Background

This TIP amendment added cost, an arterial bus rapid transit station, and other scope items to the project. This action was approved via an informal scope change.

Fiscal Constraint

This project was programmed in the 2020-2023 STIP at a total project cost of \$2,755,000. The project cost increased to \$3,560,000. Hennepin County is responsible for the cost increase and no additional federal funds were needed. Therefore, fiscal constraint is maintained.

Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on April 24, 2019, with FHWA/FTA conformity determination established on May 9, 2019.

Air Quality Conformity

Exempt due to the project's location outside of the PM10 maintenance area.
