0.6%	105	0.6%
More than one race, non-Latino	610	8.4%	544	3.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Roseville

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Roseville.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	16,103	15,554	36,254	34,836	2.24	1,418
2010 Census	15,490	14,623	33,660	32,234	2.20	1,426
Change, 2010-2020	+613	+931	+2,594	+2,602	+0.04	-8

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Roseville's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 28.8% of Roseville's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	33,660	100.0%	36,254	100.0%	+2,594	NA
White, non-Latino	26,700	79.3%	25,809	71.2%	-891	-8.1
All BIPOC residents (Black / Indigenous / People of color)	6,960	20.7%	10,445	28.8%	+3,485	+8.1
Black or African American, non-Latino	2,038	6.1%	3,182	8.8%	+1,144	+2.7
Asian or Pacific Islander, non-Latino	2,447	7.3%	3,458	9.5%	+1,011	+2.3
Hispanic or Latino	1,551	4.6%	1,942	5.4%	+391	+0.7
American Indian or Alaska Native, non-Latino	132	0.4%	137	0.4%	+5	0.0
Other race not listed above, non-Latino	32	0.1%	122	0.3%	+90	+0.2
More than one race, non-Latino	760	2.3%	1,604	4.4%	+844	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Roseville's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	6,797	100.0%	29,457	100.0%
White, non-Latino	3,497	51.4%	22,312	75.7%
All BIPOC residents (Black / Indigenous / People of color)	3,300	48.6%	7,145	24.3%
Black or African American, non-Latino	1,077	15.8%	2,105	7.1%
Asian or Pacific Islander, non-Latino	869	12.8%	2,589	8.8%
Hispanic or Latino	673	9.9%	1,269	4.3%
American Indian or Alaska Native, non-Latino	26	0.4%	111	0.4%
Other race not listed above, non-Latino	25	0.4%	97	0.3%
More than one race, non-Latino	630	9.3%	974	3.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of St. Anthony Village

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of St. Anthony Village.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	4,280	4,092	9,257	9,056	2.21	201
2010 Census	4,098	3,848	8,226	8,107	2.11	119
Change, 2010-2020	+182	+244	+1,031	+949	+0.10	+82

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes St. Anthony Village's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 26.0% of St. Anthony Village's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

St. Lawrence Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for St. Lawrence Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	179	179	492	491	2.74	1
2010 Census	166	161	483	483	3.00	0
Change, 2010-2020	+13	+18	+9	+8	-0.26	+1

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes St. Lawrence Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.3% of St. Lawrence Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	483	100.0%	492	100.0%	+9	NA
White, non-Latino	467	96.7%	451	91.7%	-16	-5.0
All BIPOC residents (Black / Indigenous / People of color)	16	3.3%	41	8.3%	+25	+5.0

Asian or Pacific Islander, non-Latino	0	0.0%	2	0.5%
Hispanic or Latino	3	2.9%	4	1.0%
American Indian or Alaska Native, non-Latino	5	4.9%	2	0.5%
Other race not listed above, non-Latino	0	0.0%	1	0.3%
More than one race, non-Latino	16	15.7%	8	2.1%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of St. Louis Park

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of St. Louis Park.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	25,047	23,830	50,010	48,933	2.05	1,077
2010 Census	23,285	21,743	45,250	44,495	2.05	755
Change, 2010-2020	+1,762	+2,087	+4,760	+4,438	-0-	+322

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes St. Louis Park's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 22.9% of St. Louis Park's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	45,250	100.0%	50,010	100.0%	+4,760	NA
White, non-Latino	36,745	81.2%	38,573	77.1%	+1,828	-4.1
All BIPOC residents (Black / Indigenous / People of color)	8,505	18.8%	11,437	22.9%	+2,932	+4.1
Black or African American, non-Latino	3,319	7.3%	3,957	7.9%	+638	+0.6
Asian or Pacific Islander, non-Latino	1,770	3.9%	2,092	4.2%	+322	+0.3
Hispanic or Latino	1,941	4.3%	2,651	5.3%	+710	+1.0
American Indian or Alaska Native, non-Latino	175	0.4%	240	0.5%	+65	+0.1
Other race not listed above, non-Latino	115	0.3%	295	0.6%	+180	+0.3
More than one race, non-Latino	1,185	2.6%	2,202	4.4%	+1,017	+1.8

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of St. Louis Park's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	8,444	100.0%	41,566	100.0%
White, non-Latino	5,288	62.6%	33,285	80.1%
All BIPOC residents (Black / Indigenous / People of color)	3,156	37.4%	8,281	19.9%
Black or African American, non-Latino	1,130	13.4%	2,827	6.8%
Asian or Pacific Islander, non-Latino	291	3.4%	1,801	4.3%
Hispanic or Latino	813	9.6%	1,838	4.4%
American Indian or Alaska Native, non-Latino	47	0.6%	193	0.5%
Other race not listed above, non-Latino	62	0.7%	233	0.6%
More than one race, non-Latino	813	9.6%	1,389	3.3%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Sand Creek Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Sand Creek Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	570	545	1,497	1,438	2.64	59
2010 Census	575	553	1,519	1,506	2.72	13
Change, 2010-2020	-5	-8	-22	-68	-0.08	+46

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Sand Creek Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.8% of Sand Creek Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,519	100.0%	1,497	100.0%	-22	NA
White, non-Latino	1,460	96.1%	1,380	92.2%	-80	-3.9
All BIPOC residents (Black / Indigenous / People of color)	59	3.9%	117	7.8%	+58	+3.9
Black or African American, non-Latino	3	0.2%	5	0.3%	+2	+0.1
Asian or Pacific Islander, non-Latino	5	0.3%	13	0.9%	+8	+0.5
Hispanic or Latino	40	2.6%	36	2.4%	-4	-0.2
American Indian or Alaska Native, non-Latino	5	0.3%	4	0.3%	-1	-0.1
Other race not listed above, non-Latino	2	0.1%	21	1.4%	+19	+1.3
More than one race, non-Latino	4	0.3%	38	2.5%	+34	+2.3

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Sand Creek Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	278	100.0%	1,219	100.0%
White, non-Latino	242	87.1%	1,138	93.4%
All BIPOC residents (Black / Indigenous / People of color)	36	12.9%	81	6.6%
Black or African American, non-Latino	5	1.8%	0	0.0%
Asian or Pacific Islander, non-Latino	2	0.7%	11	0.9%
Hispanic or Latino	9	3.2%	27	2.2%
American Indian or Alaska Native, non-Latino	3	1.1%	1	0.1%
Other race not listed above, non-Latino	0	0.0%	21	1.7%
More than one race, non-Latino	17	6.1%	21	1.7%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

San Francisco Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for San Francisco Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	336	325	871	871	2.68	0
2010 Census	322	307	832	832	2.71	0
Change, 2010-2020	+14	+18	+39	+39	-0.03	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes San Francisco Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 3.9% of San Francisco Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	832	100.0%	871	100.0%	+39	NA
White, non-Latino	813	97.7%	837	96.1%	+24	-1.6
All BIPOC residents (Black / Indigenous / People of color)	19	2.3%	34	3.9%	+15	+1.6
Black or African American, non-Latino	0	0.0%	1	0.1%	+1	+0.1
Asian or Pacific Islander, non-Latino	4	0.5%	2	0.2%	-2	-0.3
Hispanic or Latino	10	1.2%	11	1.3%	+1	+0.1
American Indian or Alaska Native, non-Latino	0	0.0%	1	0.1%	+1	+0.1
Other race not listed above, non-Latino	0	0.0%	1	0.1%	+1	+0.1
More than one race, non-Latino	5	0.6%	18	2.1%	+13	+1.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of San Francisco Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

City of Savage

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Savage.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	11,460	11,181	32,465	32,456	2.90	9
2010 Census	9,429	9,116	26,911	26,905	2.95	6
Change, 2010-2020	+2,031	+2,065	+5,554	+5,551	-0.05	+3

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Savage's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 27.3% of Savage's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	26,911	100.0%	32,465	100.0%	+5,554	NA
White, non-Latino	21,790	81.0%	23,593	72.7%	+1,803	-8.3
All BIPOC residents (Black / Indigenous / People of color)	5,121	19.0%	8,872	27.3%	+3,751	+8.3

Sciota Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Sciota Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	162	155	460	454	2.93	6
2010 Census	145	140	414	410	2.93	4
Change, 2010-2020	+17	+15	+46	+44	-0-	+2

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Sciota Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 3.3% of Sciota Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	414	100.0%	460	100.0%	+46	NA
White, non-Latino	399	96.4%	445	96.7%	+46	+0.4
All BIPOC residents (Black / Indigenous / People of color)	15	3.6%	15	3.3%	-0-	-0.4
Black or African American, non-Latino	0	0.0%	3	0.7%	+3	+0.7

Hispanic or Latino	15	3.6%	2	0.4%	-13	-3.2
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	0	0.0%	10	2.2%	+10	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Sciota Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	126	100.0%	334	100.0%
White, non-Latino	122	96.8%	323	96.7%
All BIPOC residents (Black / Indigenous / People of color)	4	3.2%	11	3.3%
Black or African American, non-Latino	0	0.0%	3	0.9%
Asian or Pacific Islander, non-Latino	0	0.0%	0	0.0%
Hispanic or Latino	0	0.0%	2	0.6%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	4	3.2%	6	1.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Shakopee

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Shakopee.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	15,378	14,722	43,698	42,814	2.91	884
2010 Census	13,339	12,772	37,076	36,192	2.83	884
Change, 2010-2020	+2,039	+1,950	+6,622	+6,622	+0.08	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Shakopee's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 36.4% of Shakopee's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	37,076	100.0%	43,698	100.0%	+6,622	NA
White, non-Latino	27,544	74.3%	27,776	63.6%	+232	-10.7
All BIPOC residents (Black / Indigenous / People of color)	9,532	25.7%	15,922	36.4%	+6,390	+10.7
Black or African American, non-Latino	1,550	4.2%	4,070	9.3%	+2,520	+5.1
Asian or Pacific Islander, non-Latino	3,800	10.2%	5,152	11.8%	+1,352	+1.5
Hispanic or Latino	2,890	7.8%	4,010	9.2%	+1,120	+1.4
American Indian or Alaska Native, non-Latino	383	1.0%	551	1.3%	+168	+0.2
Other race not listed above, non-Latino	94	0.3%	179	0.4%	+85	+0.2
More than one race, non-Latino	815	2.2%	1,960	4.5%	+1,145	+2.3

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Shakopee's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	12,192	100.0%	31,506	100.0%
White, non-Latino	6,579	54.0%	21,197	67.3%
All BIPOC residents (Black / Indigenous / People of color)	5,613	46.0%	10,309	32.7%
Black or African American, non-Latino	1,570	12.9%	2,500	7.9%
Asian or Pacific Islander, non-Latino	1,353	11.1%	3,799	12.1%
Hispanic or Latino	1,428	11.7%	2,582	8.2%
American Indian or Alaska Native, non-Latino	140	1.1%	411	1.3%
Other race not listed above, non-Latino	65	0.5%	114	0.4%
More than one race, non-Latino	1,057	8.7%	903	2.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

Spring Lake Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Spring Lake Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,318	1,278	3,464	3,464	2.71	0
2010 Census	1,334	1,213	3,490	3,490	2.88	0
Change, 2010-2020	-16	+65	-26	-26	-0.17	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Spring Lake Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.5% of Spring Lake Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

Other race not listed above, non-Latino	7	0.2%	23	0.7%	+16	+0.5
More than one race, non-Latino	48	1.4%	95	2.7%	+47	+1.4

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Spring Lake Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	705	100.0%	2,759	100.0%
White, non-Latino	623	88.4%	2,582	93.6%
All BIPOC residents (Black / Indigenous / People of color)	82	11.6%	177	6.4%
Black or African American, non-Latino	6	0.9%	7	0.3%
Asian or Pacific Islander, non-Latino	2	0.3%	48	1.7%
Hispanic or Latino	19	2.7%	51	1.8%
American Indian or Alaska Native, non-Latino	2	0.3%	6	0.2%
Other race not listed above, non-Latino	7	1.0%	16	0.6%
More than one race, non-Latino	46	6.5%	49	1.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Spring Lake Park

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Spring Lake Park.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**3,026**	**2,956**	**7,188**	**7,157**	**2.42**	**31**
2010 Census	2,795	2,672	6,412	6,394	2.39	18
Change, 2010-2020	+231	+284	+776	+763	+0.03	+13

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Spring Lake Park's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 31.4% of Spring Lake Park's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	6,412	100.0%	7,188	100.0%	+776	NA
White, non-Latino	5,222	81.4%	4,928	68.6%	-294	-12.9
All BIPOC residents (Black / Indigenous / People of color)	1,190	18.6%	2,260	31.4%	+1,070	+12.9
Black or African American, non-Latino	243	3.8%	906	12.6%	+663	+8.8
Asian or Pacific Islander, non-Latino	325	5.1%	426	5.9%	+101	+0.9
Hispanic or Latino	379	5.9%	539	7.5%	+160	+1.6
American Indian or Alaska Native, non-Latino	49	0.8%	56	0.8%	+7	+0.0
Other race not listed above, non-Latino	15	0.2%	41	0.6%	+26	+0.3
More than one race, non-Latino	179	2.8%	292	4.1%	+113	+1.3

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Spring Lake Park's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	1,491	100.0%	5,697	100.0%
White, non-Latino	753	50.5%	4,175	73.3%
All BIPOC residents (Black / Indigenous / People of color)	738	49.5%	1,522	26.7%
Black or African American, non-Latino	292	19.6%	614	10.8%
Asian or Pacific Islander, non-Latino	130	8.7%	296	5.2%
Hispanic or Latino	176	11.8%	363	6.4%
American Indian or Alaska Native, non-Latino	6	0.4%	50	0.9%
Other race not listed above, non-Latino	13	0.9%	28	0.5%
More than one race, non-Latino	121	8.1%	171	3.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

More than one race, non-Latino	8	0.4%	55	2.9%	+47	+2.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Stillwater Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	332	100.0%	1,534	100.0%
White, non-Latino	296	89.2%	1,454	94.8%
All BIPOC residents (Black / Indigenous / People of color)	36	10.8%	80	5.2%
Black or African American, non-Latino	5	1.5%	0	0.0%
Asian or Pacific Islander, non-Latino	6	1.8%	22	1.4%
Hispanic or Latino	9	2.7%	13	0.8%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	6	0.4%
More than one race, non-Latino	16	4.8%	39	2.5%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Sunfish Lake

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Sunfish Lake.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	192	179	522	522	2.92	0
2010 Census	194	183	521	521	2.85	0
Change, 2010-2020	-2	-4	+1	+1	+0.07	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Sunfish Lake's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.8% of Sunfish Lake's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	521	100.0%	522	100.0%	+1	NA
White, non-Latino	472	90.6%	476	91.2%	+4	+0.6
All BIPOC residents (Black / Indigenous / People of color)	49	9.4%	46	8.8%	-3	-0.6
Black or African American, non-Latino	6	1.2%	2	0.4%	-4	-0.8
Asian or Pacific Islander, non-Latino	11	2.1%	15	2.9%	+4	+0.8
Hispanic or Latino	25	4.8%	18	3.4%	-7	-1.4
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	2	0.4%	+2	+0.4
More than one race, non-Latino	7	1.3%	9	1.7%	+2	+0.4

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Sunfish Lake's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	120	100.0%	402	100.0%
White, non-Latino	110	91.7%	366	91.0%
All BIPOC residents (Black / Indigenous / People of color)	10	8.3%	36	9.0%
Black or African American, non-Latino	0	0.0%	2	0.5%
Asian or Pacific Islander, non-Latino	3	2.5%	12	3.0%
Hispanic or Latino	6	5.0%	12	3.0%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	2	0.5%
More than one race, non-Latino	1	0.8%	8	2.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Tonka Bay

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Tonka Bay.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	658	586	1,442	1,442	2.46	0
2010 Census	657	586	1,475	1,475	2.52	0
Change, 2010-2020	+1	-0-	-33	-33	-0.06	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Tonka Bay's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 8.7% of Tonka Bay's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

City of Vadnais Heights

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Vadnais Heights.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	5,596	5,407	12,912	12,829	2.37	83
2010 Census	5,243	5,066	12,302	12,240	2.42	62
Change, 2010-2020	+353	+341	+610	+589	-0.05	+21

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Vadnais Heights's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 26.2% of Vadnais Heights's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

Vermillion Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Vermillion Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**485**	**479**	**1,290**	**1,278**	**2.67**	**12**
2010 Census	463	423	1,189	1,189	2.81	0
Change, 2010-2020	+22	+56	+101	+89	-0.14	+12

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Vermillion Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.9% of Vermillion Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,189	100.0%	1,290	100.0%	+101	NA
White, non-Latino	1,136	95.5%	1,188	92.1%	+52	-3.4
All BIPOC residents (Black / Indigenous / People of color)	53	4.5%	102	7.9%	+49	+3.4
Black or African American, non-Latino	0	0.0%	8	0.6%	+8	+0.6
Asian or Pacific Islander, non-Latino	24	2.0%	26	2.0%	+2	0.0
Hispanic or Latino	23	1.9%	30	2.3%	+7	+0.4
American Indian or Alaska Native, non-Latino	1	0.1%	5	0.4%	+4	+0.3
Other race not listed above, non-Latino	0	0.0%	2	0.2%	+2	+0.2
More than one race, non-Latino	5	0.4%	31	2.4%	+26	+2.0

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Vermillion Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	311	100.0%	979	100.0%
White, non-Latino	272	87.5%	916	93.6%
All BIPOC residents (Black / Indigenous / People of color)	39	12.5%	63	6.4%
Black or African American, non-Latino	3	1.0%	5	0.5%
Asian or Pacific Islander, non-Latino	10	3.2%	16	1.6%
Hispanic or Latino	10	3.2%	20	2.0%
American Indian or Alaska Native, non-Latino	3	1.0%	2	0.2%
Other race not listed above, non-Latino	0	0.0%	2	0.2%
More than one race, non-Latino	13	4.2%	18	1.8%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Victoria

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Victoria.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	**3,719**	**3,542**	**10,546**	**10,499**	**2.96**	**47**
2010 Census	2,545	2,443	7,373	7,301	2.99	72
Change, 2010-2020	+1,174	+1,099	+3,173	+3,198	-0.03	-25

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Victoria's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 9.1% of Victoria's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	7,373	100.0%	10,546	100.0%	+3,173	NA
White, non-Latino	6,938	94.1%	9,587	90.9%	+2,649	-3.2
All BIPOC residents (Black / Indigenous / People of color)	435	5.9%	959	9.1%	+524	+3.2
Black or African American, non-Latino	37	0.5%	79	0.7%	+42	+0.2
Asian or Pacific Islander, non-Latino	145	2.0%	250	2.4%	+105	+0.4
Hispanic or Latino	147	2.0%	227	2.2%	+80	+0.2
American Indian or Alaska Native, non-Latino	6	0.1%	9	0.1%	+3	+0.0
Other race not listed above, non-Latino	0	0.0%	18	0.2%	+18	+0.2
More than one race, non-Latino	100	1.4%	376	3.6%	+276	+2.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Victoria's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	3,173	100.0%	7,373	100.0%
White, non-Latino	2,781	87.6%	6,806	92.3%
All BIPOC residents (Black / Indigenous / People of color)	392	12.4%	567	7.7%
Black or African American, non-Latino	18	0.6%	61	0.8%
Asian or Pacific Islander, non-Latino	58	1.8%	192	2.6%
Hispanic or Latino	92	2.9%	135	1.8%
American Indian or Alaska Native, non-Latino	6	0.2%	3	0.0%
Other race not listed above, non-Latino	1	0.0%	17	0.2%
More than one race, non-Latino	217	6.8%	159	2.2%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of Waconia

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Waconia.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	4,826	4,659	13,033	12,852	2.76	181
2010 Census	4,112	3,910	10,700	10,562	2.70	138
Change, 2010-2020	+714	+749	+2,333	+2,290	+0.06	+43

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Waconia's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 9.9% of Waconia's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Watertown

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Watertown.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	1,772	1,714	4,659	4,590	2.68	69
2010 Census	1,697	1,565	4,206	4,147	2.65	59
Change, 2010-2020	+75	+149	+453	+443	+0.03	+10

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Watertown's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 7.7% of Watertown's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	4,206	100.0%	4,659	100.0%	+453	NA
White, non-Latino	4,002	95.1%	4,301	92.3%	+299	-2.8
All BIPOC residents (Black / Indigenous / People of color)	204	4.9%	358	7.7%	+154	+2.8
Black or African American, non-Latino	10	0.2%	52	1.1%	+42	+0.9
Asian or Pacific Islander, non-Latino	33	0.8%	19	0.4%	-14	-0.4
Hispanic or Latino	73	1.7%	123	2.6%	+50	+0.9
American Indian or Alaska Native, non-Latino	11	0.3%	8	0.2%	-3	-0.1
Other race not listed above, non-Latino	4	0.1%	7	0.2%	+3	+0.1
More than one race, non-Latino	73	1.7%	149	3.2%	+76	+1.5

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Watertown's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	1,274	100.0%	3,385	100.0%
White, non-Latino	1,113	87.4%	3,188	94.2%
All BIPOC residents (Black / Indigenous / People of color)	161	12.6%	197	5.8%
Black or African American, non-Latino	23	1.8%	29	0.9%
Asian or Pacific Islander, non-Latino	7	0.5%	12	0.4%
Hispanic or Latino	50	3.9%	73	2.2%
American Indian or Alaska Native, non-Latino	1	0.1%	7	0.2%
Other race not listed above, non-Latino	0	0.0%	7	0.2%
More than one race, non-Latino	80	6.3%	69	2.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Watertown Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Watertown Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	482	462	1,188	1,188	2.57	0
2010 Census	495	467	1,203	1,203	2.58	0
Change, 2010-2020	-13	-5	-15	-15	-0.01	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Watertown Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 4.9% of Watertown Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,203	100.0%	1,188	100.0%	-15	NA
White, non-Latino	1,168	97.1%	1,130	95.1%	-38	-2.0
All BIPOC residents (Black / Indigenous / People of color)	35	2.9%	58	4.9%	+23	+2.0
Black or African American, non-Latino	2	0.2%	4	0.3%	+2	+0.2
Asian or Pacific Islander, non-Latino	3	0.2%	4	0.3%	+1	+0.1
Hispanic or Latino	16	1.3%	21	1.8%	+5	+0.4
American Indian or Alaska Native, non-Latino	1	0.1%	1	0.1%	-0-	+0.0
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	13	1.1%	28	2.4%	+15	+1.3

City of Wayzata

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Wayzata.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	2,496	2,206	4,434	4,402	2.00	32
2010 Census	2,041	1,796	3,690	3,671	2.04	19
Change, 2010-2020	+455	+410	+744	+731	-0.04	+13

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Wayzata's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 13.0% of Wayzata's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	3,690	100.0%	4,434	100.0%	+744	NA
White, non-Latino	3,350	90.8%	3,856	87.0%	+506	-3.8

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of West St. Paul's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	4,495	100.0%	16,120	100.0%
White, non-Latino	2,052	45.7%	11,114	68.9%
All BIPOC residents (Black / Indigenous / People of color)	2,443	54.3%	5,006	31.1%
Black or African American, non-Latino	444	9.9%	1,148	7.1%
Asian or Pacific Islander, non-Latino	147	3.3%	462	2.9%
Hispanic or Latino	1,437	32.0%	2,734	17.0%
American Indian or Alaska Native, non-Latino	22	0.5%	91	0.6%
Other race not listed above, non-Latino	16	0.4%	69	0.4%
More than one race, non-Latino	377	8.4%	502	3.1%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

White Bear Township

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for White Bear Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	4,525	4,399	11,049	11,002	2.50	47
2010 Census	4,409	4,261	10,949	10,883	2.55	66
Change, 2010-2020	+116	+138	+100	+119	-0.05	-19

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes White Bear Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 12.7% of White Bear Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	10,949	100.0%	11,049	100.0%	+100	NA
White, non-Latino	10,210	93.3%	9,643	87.3%	-567	-6.0
All BIPOC residents (Black / Indigenous / People of color)	739	6.7%	1,406	12.7%	+667	+6.0
Black or African American, non-Latino	74	0.7%	150	1.4%	+76	+0.7
Asian or Pacific Islander, non-Latino	241	2.2%	352	3.2%	+111	+1.0
Hispanic or Latino	266	2.4%	419	3.8%	+153	+1.4
American Indian or Alaska Native, non-Latino	36	0.3%	29	0.3%	-7	-0.1
Other race not listed above, non-Latino	2	0.0%	30	0.3%	+28	+0.3
More than one race, non-Latino	120	1.1%	426	3.9%	+306	+2.8

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of White Bear Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	2,170	100.0%	8,879	100.0%
White, non-Latino	1,663	76.6%	7,980	89.9%
All BIPOC residents (Black / Indigenous / People of color)	507	23.4%	899	10.1%
Black or African American, non-Latino	47	2.2%	103	1.2%
Asian or Pacific Islander, non-Latino	101	4.7%	251	2.8%
Hispanic or Latino	171	7.9%	248	2.8%
American Indian or Alaska Native, non-Latino	8	0.4%	21	0.2%
Other race not listed above, non-Latino	10	0.5%	20	0.2%
More than one race, non-Latino	170	7.8%	256	2.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
    - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
    - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

City of White Bear Lake

Summary of 2020 Census Redistricting Data
Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of White Bear Lake.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	10,847	10,447	24,883	24,286	2.32	597
2010 Census	10,479	9,945	23,797	23,368	2.35	429
Change, 2010-2020	+368	+502	+1,086	+918	-0.03	+168

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes White Bear Lake's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 18.9% of White Bear Lake's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points

City of Woodland

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Woodland.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	189	150	384	384	2.56	0
2010 Census	189	169	437	437	2.59	0
Change, 2010-2020	-0-	-19	-53	-53	-0.03	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Woodland's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 3.9% of Woodland's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	437	100.0%	384	100.0%	-53	NA
White, non-Latino	420	96.1%	369	96.1%	-51	0.0
All BIPOC residents (Black / Indigenous / People of color)	17	3.9%	15	3.9%	-2	+0.0

Hispanic or Latino	10	2.3%	4	1.0%	-6	-1.2
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%	-0-	-0-
Other race not listed above, non-Latino	0	0.0%	1	0.3%	+1	+0.3
More than one race, non-Latino	4	0.9%	8	2.1%	+4	+1.2

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Woodland's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	82	100.0%	302	100.0%
White, non-Latino	74	90.2%	295	97.7%
All BIPOC residents (Black / Indigenous / People of color)	8	9.8%	7	2.3%
Black or African American, non-Latino	0	0.0%	0	0.0%
Asian or Pacific Islander, non-Latino	2	2.4%	0	0.0%
Hispanic or Latino	1	1.2%	3	1.0%
American Indian or Alaska Native, non-Latino	0	0.0%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	1	0.3%
More than one race, non-Latino	5	6.1%	3	1.0%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Young America Township

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Young America Township.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	276	261	683	683	2.62	0
2010 Census	280	258	696	696	2.70	0
Change, 2010-2020	-4	+3	-13	-13	-0.08	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Young America Township's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 5.1% of Young America Township's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	696	100.0%	683	100.0%	-13	NA
White, non-Latino	686	98.6%	648	94.9%	-38	-3.7
All BIPOC residents (Black / Indigenous / People of color)	10	1.4%	35	5.1%	+25	+3.7
Black or African American, non-Latino	1	0.1%	0	0.0%	-1	-0.1
Asian or Pacific Islander, non-Latino	4	0.6%	3	0.4%	-1	-0.1
Hispanic or Latino	1	0.1%	15	2.2%	+14	+2.1
American Indian or Alaska Native, non-Latino	0	0.0%	2	0.3%	+2	+0.3
Other race not listed above, non-Latino	0	0.0%	0	0.0%	-0-	-0-
More than one race, non-Latino	4	0.6%	15	2.2%	+11	+1.6

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Young America Township's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	**Percent**	**Number**	**Percent**
Total population	142	100.0%	541	100.0%
White, non-Latino	124	87.3%	524	96.9%
All BIPOC residents (Black / Indigenous / People of color)	18	12.7%	17	3.1%
Black or African American, non-Latino	0	0.0%	0	0.0%
Asian or Pacific Islander, non-Latino	0	0.0%	3	0.6%
Hispanic or Latino	6	4.2%	9	1.7%
American Indian or Alaska Native, non-Latino	2	1.4%	0	0.0%
Other race not listed above, non-Latino	0	0.0%	0	0.0%
More than one race, non-Latino	10	7.0%	5	0.9%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

Anoka County

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Anoka County.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	138,017	133,879	363,887	360,426	2.69	3,461
2010 Census	126,688	121,227	330,844	327,835	2.70	3,009
Change, 2010-2020	+11,329	+12,652	+33,043	+32,591	-0.01	+452

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Anoka County's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 24.1% of Anoka County's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	330,844	100.0%	363,887	100.0%	+33,043	NA

Hennepin County

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Hennepin County.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	555,779	528,547	1,281,565	1,251,674	2.37	29,891
2010 Census	509,469	475,913	1,152,425	1,127,341	2.37	25,084
Change, 2010-2020	+46,310	+52,634	+129,140	+124,333	-0-	+4,807

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Hennepin County's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 34.4% of Hennepin County's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	1,152,425	100.0%	1,281,565	100.0%	+129,140	NA
White, non-Latino	826,670	71.7%	840,845	65.6%	+14,175	-6.1
All BIPOC residents (Black / Indigenous / People of color)	325,755	28.3%	440,720	34.4%	+114,965	+6.1
Black or African American, non-Latino	134,240	11.6%	169,603	13.2%	+35,363	+1.6
Asian or Pacific Islander, non-Latino	71,966	6.2%	97,736	7.6%	+25,770	+1.4
Hispanic or Latino	77,676	6.7%	98,250	7.7%	+20,574	+0.9
American Indian or Alaska Native, non-Latino	8,848	0.8%	8,016	0.6%	-832	-0.1
Other race not listed above, non-Latino	2,321	0.2%	6,127	0.5%	+3,806	+0.3
More than one race, non-Latino	30,704	2.7%	60,988	4.8%	+30,284	+2.1

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Hennepin County's population under age 18 and age 18+.

Table 3: Race and Hispanic/Latino origin by age

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
Total population	272,774	100.0%	1,008,791	100.0%
White, non-Latino	131,841	48.3%	709,004	70.3%
All BIPOC residents (Black / Indigenous / People of color)	140,933	51.7%	299,787	29.7%
Black or African American, non-Latino	55,070	20.2%	114,533	11.4%
Asian or Pacific Islander, non-Latino	23,942	8.8%	73,794	7.3%
Hispanic or Latino	32,854	12.0%	65,396	6.5%
American Indian or Alaska Native, non-Latino	1,973	0.7%	6,043	0.6%
Other race not listed above, non-Latino	1,741	0.6%	4,386	0.4%
More than one race, non-Latino	25,353	9.3%	35,635	3.5%

* - Group names are those used by the federal government; many people prefer different terminology. See additional notes below.

About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government's broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council's Equity Considerations dataset (https://metrocouncil.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx) for more information.
  - Many people prefer different language for these broad labels. For example, in place of "Latino," some use "Latino/a," "Chicano/a," or gender-neutral alternatives like "Latinx" or "Latine." And in place of "American Indian," some use "Native American" or "Indigenous."
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at https://www.census.gov/newsroom/blogs/random-samplings.html.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at https://metrotransitmn.shinyapps.io/census-2020. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).

We are happy to discuss any additional questions you have; please contact Research@metc.state.mn.us.

Ramsey County

Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for Ramsey County.

Table 1: Counts of housing units, households, and population

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
2020 Census	228,546	218,077	552,352	534,580	2.45	17,772
2010 Census	217,197	202,691	508,640	490,256	2.42	18,384
Change, 2010-2020	+11,349	+15,386	+43,712	+44,324	+0.03	-612

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at https://www.metrocouncil.org/census2020.

Race and Hispanic/Latino origin

Table 2 describes Ramsey County's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 42.0% of Ramsey County's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

Table 2: Race and Hispanic/Latino origin, 2010 and 2020

Group*	2010 Census		2020 Census		Change, 2010 to 2020	
	Number	Percent	Number	Percent	Number	Percentage points
Total population	508,640	100.0%	552,352	100.0%	+43,712	NA
White, non-Latino	340,194	66.9%	320,477	58.0%	-19,717	-8.9
All BIPOC residents (Black / Indigenous / People of color)	168,446	33.1%	231,875	42.0%	+63,429	+8.9
Black or African American, non-Latino	54,835	10.8%	70,101	12.7%	+15,266	+1.9
Asian or Pacific Islander, non-Latino	59,228	11.6%	85,989	15.6%	+26,761	+3.9
Hispanic or Latino	36,483	7.2%	45,034	8.2%	+8,551	+1.0
