Background

This amendment added this project to the TIP and amended it in the STIP. The project existed in the STIP and needed to be amended to update the project termini and costs. Because the southern end of the project is now going to expand into the Twin Cities MPO area, it needed to be added to the TIP. The project expansion was funded by an award from the Consolidated Appropriations Act, 2023.

Fiscal Constraint

DEMO funds were added to federal funded targets. Therefore, fiscal constraint is maintained.

Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on November 18, 2020, with FHWA/FTA conformity determination established on December 4, 2020.
