

# METRO GREEN LINE EXTENSION: *FACTS*

---

## STATEWIDE ECONOMIC IMPACT OF TRANSIT INVESTMENT

Putting more people to work: more than 3,200 Minnesotans have logged more than 2.7 million hours on this project.

- Nearly \$207 million billed by DBE companies (20%) for construction.

Paychecks for Minnesotans worth more than \$117.4 million and growing, employing folks from 80% of counties statewide

More than \$2.6 billion in completed, planned, and promised growth along the line (permitted total value)

## BETTER ACCESS, IMPROVED SAFETY, AND MOBILITY FOR COMMUNITIES

Local biking, walking, and movement improvements to accompany new stations

Easy access for people walking, biking, and rolling

Well-lit stations, with heaters and canopies to provide safety and shelter from the weather

Stairs and ramps to access the platforms

Security cameras, message boards, and emergency telephones

Better crossings, greater visibility, and other mobility-related improvements for surrounding neighborhoods

About a 35-minute stress-free commute from Eden Prairie to Minneapolis

*Where will you go?*
