

Brooklyn Park - Osseo Sanitary Sewer Improvement Project

Construction Update: December 2022

Issue 21

Project look ahead

As we wrap up 2022, we want to thank you for your patience during the construction phase of this project this year. Construction is substantially complete. The project site will remain quiet through the winter with no anticipated impacts until spring. Final clean-up, miscellaneous work, final landscaping/seeding, and restoration will take place in spring 2023.

Safety

Please keep your distance from any materials and equipment – only authorized personnel are permitted in our work areas. We want you and our crews to stay safe during construction and restoration.

Contact us

Contact us with questions or concerns at any time during the project.
