

# Public Open Houses

The public is invited to review station design concepts for the METRO Blue Line Extension Light Rail Transit (LRT) project and learn about the station design process.

## OPEN HOUSE AGENDA

Open House	5:00 pm – 6:00 pm
Presentation	6:00 pm – 6:30 pm
Open House	6:30 pm – 7:30 pm

A brief presentation will be given at 6:00 pm but feel free to come and go at any time. Staff will be available to answer your questions and receive your comments.

The Blue Line Extension LRT Project Office has developed station design concepts based on community feedback and lessons learned from previous LRT projects in the region. This open house is an opportunity to learn about the station design process, review specific station design concepts, and give feedback to project staff. Other project information will also be available including updates on LRT design issues in each community.

Anyone who requires assistance to participate in this meeting is invited to contact Blue Line Extension Community Outreach Coordinator David Davies: David.Davies@metrotransit.org or 612-373-5336. Requests for special assistance should be made at least five business days in advance of the scheduled open house.
