

Bloomington Lift Station L55 Project

December 7, 2021

Construction at the Bloomington lift station is complete

Good news! Crews have finished constructing the MCES Bloomington lift station and nearby underground work in the city of Bloomington.

Please be aware that you may notice some construction staff onsite through spring 2022 to complete a few miscellaneous construction tasks and continue monitoring restoration. We thank you for your patience these last few years while we upgraded the lift station to accommodate future flows.
