2022 MCES Capital Program Tribal Open House

Join us on **November 29 or December 7** to learn about upcoming MCES Capital Program projects and discuss any potential impacts to sites of significance.

Register:

metro council.org/TribalOpenHouse

In October, we sent a Capital Project Informational Packet in the mail with more information about our upcoming work.

The Capital Program Tribal Open House is an opportunity to gather with MCES leaders and program managers to develop collaborative relationships for current and future projects. Information will be provided about upcoming Capital Program projects. We hope to discuss sites of significance and work collaboratively to avoid, minimize, or mitigate any potential impacts.

We invite you to attend one or both of the open houses:

In-Person Open House

Tuesday, November 29, 2022
