

# Program 809900 – Crow River Water Resource Recovery Facility (WRRF)

Map showing location of future Crow River WRRF southwest of I-94 in Rogers

## Description

This program provides funding to planning and implementation of a new Crow River WRRF located at 25940 141<sup>st</sup> Avenue North; Rogers, MN 55374. It will serve the City of Rogers as well as portions of Dayton and Corcoran. ES plans to receive flow at the facility before December 31, 2030.

## Purpose and justification

The Crow River WRRF is needed to free up capacity for urban core growth in the Elm Creek interceptor, which currently serves a rapidly expanding portion of Rogers. This facility will serve 2050 projected growth in the communities of Rogers, Dayton, Corcoran, and the surrounding area.

## Program location

The active projects within this program are in the following Council districts: 1
