MCES Staff:

Leisa Thompson
 Bryce Pickart
 Sam Paske
 Ali Elhassan
 Lanya Ross
 Jeannine Clancy
 Angela Mazur

DNR Staff:

Jason Moeckel

<u>Meeting Purpose:</u>	<u>Desired Outcomes:</u>
<p>Review and gain feedback on the technical information used as the basis for the water supply master plan.</p>	<ol style="list-style-type: none"> 1. Add clarity to what “sustainable use” means. 2. Better understand limitations to measuring/managing sustainable use. 3. Capture group expectations for water conservation to reduce indoor and outdoor water use. 4. Clarify and expand on the limitations of surface water sources. 5. Capture group expectations for stormwater and wastewater reuse as a tool to increase recharge and/or replace non-potable use. 6. Understand the value of community partnerships in delivering challenging solutions

AGENDA

1. Welcome, introductions, and review of meeting objectives
2. Review summary of comments and meeting notes from March 24, 2015 (Meeting #2) meeting
3. Discussion regarding Meeting 1 Action Items
4. Technical Information for the Water Supply Plan
 - A. Discussion regarding sustainable use of all water
 - a. Groundwater
 - b. Conservation
 - c. Management considerations of surface water sources
 - d. Stormwater Reuse
 - e. Wastewater Reuse
 - B. Examples of working partnerships
 - a. Southeast Work Group Process
 - b. Other lessons learned
5. Next meeting/next steps
6. Adjourn
