The Twin Cities area is home to a system of regional parks and trails that is nationally renowned for its beauty, size, and variety of features. With 54 parks and park reserves, more than 300 miles of interconnected trails, and 8 special recreation features, the system provides a wealth of opportunities for recreation, exercise, and just plain fun! The Metropolitan Council plays a key role in long-range planning, investment, and coordination of the Regional Parks System in partnership with 10 park agencies that operate the system to protect natural resources and provide outdoor recreation for public enjoyment. For more information about the Metropolitan Council and the Regional Parks System, visit metrocouncil.org.
