

# Set up your email for two-step sign-in

These instructions explain how to set up your Internet-connected device (smartphone, laptop, desktop, or tablet) so you can receive coded emails in your non-Council account to remotely and securely access your Met Council account.

The instructions continue from the initial multi-factor authentication (MFA) directions you followed to select your two verification options from the four available: authenticator mobile app, phone, email, and security questions. Be sure you read through this before you begin the setup steps.

<p>1. If you have already selected Email as your first method (shown in the image at right), then click the <b>“Close”</b> button and go to Step 2.</p> <p>If you need to complete the Email setup or change your second method preference, go back to the main <a href="#">MFA Registration Instructions</a>.</p> <p>When you’re done, continue with Step 2 of these instructions.</p>	
<p>2. Now you will set up your email address. Click the <b>“Set up”</b> button under Email.</p>	

<p>3. Key in the address of the email account you want to use.</p> <p>You cannot use a Met Council email account.</p> <p>Click <b>“Next.”</b></p>	
<p>4. The system will send a six-character code to the email address you entered in Step 3.</p> <p>Key in this code, and then click <b>“Done.”</b></p>	
<p>5. Now click <b>“Done”</b> again.</p> <p><b>Congratulations!</b> You have successfully set up your non-Council email account for more secure access to your Met Council account.</p>
