## Background

Federal Transit Administration (FTA) Section 5310, the Enhanced Mobility for Seniors and Persons with Disabilities program, is funded by FTA through MnDOT's Office of Transit. The selection of these projects is completed through grant applications submitted to FTA. The timing of project selection is not compatible with the TIP/STIP development and for the agency to purchase their vehicles an amendment is needed to identify them in the current STIP. This project was included in the TIP so that FTA can apply for the federal funding for the projects and enter into contract with the subrecipient for those funds.

## Fiscal Constraint

Calendar year 2020 FTA Section 5310 will use federal fiscal year 2018 and 2019 appropriations. Therefore, fiscal constraint is maintained.

## Consistency with MPO Long-Range Plan

This amendment is consistent with the Metropolitan Council Transportation Policy Plan, adopted by the Metropolitan Council on October 24, 2018, as amended on April 24, 2019 with FHWA/FTA conformity determination established on May 9, 2019.

## Air Quality Conformity

Exempt Project Category T-10: Purchase of new buses and rail cars to replace existing vehicles or for minor expansion to the fleet per Section 93.126 of the Conformity Rules.
