## Background

Section 5310: The Enhanced Mobility for Seniors and Persons with Disabilities program is funded by FTA through MnDOT's Office of Transit and Active Transportation. The selection of these projects is done through grant applications submitted to FTA. The timing of project selection is not compatible with the TIP/STIP development and for the agencies to receive a Transit Coordination Assistance Project funds an amendment is needed to identify them in the current STIP. These projects need to be included in the TIP so that FTA can apply for the federal funding for the projects and enter into contracts with the subrecipients for those funds.

## Fiscal Constraint

FTA Section 5310 Enhanced Mobility of Seniors and Individuals with Disabilities Program.

## Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020 with FHWA/FTA conformity determination established on December 4, 2020.

## Air Quality Conformity

Exempt Project Category T-1. Operating assistance to transit agencies per Section 93.126 of the Conformity Rules.
