1990s & 2000s — Local community planning

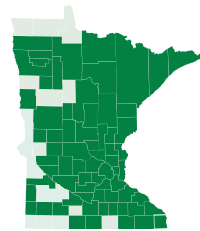

1980s — Initial visioning

Connecting one city with the next, creating jobs, building homegrown economies, and providing transportation for thousands of residents.

FOR BUSINESSES • FOR EMPLOYEES • FOR CUSTOMERS

The METRO Green Line Extension will add 14.5 miles to the existing METRO Green Line, which connects downtown Minneapolis, downtown Saint Paul, and places in between. That's a one-seat ride to job centers, cultural features, and each neighborhood along its tracks.

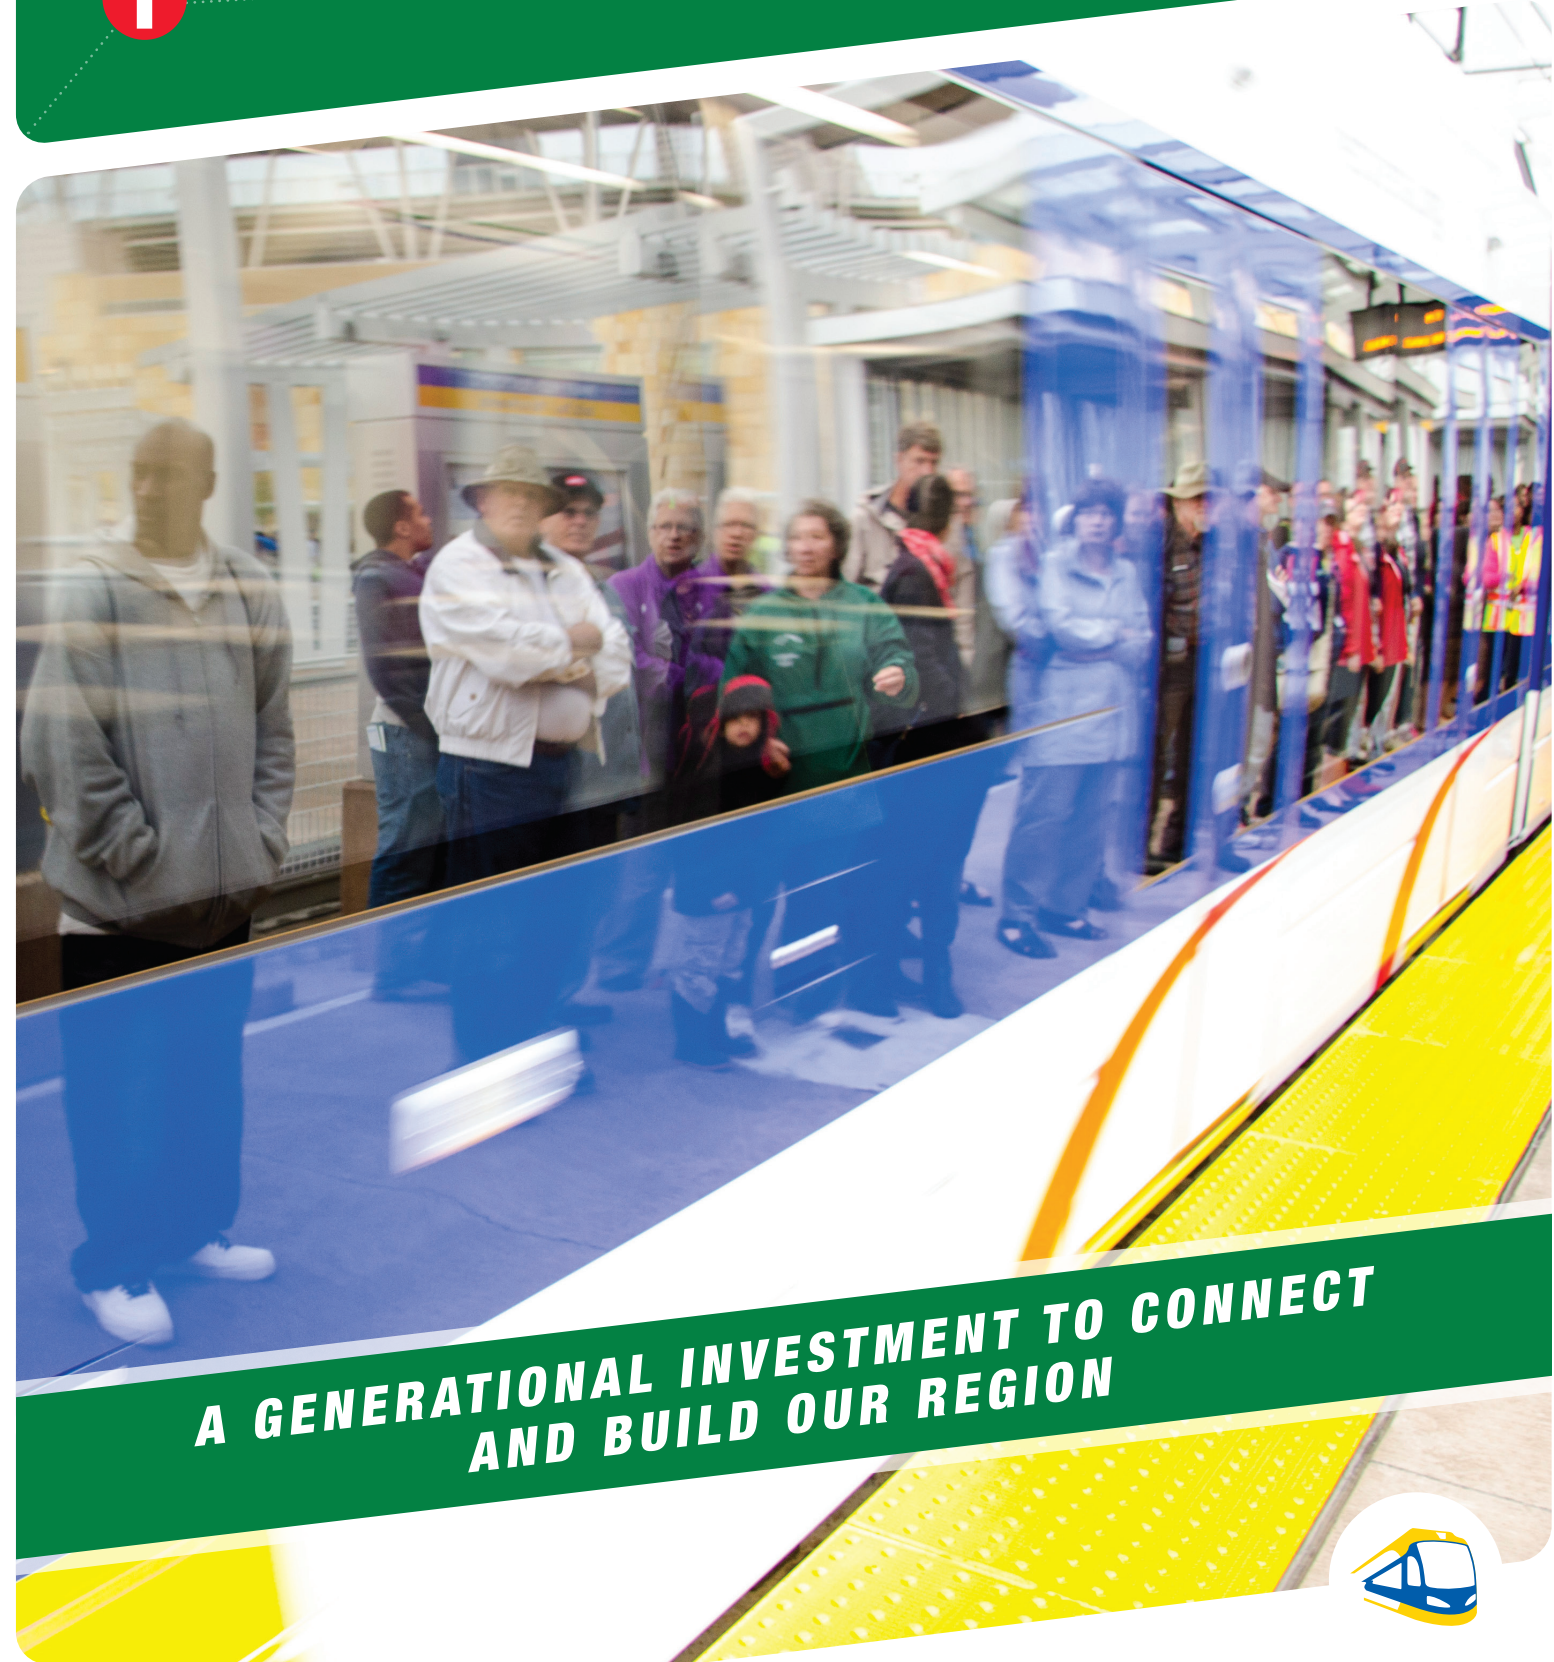

Employing people
 from 80% of
 Minnesota's counties

Economic growth
 \$2.6 billion in completed and
 committed development

METRO Green Line Extension

more than just a train

**A GENERATIONAL INVESTMENT TO CONNECT
 AND BUILD OUR REGION**

We're focused on fostering partnerships and investments in each city along the line to help this entire region prosper.

Eden Prairie

Collaboration and cooperation with countless supporters have shaped and given life to the vision of a better-connected region. A region that's connected by the Green Line Extension. This line is not only for the residents, businesses, and visitors of downtown Minneapolis, St. Louis Park, Hopkins, Minnetonka and Eden Prairie. It will also connect people to places across the metro.

FOR THE REGION

16 new stations have stimulated development that will provide affordable places for people to live and access the line. Connections to other METRO lines and countless local bus routes will bring people to jobs, jobs to communities, and returns on investments to communities across the region.

The METRO Green Line Extension is more than just a train. It's a community builder. For connecting you to jobs to support your family, schools to get a solid education, doctor's appointments to stay healthy.
