Program 8094
Brooklyn Park L32 Replacement

Description:
This Program provides the construction of a new L32 on the east side of the Mississippi River on Council property. Program will determine facilities which will remain on the west side of the river at the existing L32 site.

Purpose and Justification:
The project will provide increased capacity needed for growth. The project will reduce the risk of localized system backups due to local private sewer lateral connections to the interceptor immediately upstream of the existing lift station.

Program Location:
The active projects within this program are in Council District: 2

Active Projects in Program:
